We ensure high academic achievement by incrementally raising performance, both individually and globally, and provide information and support services so that all students can make informed career and educational choices.

THEN...EVERY student will graduate college and career ready with a plan for their future.

State Goals

The Oregon Department of Education is collaborating with school districts and communities across the state to achieve a 90% on-time graduation rate by 2027. Grounded in the pillars of Academic Excellence, Belonging and Wellness, and Reimagined Accountability, ODE prioritizes evidence-based practices to boost early literacy, attendance, and student engagement. We are committed to closing opportunity and achievement gaps for marginalized students and securing long-term success for all of Oregon's learners by investing in culturally responsive practices, fostering inclusive environments and always driving for continuous improvement.

Safe & Welcoming Environment

South Albany High School, home of the RedHawks, strives to ensure all students and their parents feel a part of our school community. We have a continual focus on equity and diversity as we want to assure all families and students that SAHS is a safe and welcoming place. Our core values include such words as **FAMILY AND INCLUSION** and this is a critical part of our action plan in creating an environment at our school that is safe and welcoming. We also strive to provide great communication and service to our families with bilingual staff available in our school offices and an outreach and engagement coordinator.
