How much do you agree with the following statements:

Introduction

The Senior Exit Survey (SES) provides a rich source of information on students' future goals, aspirations, and perceptions of their experience as MPS students specific to college and career readiness. The survey is administered to graduating seniors every spring and was modelled after a similar tool used by Chicago Public Schools.

Results from the SES are used for two primary purposes. The first is to comply with state law which requires MPS to submit annually to the Wisconsin Department of Public Instruction (DPI) a report on seniors' post-graduation plans (previously referred to as the "Bound For" report in MPS). The second is to provide information on students' future goals, aspirations, and perceptions of their experiences as MPS students specific to college and career readiness, and to identify potential areas in which key steps in the process of preparing for college and careers had not been fulfilled. Results from the spring 2018 administration follows.
