As we move into the winter months, we want to ensure everyone stays informed about our inclement weather procedures.

Albuquerque Aviation Academy will generally follow APS decisions regarding delays and closures. Please keep in mind that weather delays are issued for the safety of students and staff, so staff will also arrive later than usual. If a two-hour delay is announced, buses will run exactly two hours later than their normal schedule, and attendance will not be taken until the delayed school day officially begins.

If school is canceled for the day, we will transition to remote learning. Instructions will be sent out through ParentSquare.

Families always have the option for students to work in Edgenuity at any time. Weather delays, weeknights, weekends, and holidays are great opportunities for students who may be behind to catch up on coursework.

We will notify families through ParentSquare as soon as determinations are made, and we will also report delays and closures to local news stations.

Thank you for helping us keep our school community safe.
