Student Trainee of the Month

Justin McGeorge is the March Student Trainee of the Month. Justin is being recognized for making valuable contributions at work. He has worked at four different locations this school year! His ability to adapt to new workplaces has been very impressive.

Kennady wears a new vest when making her deliveries around Cooke. Great work!

New Work Vests at Cooke

Kathy Goll secured a grant through the Northville Educational Foundation to provide these impressive work vests for our students. The vests feature our mascot, Casey the Cardinal. The vests are very professional and make our student workers visible. Kathy also coordinates transportation for our work experiences. Thank you, Kathy!

Patience Gadd working at the Board of Education

Patience Gadd is excited to join the team at the Northville Board of Education office and is already making valuable contributions. The OT department has equipped her with an adaptive tool so she's able to reach farther to wipe the tables. This helps her be more independent!

Jamie Visits We Rock Over Spring Break

Jamie has been working at We Rock The Spectrum Kids Gym in Novi this school year. Over spring break, she got to visit the gym and use all the cool sensory equipment with her parents and some Room 29 staff. She tried the swings, roller slides, and even the zipline! The gym was so happy to see Jamie.
