## Final General Fund Budget

### Revenue

---

In July 2006, the Governor of Pennsylvania signed into law Act 1 of 2006, the Taxpayer Relief Act. The law imposes a limitation by which school board directors are not permitted to raise the real estate tax rate beyond a predetermined index or percentage each year. The law does provide for some exceptions to exceed this limitation. Examples of these include special education costs, retirement rate costs, and certain construction costs. Increases in tax rates beyond those permissible under the Act would require referendum approval by the voters of the Pine-Richland School District (District) before budget adoption could occur.

For 2015-2016, the Pine-Richland School District received an adjusted index of 2.2%. In addition, referendum exceptions were calculated and submitted to the State for approval. The District was approved for \$725,548 in referendum exceptions related to special education and retirement costs. The final general fund budget includes \$76,745,362 in total expenditures and \$75,323,687 in total revenues. The difference between the two figures represents an estimated draw of \$1,421,675 from assigned fund balance for capital improvements. The budget represents a flat millage rate from the current year.

The budget includes a number of assumptions and estimates. Many property assessment appeals have been filed with Allegheny County and continue to be unresolved. Resolution of these appeals continually changes the total assessed value for our community which is the school district's real estate tax base. The District receives updated figures periodically from Allegheny County and the District's solicitor's office for pending appeals. These figures are continuously monitored throughout each year.

#### Other Local Revenue

- Beginning in the 2011-2012 school year, the Pine-Richland School Board approved an activity fee for each participating student in grades seven through 12. This \$100 fee allows each student to participate in an unlimited number of sports and student activities throughout the school year. If a student chooses not to participate, the fee will not be assessed. The revenue generated from the student activity fee offsets a portion of costs associated with supplemental payments to administer after school activities, athletic programs and clubs.

## State Funding

- The Taxpayer Relief Act also provides for the use of State gaming revenue to lower property taxes for homeowners in the District with an approved homestead application on file with Allegheny County. The State Property Tax Reduction allocation for the Pine-Richland community is \$1.2 million. Under this provision of the law, approved properties will receive a homestead exclusion which will lower the taxable assessed valuation for school district real estate taxes. In 2015-2016, this will provide \$189.87 in tax relief to each approved homestead in the District.
- Subsidies – All projections for State subsidies are based on estimates. These amounts for Pine-Richland could change based on the final Governor’s budget allocations for the Commonwealth of Pennsylvania.
  - Preliminary estimates for basic education instructional subsidy show an increase for the District of \$29,985 or 0.63%.
  - Special education subsidy for 2015-2016 is projected to be \$1,755,321 which is an increase of \$258,119 over the current year budget. This includes an estimate for contingency fund allocations which are applied for on an annual basis. The state contingency fund exists to provide additional funding for the implementation of the Individualized Education Program (IEP) for students with significant disabilities and who requires a highly specialized program or related services.
  - Transportation revenue is expected to be level-funded by the State. Pine-Richland is anticipating an increase of \$115,674 based on estimated subsidy calculations for next fiscal year.
  - School district construction projects are typically reimbursed by the State based on a series of calculations. Each individual project has a separate reimbursement percentage determined at the time construction takes place. As the school district pays principal and interest payments on the bond issues used to finance each project, documentation is completed to receive a proportional amount of reimbursement from the State. For 2015-2016, estimates show a slight decrease in reimbursement from the current year by \$30,141.
  - State funding is provided to the District to share in the cost of employer share of social security and retirement for personnel. For 2015-2016, this represents approximately \$4.9 million of the District’s total budgeted revenue.
  - Pennsylvania Department of Education no longer provides reimbursements to school districts for a portion of cyber/charter school enrollments, dual enrollment or for homebound instruction.

2015-2016  
Final General Fund Budget  
Expenditures

---

Salaries & Wages

- Personnel costs for administration, faculty & support staff represent 64% of total annual budgeted expenditures. The District's annual personnel costs are dictated by various collective bargaining agreements and compensation plans. At this time, the District is currently negotiating with the Pine-Richland Education Support Professionals Association (PRESPA).

Employer Benefit Costs

- The District's employer contribution rate for the Public School Employees' Retirement System (PSERS) will increase to 25.84% of salary cost from 21.4% in 2014-2015. This will result in increased expenditures to the District for next year's budget of approximately \$1.5 million (or approximately \$796,000 in increased costs to the District after receiving state funding for retirement contributions). This contribution rate is set by the PSERS Board of Trustees and is mandated by State legislation. Future projections of the employer contribution rate show a steady increase to approximately 32% of salary cost in the 2019-2020 fiscal year. At which point, the employer rate is expected to remain at this level.
- Premium costs through the Allegheny County Schools Health Insurance Consortium (ACSHIC) will increase by 2.75% for covered employees. Overall group health insurance expenditures for the District are budgeted to increase by \$161,025 from the 2014-2015 budget for current employees. Employee contributions for healthcare are based on respective compensation plans and collective bargaining agreements currently in effect.

Contracted Services

- Currently, Pine-Richland School District utilizes contracted services within the general operating budget for transportation, copiers/print management and substitute staffing. These three contractual agreements combined represent approximately \$5.2 million of the District's overall expenditures.

## Tuition Expenditures

- The District is projecting \$898,593 in tuition costs for outside placements and services for special needs students through approved private schools and other institutions. Additionally, the Allegheny Intermediate Unit provides specialized services for students at a cost of approximately \$1,036,600.
- Vocational tuition expenditures to A.W. Beattie Career Center for the operating budget are projected to decrease by \$26,008 from the current year allocation. The District is required to fund a five-year average of enrollments in the vocational program, as well as general operating costs and a proportional share of debt for the renovations completed a few years ago to the Career Center facility.
- The District is required by law to pay tuition costs for resident students to attend cyber/charter schools. Since 2007-2008, the District's expenditures for cyber/charter school tuition have more than tripled. Projections for 2015-2016 show an outlay of \$615,290. During the 2014-2015 fiscal year, the District paid \$9,326.15 for each regular education student and \$20,901.66 for each special education student enrolled in cyber/charter schools.

\*Budgeted figures are included in the chart above for 2014-2015 and 2015-2016. All other amounts are based on actual.

## Capital Plan

- Included in the detailed supporting budget schedules is a listing of planned capital repairs and replacements to equipment, infrastructure and facilities. The total of these capital items is equal to \$1,421,675 and will be drawn from assigned fund balance.

## Debt Service

- Interest and principal redemption on debt service represents \$9,029,334, or 11.4% of total budgeted expenditures. Based on the individual amortization schedules, the District's costs will decrease by \$309,820 from the 2014-2015 fiscal year. The District will continue to monitor each debt instrument for refunding opportunities to achieve savings and lower interest costs, if possible. At this time, the District is currently in the process of issuing refunding bonds to lower future interest costs. An estimated decrease in interest cost has been factored in to this budget and future years. Once these figures are finalized, the amortization schedules will be adjusted and long-range budget projections will be updated with the exact figures.

## Budgetary Reserve

- The District budget includes various reserves for unforeseen operating contingencies. Direct expenditures are not permitted from this section of the budget. If the need arises for use of these reserves, a budget transfer would be presented and formally approved by the Board of Directors to the proper category of the District budget. Historically, the annual budget includes allocations for emergency purposes which are then divided into specific categories:
  - Special education reserve has been included if the District population of special needs students increases beyond expectations. Additional staff or services may be warranted based on the circumstances.
  - The District also estimates staffing costs for potential class size reduction or scheduling implications. All efforts are made to budget for staffing needs based on enrollment projections; however actual student enrollment for the following school year may vary.
  - Contingency estimates are included for emergencies which may occur at a District facility such as water damage, smoke or fire damage or any other significant unforeseen repair or replacement.

  - Special education assumes 0.05% increase annually + estimate for contingency funds
  - Transportation reflects a 7.49% increase (based on current year estimates) and assumes 2.67% increase annually for years following
  - Social security (48%) & PSERS (48.5%) reimbursements are assumed percentages directly proportional to salary/wage expenditures
- Debt service reimbursements are shown on the Capital Planning Chart (page 9)
- Federal funding
  - Based on current year estimates and assumes 0.50% increase annually in future years

### Expenditures

- Salaries
  - Based on overall salary expenditures
  - Assumptions are included for future years of all groups on average
- Health benefits – assumes 2.75% premium increase in 2015-2016; however, actual increase is less based on increased employee premium share and benefit election changes made by employees during open enrollment period – assumes 5% annual increase in years following
- Retirement – detailed in gross and net of state subsidy on Retirement Planning Chart (page 6)
- Assumes no additional bond issues for construction purposes
- Debt interest has been reduced each year by \$52,500. This is an assumption of the cost savings from the Series 2005 refunding currently in process.

Estimated Assigned Fund Balance Utilization – \$1,421,675 (consistent with capital funding plan)

The School District lowered the millage rate to a revenue neutral 18.7197 millie and approved an increase of 2.61% to a revenue neutral rate in accordance with Act 1 limitations and including a portion of approved referendum exceptions.

**Value of a Collected Mill Growth Rates**

Percentage shown for growth rate in 2013-2014 was manually calculated based on 2.61% tax increase after revenue neutral millage reduction due to Allegheny County reassessment. 2014-2015 total assessed value was estimated and included in the final budget to include additional properties. 1.6% growth has been previously used as an estimated cost neutral growth rate.

Account	Description	Amounts
0830	Estimated Ending Committed Fund Balance	0
0840	Estimated Ending Assigned Fund Balance	4,770,910
	<p><i>Explanation: Assigned fund balance provides for a multiple year plan of capital improvements and replacements within each building and for technology infrastructure and athletics. These items are one-time expenditures and an appropriate use of fund balance reserves in accordance with school board policy. Additionally, funds have been assigned for increasing costs related to employee benefits (such as healthcare premiums and retirement contributions) and debt service expenditures.</i></p>	
0850	Estimated Ending Unassigned Fund Balance	6,385,229
	<p><i>Explanation: Unassigned fund balance falls within the 8% limitation established by PDE and school board policy. These funds provide for unanticipated expenditures of any nature. Additionally, reserves are invested in accordance with Pennsylvania School Code provisions and school board policy to provide increased investment income to the school district which supports programs provided to students.</i></p>
