HOW SICK IS "TOO SICK" TO ATTEND SCHOOL?

In order to maintain the healthiest environment possible for all students, Winston County Schools adhere to the following guidelines.

Fever: Temperature of 100.1 or above, child should remain fever free without fever-reducing medication for 24 hours.

Vomiting or Diarrhea: Your child should not attend school if they have vomited in the last 24 hours or have diarrhea or have had diarrhea in the last 24 hours**.**

UNDIAGNOSED RASH: Your child should not attend school until rash has been diagnosed and treated for 24 hours.

PINK EYE: Pink Eye is highly contagious. Please ensure your child has been treated for at least 24 hours before returning to school.

HEAD LICE: Your child should not attend school if live bugs are present. Your child should receive proper treatment and have no live bugs prior to returning to school. Please see the specific regulations and guidelines for Head Lice.

Please note, the school nurse can treat cuts, scrapes, bug bites, bumps, etc. This will be done using soap, water, bandages, and ice packs. We also ask that you please keep our staff and the school nurse informed of any health conditions that could affect your child while at school.

We want to provide the best care possible for your child!

Please feel free to call with any questions or concerns
