## DEVELOPMENTAL SCREENING
## AGES 3-5

The Glascock County School District's Division of Special Education is committed to locating, identifying, and evaluating children with known or suspected disabilities who reside within the district's boundaries.

- Are you concerned about your child's speech and language development?
- Does your child seem behind peers in play skills or social interaction?
- Is your child struggling with early learning skills such as recognizing their name, colors, shapes, or letters?
- Does your child have difficulty using playground equipment or classroom writing/art materials?
