

P-TECH AND EARLY COLLEGE PROGRAMS

A PATHWAY TO FREE COLLEGE AND A CAREER

DALLAS COLLEGE

UNT | DALLAS
UNIVERSITY OF NORTH TEXAS AT DALLAS

TEXAS A&M UNIVERSITY
COMMERCE

P-TECH and Early College Programs are **a true win-win** for Dallas ISD and the entire community.

Dallas ISD's 25 P-TECH/ECHS campuses are making college accessible to more district students than ever – at **no personal cost** to students or their families.

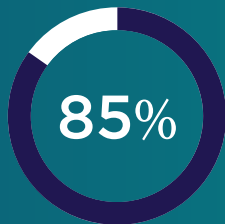

Students can earn a high school diploma, up to **60 hours of college credit**, an **associate degree**, along with career experience earned via hands-on learning, mentoring, and internships. Thanks to an innovative partnership with Dallas College, the University of North Texas at Dallas and Texas A&M - Commerce at Dallas, this opportunity is being offered to thousands of students.

My P-TECH Story

Nyla, Senior at Seagoville P-TECH

- I am a young entrepreneur, owner of Ny VaLon: Cleansing
- Sell chemical-free and vegan skin and hair products.
- Student at Business Pathway in Seagoville High School.
- P-TECH industry partners have been incredibly helpful.
- I received real-world business advice and mentorship.
- Plan to pursue a bachelor's degree in business and run my own store.
- Thanks to P-TECH, I'm much further along toward achieving my dream.

of living-wage jobs in the Dallas region require education beyond a high school diploma.

P-TECH/Early College High Schools/Collegiate Academies in Dallas ISD.

DALLAS 
INDEPENDENT SCHOOL DISTRICT

6 

Up to 60 college credit hours can be earned by P-TECH/ECHS/Collegiate Academy students.

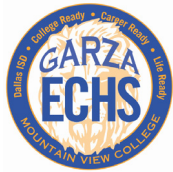

Two in five P-TECH/Early College students graduate high school with an associate degree.

Early College Programs/ Collegiate Academies

Early College Programs are a proven means of providing students rigorous coursework plus the opportunity to graduate with a high school diploma and up to **60 hours of college credit/** an associate degree, tuition-free.

Early colleges provide a firm academic foundation for students to pursue a bachelor's degree and prepare scholars to achieve future success in a variety of high-demand careers.

Trinidad "Trini" Garza Early College High School

4849 W. Illinois Ave.
Dallas, TX 75211
214.860.3680
www.dallasisd.org/Garza

Housed on the Dallas College's Mountain View Campus, Trinidad "Trini" Garza Early College High School offers a supportive academic program that blends high school and college work leading to graduation with a high school diploma and an associate degree, or up to 60 college credits that apply toward a four-year degree. A commitment to lifelong learning has earned our school state and national awards and a track record of outstanding student achievement. We offer the following degrees:

www.dallasisd.org/woodrow

One of the newest additions to Dallas ISD's Early College Programs is Woodrow Wilson Collegiate Academy. This is a premiere program where students will have the opportunity to earn college credit and an Associate Degree at no cost. Partnering with The Dallas College Richland campus, the Collegiate Academy program at Woodrow Wilson prepares students to transition to a 4-year university of their choice after high school. At Woodrow Wilson Collegiate Academy students will take college level coursework leading to one of two degrees:

Pathways

- Allied Health
- Business

Degree Plans

- Associate of Arts
- Associate of Science

Higher Education Partner

- Richland Campus

Enrollment Criteria

P-TECH/Early College Programs are designed to serve incoming ninth-grade students who are:

- Determined to attend college
- Historically underrepresented in higher education

Each program accepts up to 125 ninth-grade students per year, and students will move together as a cohort as they progress through high school. Students attend ninth and tenth grade on their high school campus in a dedicated wing of the building. However, for their junior and senior years, students will attend classes on the college campus of their higher education partner. Transportation is provided at no charge.

Application Process

Each year, beginning in November, Dallas ISD accepts applications to the district's P-TECH, Early College, and Collegiate Academy programs. Students in eighth grade may complete and submit an online application for their top five choices. Following an interview process, accepted students are notified in March.

For more information, please visit
dallasisd.org/PTECHEarlyCollege

P-TECH

Also known as Pathways in Technology Early College High School, (P-TECH) feature dual credit programs that allow students to earn a high school diploma and college credits while gaining experience in a range of high-demand careers. They will also be developing workplace skills through mentoring and internships with industry partners.
