

From the Desk of Mr. Hobbs

The weather is changing, and it is beginning to feel like winter in Ohio! We have been fortunate to see mild temperatures through October and November, but Mother Nature has decided it's time for winter coats and toboggans. Winter sports have begun with boys' and girls' basketball in full swing. As well, wrestling has just finished its first week of practice and our cheerleaders have been hard at work for several weeks. The varsity bowling team rolled a very competitive first match against Lima Perry last week. The Lady Jeff Cats opened with two impressive wins over St. Johns and New Bremen. We are super proud of all our Wild Cats! If you get the opportunity to attend a game the kids would appreciate your support. Schedules can be found on the Delphos City Schools website under athletics.

"Service Above Self" are traits that we teach our young people, and they have not disappointed us over the last couple weeks at both the MS and HS levels. Different groups from each school raked and removed leaves for citizens of Delphos as a service project. Both school's Student Councils are highly involved in doing projects like this that give back to the community. Our city schools students recently delivered letters of appreciation to our local police, fire departments and to some of their teachers who inspired them to be great. They also visited elderly citizens of Delphos helping them have a great day with a small note and a smile. We are very blessed in Delphos to have amazing people and groups to help support our young people's educational journey. Giving back shows our appreciation in return! These great working relationship helps our students excel while making us proud in and out of the classroom.

The district has recently hosted some very cool activities of note. The Delphos City Schools have partnered with Delphos St. Johns to have a "Hometown Heroes" series organized by the guidance counselors in each school along with the local business community. Earlier this year the seniors in both schools attended business tours to see opportunities that exist in Delphos while spending the day together. These activities have been very well received and help build the relationships between Delphos Jefferson and Delphos St. Johns students. More events will come as the year continues.

Happy Thanksgiving to you and your families. If you have questions or concerns, please feel free to reach out or call.

Go JeffCats!

Franklin Elementary

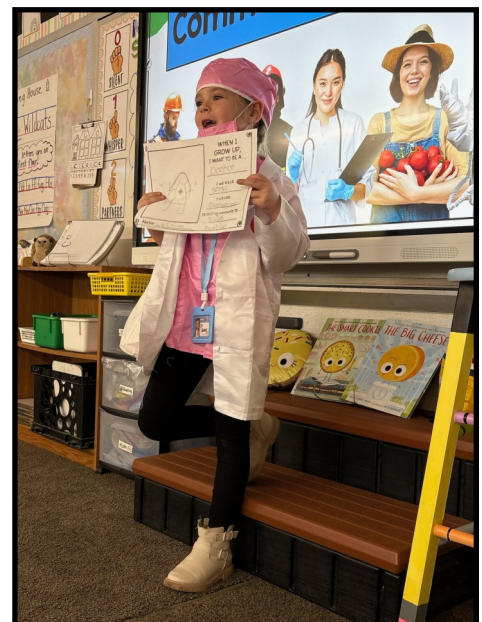

Congratulations to the October Students of the Month at Franklin Elementary!

Students pictured: Madden Miles, Raelynn Monfort, Dee Yaeger, Elizabeth Thomas, Itzel Toribio Jimenez, Nora Thomas, Rebeka Gyetvai, Remi Finn, Presley Lane, Zoey Dull, Isabella Rahrig, Aubrey Tobe, Nevaeh Brown, Zane Krasky, Weston Kriegel, Chloe Foss, and Erin Burgei. Xander Seffernick not pictured.

Career Day was a blast in Kindergarten.

The Beginnergarten and Kindergarten classes had a few special visitors that allowed the class to learn about different careers. Each student also did a short presentation on their future career.

Delphos Middle School

Delphos Jefferson Middle School students and staff spent his past Thursday after-noon raking leaves in the community for the 5th consecutive year. Hundreds and hundreds of bags were collected in time for the City of Delphos to collect them. Great job students and staff; Way to pay it forward!
