From the Dean of Students' Desk

Students should not be playing with batteries and paperclips/foil in order to make hand warmers. This is extremely dangerous and can put not only yourself at risk but others around you. They will be confiscated by staff and we will be calling home and sanctions including suspension could be a consequence.

To help keep our school clean, safe, and free of distractions, **food is not allowed in classrooms**. Please finish food outside **before** going into class. Thank you for doing your part to keep our classrooms tidy and ready for learning!

The Student Center is open in the mornings. If you are cold, you can go there to warm up.

Kindness Challenge Activity: Give a sincere compliment to someone each day.

A little kindness can warm the coldest day.
