

Instructions for Monitoring and Reporting Violations Notice

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Monitoring Requirements Not Met for [System]

Our water system violated drinking water requirements over the past year. Even though these were not emergencies, as our customers, you have a right to know what happened and what we are doing (did) to correct these situations.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During [compliance period] we [did not monitor or test] or [did not complete all monitoring or testing] for [contaminant(s)] and therefore cannot be sure of the quality of your drinking water during that time.

What should I do?

There is nothing you need to do at this time.

The table below lists the contaminant we did not properly test for during the last year, how often we are supposed to sample for [this contaminant/these contaminants], how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date on which follow-up samples were (or will be) taken.

Contaminant	Required sampling frequency	Number of samples taken	When samples should have been taken	When samples were taken
Nitrate (NO3)	Annual	None	2023 & 2024	4/10/25

What is being done?

Testing was done in April of 2025, the results showed " No Detection of Nitrates" in the drinking water.

This notice is being sent to you by [system]. State Water System ID#: _WY5600113_____.

Date distributed: _Dec 2, 2025_____.

Certification of Public Notification

I BRIAN LONG certify that the attached public notice was issued from
(Public Water System [PWS] Operator/Responsible Party)

Dec 2 2025 to _____ . The notice attached was issued by
(Date) (Date)

SCSD #1 website for the Nitrate Rule Violation that occurred on
(Method of delivery – by hand, mail, etc.)

2022 & 2023
