2022-2023

Final General Operating Fund Budget

Revenue

In July 2006, the Governor of Pennsylvania signed into law Act 1 of 2006, the Taxpayer Relief Act. The law imposes a limitation by which school board directors are not permitted to raise the real estate tax rate beyond a predetermined index or percentage each year. The law does provide for some exceptions to exceed this limitation. Examples of these include special education costs, retirement rate costs, and certain construction costs. Increases in tax rates beyond those permissible under the Act would require referendum approval by the voters of the Pine-Richland School District (District) before budget adoption could occur.

For 2022-2023, the Pine-Richland School District did not receive an adjusted index; therefore, the base index applies which has been established at 3.4%. The District chose not to seek approval for referendum exceptions for the upcoming budget year. The Proposed Final General Fund Budget includes total expenditures of \$101,352,911 and total revenues of \$99,437,576 and a utilization of assigned fund balance of \$1,915,334 for capital improvements. The budget includes an estimated tax millage rate of 19.5867 mills. This represents a flat millage rate from the current fiscal year.

The budget includes a number of assumptions and estimates. Some property assessment and exemption appeals have been filed with Allegheny County and continue to be unresolved. Resolution of these appeals continually changes the total assessed value for our community which is the school district's real estate tax base. The District receives updated figures periodically from Allegheny County and the District's solicitor's office for pending appeals. These figures are continuously monitored each year.

Other Local Revenue

- The Pine-Richland School District assesses an activity fee for each participating student in grades seven through 12. This \$100 fee allows each student to participate in an unlimited number of sports and student activities throughout the school year. If a student chooses not to participate, the fee will not be assessed. The revenue generated from the student activity fee offsets a portion of costs associated with supplemental payments to administer after school activities, athletic programs and clubs.

State Funding

- The Taxpayer Relief Act also provides for the use of State gaming revenue to lower property taxes for homeowners in the District with an approved homestead application on file with Allegheny County. In prior years, the State Property Tax Reduction allocation for the Pine-

Richland community has been \$1.2 million. Under this provision of the law, approved properties will receive a homestead exclusion which will lower the taxable assessed valuation for school district real estate taxes. In 2022-2023, this will provide \$221.82 in tax relief to each approved homestead in the District.

- Subsidies – All projections for State subsidies are based on estimates. These amounts for Pine-Richland could change based on the final Governor’s budget allocations for the Commonwealth of Pennsylvania.
 - Preliminary estimates for basic education instructional subsidy reflect a small increase for the District over the amount received in the 2021-2022 fiscal year.
 - Special education subsidy for 2022-2023 is projected to be \$1,795,077 which represents a small increase from the current year budget. This also includes an estimate for contingency fund allocations which are applied for on an annual basis. The state contingency fund exists to provide additional funding for the implementation of the Individualized Education Program (IEP) for students with significant disabilities and who requires a highly specialized program or related services.
 - Transportation revenue is estimated to be level-funded by the State. At this time, Pine-Richland is anticipating a small increase in subsidy based on current year budget.
 - Historically, school district construction projects were reimbursed by the State based on a series of calculations. Each individual project was given a separate reimbursement percentage determined at the time construction took place. As the school district pays principal and interest payments on the bond issues used to finance each project, documentation is completed to receive a proportional amount of reimbursement from the State. For 2022-2023, estimates show a small decrease in reimbursement from the current year budgeted allocation. Future funding for school districts in this category continues to uncertain from budget deliberations at the State level.
 - State funding is provided to the District to share in the cost of employer share of social security and retirement for personnel. For 2022-2023, this represents \$8,310,935 of the District’s total budgeted revenue.
 - Pennsylvania Department of Education no longer provides reimbursements to school districts for a portion of cyber/charter school enrollments, dual enrollment or for homebound instruction.

2022-2023
Final General Operating Fund Budget
Expenditures

Salaries & Wages

- Personnel costs for administration, faculty & support staff represent approximately 64.13% of total annual budgeted expenditures. The District's annual personnel costs are dictated by various collective bargaining agreements and compensation plans.

Employer Benefit Costs

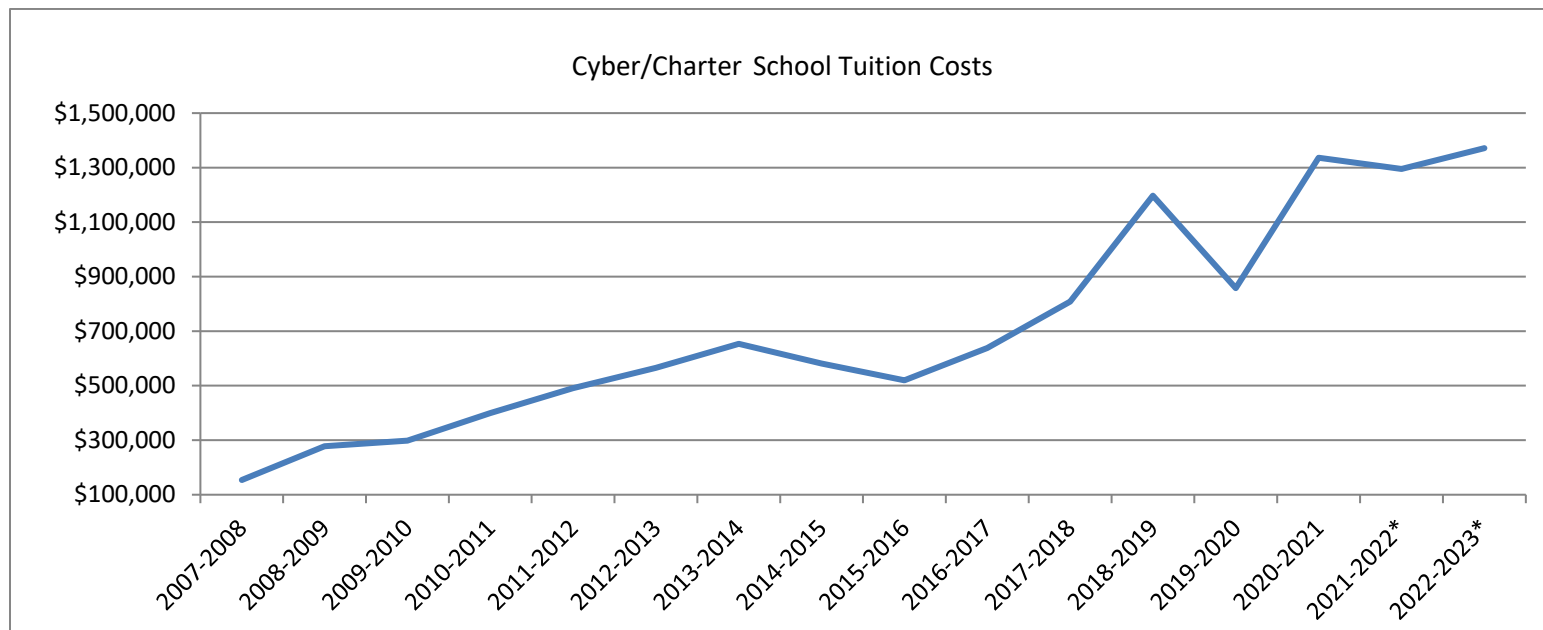

- The District's employer contribution rate for the Public School Employees' Retirement System (PSERS) will increase to 35.26% of salary cost from 34.94% in 2021-2022. This will result in increased expenditures to the District for next year's budget of \$507,634 (or \$226,480 in increased costs to the District after receiving state funding for retirement contributions). This contribution rate is set by the PSERS Board of Trustees and is mandated by State legislation. Future projections of the employer contribution rate show a steady increase to 36.78% of salary cost in the 2026-2027 fiscal year. At which point, the employer rate is expected to remain relatively level.
- Medical insurance premium costs through the Allegheny County Schools Health Insurance Consortium (ACSHIC) will increase by 8% for covered employees. Dental and vision insurance premiums will increase by 3%. Overall group health insurance expenditures for the District are budgeted to increase by \$442,777 from the 2021-2022 budget for current employees. Employee contributions for healthcare are based on respective compensation plans and collective bargaining agreements currently in effect.

Contracted Services

- Currently, Pine-Richland School District utilizes contracted services within the general operating budget for transportation, copiers/print management and substitute staffing. These three contractual agreements combined represent approximately \$6,170,000 of the District's overall expenditures.

Tuition Expenditures

- The District is projecting 1,948,385 in tuition costs for outside placements and services for special needs students through approved private schools and other institutions. Additionally, the Allegheny Intermediate Unit provides specialized services for students at a cost of \$1,490,500.
- Vocational tuition expenditures to A.W. Beattie Career Center for the operating budget are projected to increase by \$4,110 from the current year allocation. The District is required to fund a five-year average of enrollments in the vocational program, as well as general operating costs and a proportional share of debt for the renovations completed years ago to the Career Center facility.
- The District is required by law to pay tuition costs for resident students to attend cyber/charter schools. The District's expenditures for cyber/charter school tuition are more than eight times more than the cost in 2007-2008. Projections for 2022-2023 show an outlay of \$1,371,421. During the 2021-2022 fiscal year, the District is paying \$12,375.83 for each regular education student and \$27,135.20 for each special education student enrolled in cyber/charter schools.

***Budgeted figures are included in the chart above for 2021-2022 and 2022-2023. All other amounts are based on actual.**

Ten-Year Capital Plan

- Included in the detailed supporting budget schedules is a complete capital funding plan which details planned capital repairs and replacements to equipment, infrastructure and facilities for the next ten years. The total of these capital items for the 2022-2023 fiscal year is equal to \$5,305,414. This is reflected as an inter-fund transfer to the Capital Reserve Fund.

Debt Service

- Interest and principal redemption on debt service represents \$8,654,760 or 8.54% of total budgeted expenditures (net of state aid). Based on the individual amortization schedules, the District's costs will decrease by \$169,701 from the current year budget. The District will continue to monitor each debt instrument for refunding opportunities to achieve savings and lower interest costs, if possible.

Budgetary Reserve

- The District budget includes various reserves for unforeseen operating contingencies. Direct expenditures are not permitted from this section of the budget. If the need arises for use of these reserves, a budget transfer would be presented and formally approved by the Board of Directors to the proper category of the District budget. Historically, the annual budget includes allocations for emergency purposes which are then divided into specific categories:
 - Special education reserve has been included if the District population of special needs students increases beyond expectations. Additional staff or services may be warranted based on the circumstances.
 - The District also estimates staffing costs for potential class size reduction or scheduling implications. All efforts are made to budget for staffing needs based on enrollment projections; however actual student enrollment for the following school year may vary.
 - Contingency estimates are included for emergencies which may occur at a District facility such as water damage, smoke or fire damage or any other significant unforeseen repair or replacement.

Variance Descriptions

1	This variance is primarily attributable to two sources of revenue: (1) earned income tax received was higher than budgeted by \$1.1 M and (2) real estate transfer tax was higher than expected by \$670,000. Because of the uncertainty of COVID-19 in May 2020 when the budget for 20-21 was finalized, these two numbers were reduced based on state-wide guidance. It was anticipated these sources of revenue would be substantially lower due to community restrictions. But, in reality, many residents were able to maintain employment either in essential jobs or via telecommuting. Additionally, construction restrictions were lifted early in the fiscal year which allowed for residential construction to resume.
2	\$299,932.50 of this variance is applicable to bond issue costs due to refunding
3	The school district incurred less cost for contracted student transportation than anticipated during the 2020-2021 year due to
A	Two grants (PCCD COVID-19 Safety Grant and PCCD CARES Act grant) were budgeted as state funds instead of federal funds. The net effect of both state and federal funding is a negative variance of approximately \$230,000. This is attributable to receiving less than anticipated for transportation subsidy.
B	The facilities and maintenance department had vacant positions on and off throughout the year resulting in lower costs in wages and employer paid benefits. In addition, the original budget included additional allocations for cleaning supplies, contracted services and COVID-19 related estimates. These costs were not fully incurred during the year.
C	This is attributable to technology related items purchased with additional federal grant funds received from PDE and PCCD. This includes ChromeBooks and voice amplification systems used in classrooms
D	Due to COVID-19, there were a number of costs associated with sports, activities, club and academic competitions which did not occur.
E	Variances shown relate to accounting entries recorded associated with bond refunding transactions during the fiscal year

Act 1 Timeline for 2022-2023 Budget Process – KKLL Version

Preliminary Notes: (1) This document is a work in progress based on the PDE Timeline format – with appropriate dates and other changes, additions, and explanations from KKLL. (2) Timeline dates apply to all school districts except Philadelphia, Pittsburgh, and Scranton. (3) Concerning the various forms referred to in this Timeline, forms listed with the **title typed in bold** are PDE forms; forms listed with the **title typed in bold italics** are KKLL forms.

Act 25 Exceptions Change Note: ***On June 30, 2011, Act 25 was adopted and signed into law. Act 25 eliminated all referendum exceptions other than: (1) grandfathered debt; (2) debt approved by voter referendum; (3) special education costs, net of state reimbursement, in excess of the index (measured by look back – compare 2 prior years); (4) PSERS cost in excess of the index. For PSERS cost, the exception freezes the wage base at 2011-12 levels, such that the exception cannot be used to cover increased costs applicable to wage base increases, even if the district hires new employees or total salary costs otherwise exceed the 2011-12 wage base. The exception applies based on the increase between the current year and estimated payments for the next year, as determined by PDE. PDE provides guidance on how to calculate estimated payments in the PDE annual publication entitled "Referendum Exception Guidelines" and also in the "Retirement Contributions Referendum Exception Worksheet."***

Date/Deadline	Description	Law Section
Now	School district begin development of 2022-2023 Proposed Preliminary Budget . [Note: As to timing for transfers, the School Accounting Manual, under Budgetary Transfers, states: "Transfers may not be made after the end of the budgeted fiscal year." However, relying on Municipal Code legal authority, many districts make transfers to a Municipal Code capital reserve fund as part of finalizing the audit after the fiscal year end. Meaning of deadlines: Various deadlines require the school district to “submit” various items or to “seek approval” by specified dates. Act 1 does not expressly state whether this requires receipt by the other party by the specified date, or merely requires mailing by the specified date. In order to avoid any question, the school district should assume that the item must be received by the other party by the specified date.

Deadlines that fall on Saturday or Sunday: The Pennsylvania Statutory Construction Act, 1 Pa. C.S.A. § 1908, provides as follows: “When any period of time is referred to in any statute, such period in all cases ... shall be so computed as to exclude the first and include the last day of such period. Whenever the last day of any such period shall fall on Saturday or Sunday, or on any day made a legal holiday by the laws of this Commonwealth or of the United States, such day shall be omitted from the computation.” However, for statutes that require action on a specified annual date, such as December 15, February 15, March 1, or May 1, the law is unclear as to what deadline applies when the specified date falls on a Saturday or Sunday. To avoid potential issues, school districts should assume the deadlines are not extended.

Required Budget Votes and Related Steps:

1. Act 1 of 2006 §§ 311 and 312 enacted new provisions governing the budget process. When these provisions were written, the drafters failed to consider the pre-existing School Code § 687 provisions on the budget process. The end result is inconsistency and uncertainty on how to reconcile the Act 1 and School Code § 687 budget process provisions.
2. School Code § 687 provisions that predated Act 1 include the following:
 - Section 687 refers to a **Proposed Budget**. (Before Act 1, the Proposed Budget was often referred to as the Preliminary Budget. However, there was no reference in § 687 or any other statute to a Preliminary Budget, Preliminary Budget Proposal, or Proposed Final Budget. Under § 687, the only document expressly required to be approved before the Final Budget was the Proposed Budget.)
 - Section 687 mandates that the school board adopt the Proposed Budget at least 30 days before adoption of the **Final Budget**.
 - Section 687 mandates public display of the Proposed Budget at least 20 days before adoption of the Final Budget, and mandates publishing notice of the Proposed Budget at least 10 days before adoption of the Final Budget.
 - Section 687 mandates that, on the date of school board adoption of the Proposed Budget, the school board president certify to PDE that the Proposed Budget was prepared, presented, and will be made available for public inspection using PDE form 2028. For this purpose, PDE has directed use of the PDE form **Certification of Use of PDE-2028 – Document #14**.
 - School Code §§ 671 and 672 mandate adoption by June 30 of the Final Budget.

3. Act 1 provisions include the following:

- Unless an opt out resolution is adopted, § 311 mandates that the school board adopt a **Preliminary Budget Proposal** at least 90 days before the primary election.
- Act 1 mandates 20-day public display and 10-day published notice of intent to adopt before adoption of the Preliminary Budget Proposal (but does not state any requirement for a school board vote prior to adoption of the Preliminary Budget Proposal 90 days before the primary election).
- Act 1 next repeats the School Code requirements for adoption of the Final Budget by June 30, and for 20-day public display and 10-day published notice of intent to adopt before adoption of the Final Budget. (Once again, other than the requirement for adoption of the Preliminary Budget Proposal 90 days before the primary election, Act 1 does not state any requirement for the school board to vote on the Final Budget before its adoption by June 30.)

4. Act 1 does not address whether the Act 1 **Preliminary Budget Proposal** is the same as or something different from the School Code § 687 **Proposed Budget**. KKLL believes these two terms should be interpreted as meaning the same thing, and that adoption of the Preliminary Budget Proposal early in the year satisfies the School Code § 687 requirement for adopting a proposed budget 30 days before adoption of the Final Budget. However, PDE takes a different view. PDE interprets the Act 1 Preliminary Budget Proposal as something different from the § 687 Proposed Budget, and therefore believes school districts that have not adopted an opt out resolution are required to adopt both a Preliminary Budget Proposal and also another version labeled Proposed Final Budget at least 30 days in advance of adopting the Final Budget. In fact, PDE also believes school districts that do not intend to adopt an opt out resolution should also adopt a Proposed Preliminary Budget before adopting the Preliminary Budget Proposal.

5. PDE's interpretation is that *4 separate votes* are required as follows if the school district has not adopted an opt out resolution:

December/January/February

1. Adopt Proposed Preliminary Budget
2. Adopt Preliminary Budget

May/June

3. Adopt Proposed Final Budget (at least 30 days before step 4)
4. Adopt Final Budget

6. Although KKLL believes that steps 1 and 3 are optional, we suggest following PDE's interpretation in order to avoid unnecessary questions.

Tax and Fund Balance Limits (other than Act 1):

1. LTEA limits the amount of taxes that may be imposed under LTEA. Under LTEA § 320, the aggregate amount of all taxes imposed under LTEA during one fiscal year may not exceed the amount that is equal to the market value of all real estate in the district times 12 mills. In calculating whether a district has exceeded the limit, realty transfer taxes are not included for any year in which 100 or more new homes or major improvements were constructed.
2. The School Code also limits the amount of real estate taxes that may be levied. Under School Code § 672, school districts are limited to a tax rate of 25 mills. There is an exception to the 25 mill tax limit. Taxes may be levied in an unlimited amount to pay salaries and debt service. If a school district tax levy will exceed 25 mills, additional language should be added to the Resolution Levying Taxes.
3. School Code § 688 imposes limits on school district unreserved fund balances. A school district is prohibited from increasing real estate taxes unless its general fund budget has an estimated ending unreserved undesignated fund balance less than the percentage provided below. Note that based on GASB 54 change in accounting terminology, PDE considers “undesignated” to mean not “committed” or “assigned.”

<u>School district budget size</u>	<u>Fund balance limit</u>
≤ \$11,999,999	12.0%
\$12,000,000 - \$12,999,000	11.5%
\$13,000,000 - \$13,999,000	11.0%
\$14,000,000 - \$14,999,000	10.5%
\$15,000,000 - \$15,999,000	10.0%
\$16,000,000 - \$16,999,000	9.5%
\$17,000,000 - \$17,999,000	9.0%
\$18,000,000 - \$18,999,000	8.5%
≥ \$19,000,000	8.0%

Delayed Budget Adoption: School Code § 671(b) permits schools districts to delay adoption of the annual budget beyond June 30 when state legislation providing the appropriation for basic education has not been enacted by June 15. In such event, a district must adopt its budget no later than 15 days after the state enacts the basic education funding provisions, and must provide the public with 10 days notice prior to final action. School Code § 672 allows delay of the annual tax levy beyond June 30 to a date no later than 20 days after enactment of the basic education funding provisions.
