School Goals

South Shore is proud to be a dual language school where all students are language learners. Our program integrates native English speaking students with native Spanish speaking students for content and language instruction. Our dual language program develops bilingual and bi-literate students who are able to attain high academic achievement, language acquisition, and proficiency in both English and Spanish. Our school believes that learning should be a Joyful pursuit and we want every student to make deep connections, be engaged in the learning process, and celebrate student success.

State Goals

The Oregon Department of Education is collaborating with school districts and communities across the state to achieve a 90% on-time graduation rate by 2027. Grounded in the pillars of Academic Excellence, Belonging and Wellness, and Reimagined Accountability, ODE prioritizes evidence-based practices to boost early literacy, attendance, and student engagement. We are committed to closing opportunity and achievement gaps for marginalized students and securing long-term success for all of Oregon's learners by investing in culturally responsive practices, fostering inclusive environments and always driving for continuous improvement.

Safe & Welcoming Environment

South Shore is dedicated to making students and their families feel welcome and safe in our school. Our staff is trained to maintain a secure environment for everyone. We prioritize clear communication by translating all messages sent home through the Parent Square app, email, mail, phone, or text, ensuring they are accessible to all families. For parent conferences and school meetings involving parents, we provide interpreters to ensure effective communication and a welcoming atmosphere.

About Our School

BULLYING, HARASSMENT, AND SAFETY POLICIES

To ensure a safe and secure learning environment for all of our students, South Shore has adopted a social emotional learning curriculum. This program will help us create classrooms where students communicate, cooperate, develop strong relationships, embrace diversity, and resolve conflicts. Teachers also develop a coordinated classroom management plan that is designed to teach students how to be highly engaged, responsible, and academically successful. For more information about the district safety and bullying policies, please contact the building principal or refer to the district website.

EXTRACURRICULAR ACTIVITIES

Our school provides an afterschool program designed to enrich students' experiences beyond the classroom. These offerings include cooking classes, language classes, a running club, and art classes, all aimed at fostering creativity, physical fitness, and cultural awareness. In addition to these activities, we proudly offer an orchestra program for 3rd-5th graders in collaboration with Albany Youth Orchestra, allowing students to explore the world of music and develop their instrumental skills.

PARENT ENGAGEMENT

We are committed to actively engaging all families by creating a welcoming and inclusive atmosphere. We encourage volunteerism and provide language support for families who speak languages other than English, ensuring that everyone can participate fully in our school community. We offer opportunities for parents to get involved through serving on our parent-teacher club, allowing them to have a voice in school decisions and initiatives. In collaboration with our parent-teacher club, we host a variety of family events throughout the year, fostering a sense of community. Additionally, we prioritize open communication with families by utilizing our school and district websites, newsletters, and other methods to keep families informed and engaged in their children's education.

COMMUNITY ENGAGEMENT

We partner with several local community organizations to support our students and provide additional services for the South Shore community. A few of these partners include Hope Church, Casa Latinos Unidos, Linn County Mental Health Services, Boys and Girls club, OSU Extension, Albany Youth Orchestra, Corvallis Environmental Center and Willamette-Laja Twinning Partnership.
