Los Paseos August Recap

Dear Panther Families,

What an incredible start to the 2025–2026 school year! It was truly heartwarming to see so many of you at Back to School Night. Thank you for embracing our community spirit and connecting with our amazing teachers over tacos and snow cones.

This month, our classrooms have come alive with energy, curiosity, and joy. In TK, our youngest Panthers have been busy building friendships, learning routines, and exploring their classrooms. A favorite moment was reading *The Kissing Hand* and creating heartfelt artwork to share with loved ones.

Kindergarteners have jumped right into learning, making new friends, exploring letters and numbers, and building a strong sense of classroom community. First graders are showing wonderful independence as they dive into reading, math, and hands-on activities that spark their love of learning.

In second grade, students have been exploring the fascinating world of owls, even getting a close-up look at a real barn owl wing and talon! They've been amazed to learn all about owl adaptations and habitats.

Third graders are making strong mathematical connections as they explore how multiplication relates to repeated addition and skip counting. With tools like counting collections and arrays, they're building foundational skills while forming new friendships and reuniting with familiar faces.

Fourth grade is off to a fantastic start with a blend of science and storytelling. Students observed real earthworm adaptations in the lab and began writing their own realistic fiction stories, bringing creativity and critical thinking together.

Our fifth graders have launched into their year-long study of the Coyote Creek Watershed. From weekly Watershed Walks to the first Nature Club Meet-Up with families, they're actively exploring and learning about our local environment, and are eagerly anticipating Science Camp later this month!

We're so proud of how our Panthers have started the year, with enthusiasm, kindness, and a love for learning. Here's to an amazing year ahead!

With Panther Pride,

Dr. Stormie Sutton,

Principal

Upcoming Events

Sept. 13th Coffee with the Principal Book Club 8am Library

Sept. 16th School Site Council Meeting @ 2:45pm Staff Room

Sept. 23rd-26th 5th Graders at Science Camp

Important Reminders

Closed Campus After School: Just a reminder that Los Paseos is and has been a closed campus after school hours. Due to district safety updates, campus gates will be locked at **2:45 (Mon, Tues, Thurs, and Friday) and at 12:45 on Wed.** If your child attends an after-school program, you should have received updated pick-up guidance. Thank you for your cooperation.

To ensure the privacy and safety of all students:
Smart Watches: Smartwatches are not permitted for use on campus. They must remain off and be stored in backpacks during the school day. Regular analog or digital watches without smart features are allowed. This has become an increasing concern, and we appreciate your cooperation. Please note that students can always use the office phone to contact their parents or guardians if needed, and parents can call the office to leave critical messages for their children.
Non-Service Dogs: Non-service dogs are not allowed on campus. This policy is in place to protect students with allergies and to address ongoing concerns about cleanliness.

Thank you for understanding and prioritizing the health and safety needs of our students
