SUMMIT FAMILY RATE: \$2,200

Applies to current Summit families, returning campers, and Summit Resource Center clients if paid in full by May 10, 2026

Limited financial assistance is available.
Please inquire.

Camp Summit

Monday, July 6 - Friday, July 31, 2026

8:25 am - 3:00 pm Monday - Friday

Camp Summit is for bright children entering grades 1-8 who struggle with reading, writing, and math.

Students are grouped into small classes based on skill level to accommodate learning styles. Trained teachers use research-based methods and multi-sensory strategies to reinforce learning. Campers avoid learning loss while having fun, building self-confidence, and making new friends.

Morning Academics follow a structured curriculum, including one hour each of:

- **Reading:** small group instruction using a systematic multi-sensory approach for skill development.
- **Math:** small groups, standards-based multi-sensory instruction.
- **Oral/written expression:** activities and a structured approach to sentence formulation, story writing, and expository writing using computer technology.

Afternoon Recreation

Afternoon fun including sports, games, music, cooking, arts, crafts, STEAM activities, and more!

Applications are considered in the order received. A \$100 non-refundable deposit is due with your application. The balance is due by June 12, 2026. While daily camp attendance is highly encouraged, we understand that summer plans may interfere with student attendance. We do not pro-rate camp tuition. Students who miss four or more days of camp will not receive a progress report.

For more information please contact: SRC@thesummitschool.org or 410-798-0005 x 102

SPECIALTY WORKSHOPS

for rising 6 - 9 graders

TUITION: \$480/STUDENT

*Tuition for specialty workshops are non-refundable after June 1, 2026.

*Please note: a Chromebook or laptop with access to a personal Google account is required for all specialty workshops. School-issued Google accounts will not work. Due to the format of the workshop, iPads are not allowed.

EXECUTIVE FUNCTION

Does your child need extra support with organization or time management? Is their backpack, desk, or locker overflowing with unneeded or disorganized papers? Does your child procrastinate on schoolwork?

Executive Function skills help us plan, organize, strategize, manage time, pay attention to, and remember details.

This week-long course will help your student develop strategies to:

- Prioritize assignments
- Organize materials
- Sustain attention to tasks
- Manage time inside and outside the classroom
- Start assignments efficiently

Two sessions offered:

Session 1: Monday-Friday, July 20-24, 8:30 AM- 11:30 AM

Session 2: Monday-Friday, July 27-31, 8:30 AM- 11:30 AM

An overview of many subsets of executive functions, this workshop allows students the opportunity to learn more about their own learning profile. This is an introduction to the skills necessary for school success, and it's intended for the student with no prior class experience in executive functioning.

EmPOWER™ Writing

Does your child struggle with putting ideas on paper? Does your child need help creating a cohesive and organized research paper?

This workshop will teach students how to use the EmPOWER™ writing process to launch them on the road to writing success. Students will learn how to:

- Evaluate the writing task
- Make a plan for the writing task
- Organize thoughts using one of the six specific graphic organizers
- Write fact or opinion theme statements
- Organize information in a logical sequence
- Summarize paragraphs with a powerful closing sentence
- Develop a voice in written pieces that engages the reader
- Self-evaluate the quality of the writing
- Edit to make necessary changes

Two sessions offered:

Session 1: Monday-Friday, July 20-24, 12- 3 PM

Session 2: Monday-Friday, July 27-31, 12- 3 PM

Both workshops provide an overview of the EmPOWER™ writing process and introduces students to the steps of the program. This is an introduction to the skills necessary for school success, and it's intended for the student with no or limited prior class experience in the EmPOWER™ writing process.

The EmPOWER™ writing process is based on solid research and developed to help students connect oral language, thought organization, and writing. EmPOWER™ strategies enable students to develop the internal dialogue that guides the writing process and supports thinking for effective writing.

Registration Opens in January

Summit Families and Returning Campers: Registration opens on Monday, January 5, 2026

New Campers: Registration opens on Monday, January 19, 2026
