

Native Americans in STEM Day

December 6 | 11:00 am – 3:00 pm CST

The Science Museum of Minnesota is welcoming the best and brightest thinkers, innovators, and educators to celebrate community and the science that connects us. Science is better when we all work together.

During Native Americans in STEM Day, we're bringing together voices from across Twin Cities community organizations, educational institutions, and advocacy groups to celebrate and elevate the impacts of diverse communities in STEM. Enjoy hands-on activities, learn about science careers through interactive displays and presentations, and witness engaging live performances from:

- North Star AISES Alliance and Professional Chapter
- Red Lake Singers/Intertribal Drum and Dance Troupe

- Native Sun/Solar Bear
- Juneteenth Speaks
- Shakopee Mdewakanton Sioux Community Natural Resources Department
- Boston Scientific
- Metro Transit
- MIGIZI Green Tech Institute
- Giiwedining Treaty Rights and Culture Museum
- Science Museum of Minnesota Anthropology Department
- Science Museum of Minnesota Biology Department
