

2026-27 Dual Assignment Form

All Jefferson-area 8th graders have a unique choice: enroll in **Jefferson Middle College for Advanced Studies** or **the comprehensive high school** for their address.

Families have three options for selecting their choice by **December 12, 2025**:

- Inform your 8th grade counselor
- If we have your email on file, a unique code was sent for you to select your choice. To request a new code, please email us with your current email address, student name, and PPS ID number.
- Complete this form and send it by regular mail to the address below or email an image of the completed form to enrollment-office@pps.net.

Your dual assignment decision is required, even if you are also applying to other schools, to ensure your student has a selected high school for the fall if other options are not granted. Families who do not choose by December 12, 2025, may have a school designated for them through a random lottery.
