### TME on ParentSquare:

Over the next few weeks, our school will be participating in a pilot of **ParentSquare**, a new communication platform the district will launch districtwide in January.

ParentSquare is designed to simplify and streamline how families receive communication from the district, schools, and eventually classrooms. As part of the pilot, families may begin receiving messages from ParentSquare in the coming days.

**Only designated staff will use the platform at this stage, and those individuals have already been notified and trained.**

Here's what to expect during the pilot phase:

- Families may begin asking questions about the app, and that's expected. Please direct those questions to the school office or to District Communications at [communicater@d51schools.org](mailto:communicater@d51schools.org).
- Families may download the app or access ParentSquare online and personalize how they receive notifications.
- Families will begin receiving **district and schoolwide announcements** through ParentSquare during the pilot.
