

FOR IMMEDIATE RELEASE

Carroll ISD Provides Update Regarding Recent Litigation Involving SB 10

Southlake, Texas — December 3, 2025 — Carroll Independent School District is aware that the district has been named in a lawsuit related to Senate Bill 10 (SB 10), recently filed in state court. SB 10 includes a provision requiring the Texas Office of the Attorney General (OAG) to represent school districts in legal matters arising under the statute.

Carroll ISD has formally requested representation from the OAG as outlined in the law. The district is cooperating fully with the Attorney General's Office and will continue to follow all legal requirements as this matter proceeds.

Board President Cam Bryan emphasized that the district's focus remains on serving students and supporting teachers and staff. "Our priority continues to be providing a high-quality learning environment for every student in Carroll ISD," said Mr. Bryan. "We will work closely with state officials and our legal counsel to ensure the district's interests, and the interests of our families, remain protected throughout this process."

Because this is ongoing litigation, the district is limited in what it can share at this time. Carroll ISD will provide updates to families when appropriate and as allowed by law. Families with general questions may contact the district's Communications Department. Legal questions related to the lawsuit should be directed to the Office of the Attorney General.
