POSSIBLE NEXT MEETING AGENDA

Pumpkin Painting

We will provide the paint and paint brushes, but to make matters easier and possible everyone who would be participating would have to huh the mini pumpkin.

FUTURE ACTIVITIES PART 1

Movie & Art Night (Potluck Style)

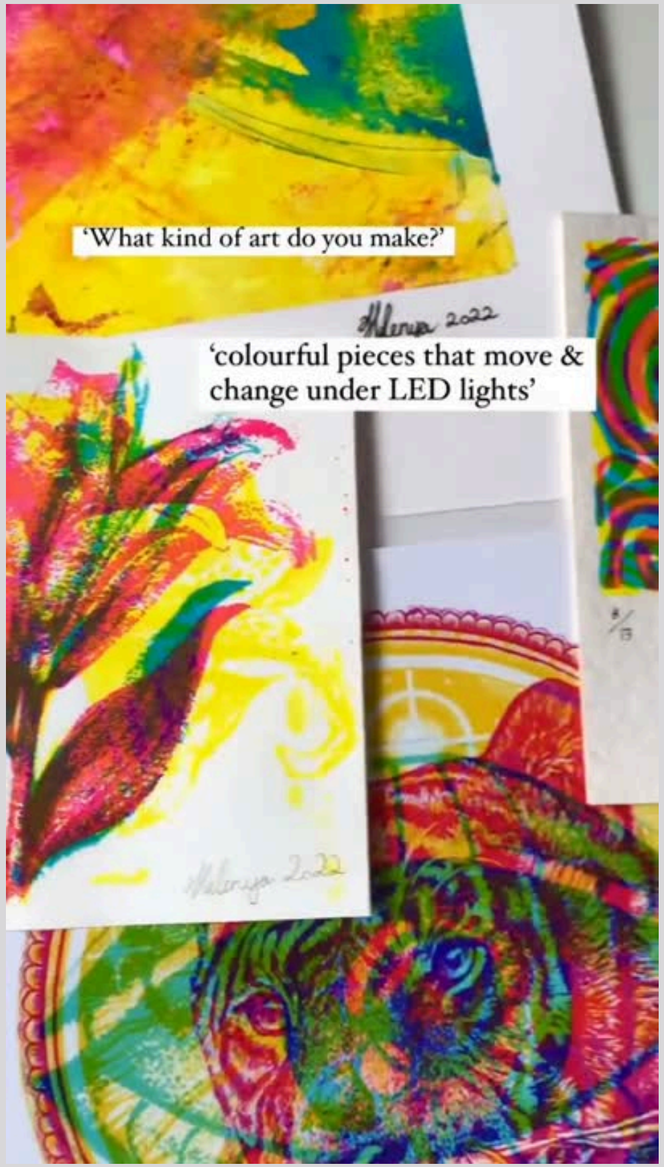

For this idea, we'd have a Movie and Art Night from 3 to 5 P.M, kind of like a cozy hangout after school. Everyone could bring a snack, candy, drink, or popcorn to share, like a potluck, and we could even get some pizza. While we watch a really cool or inspiring movie of your choice, we can paint, draw, color, or sketch in whatever art form we like. You don't have to be good at art at all; it's just a chill afternoon to relax, hang out with friends, eat good food, and be creative together.

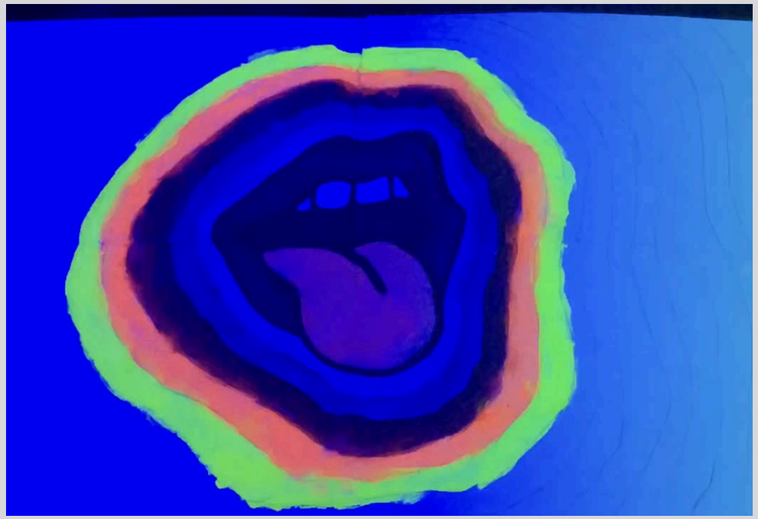

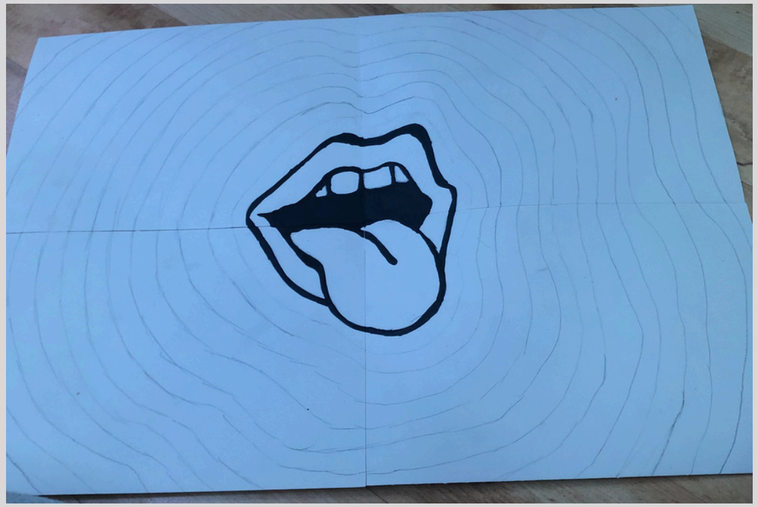

FUTURE ACTIVITIES PART 2

Color Changing Art

Here, everyone will get the chance to either paint, draw, or color a design of their choice, which will contain multiple colors to cause this color-changing effect under LED lights

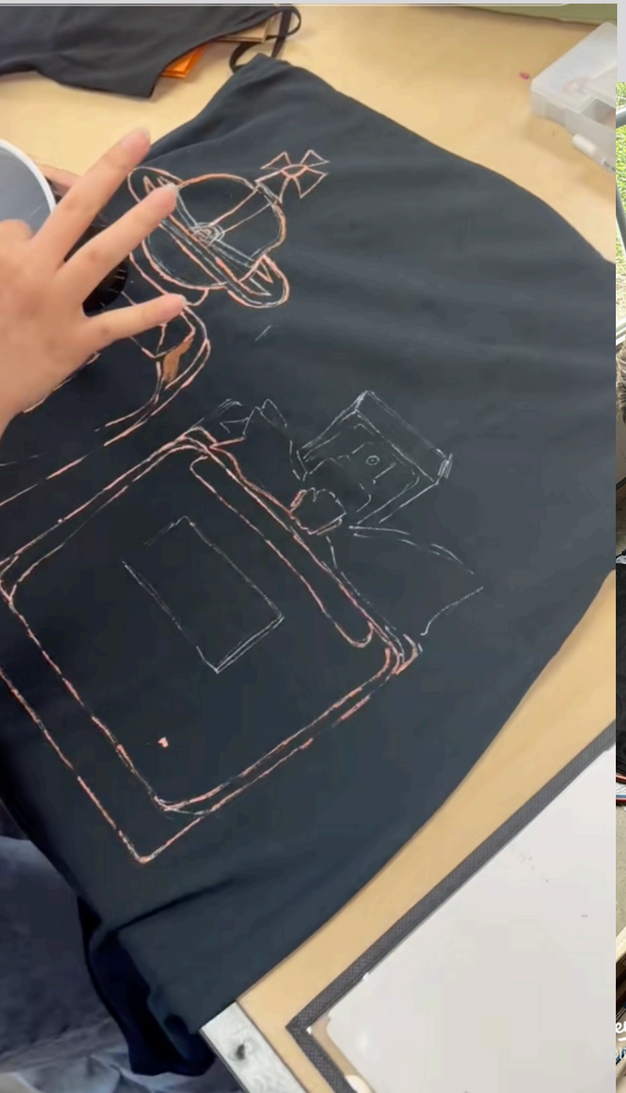

FUTURE ACTIVITIES PART 3

Bleach Art

Possible Field Trip Locations

NSU Art Museum Fort Lauderdale
