APPENDIX A – ATLANTA PUBLIC SCHOOLS STUDENT CODE OF CONDUCT 2025-2026	

Family Educational Rights & Privacy Act Notice (FERPA)

Rights under the Family Educational Rights and Privacy Act (FERPA)

(1) The right to inspect and review the student's education records within 45 days of the day the school receives a request for access. Parents or eligible students should submit to the school principal a written request that identifies the records they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

(2) The right to request the amendment of the student's education record that the parent or eligible student believes is inaccurate or misleading. Parents or eligible students may ask the school to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures can be found in Policy/Regulation JR, Student Records, at www.atlantapublicschools.us.

(3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Board of Education; a school approved volunteer; a person or company that is under the direct control of the school with respect to the use and maintenance of education records and with whom the school has contracted or who volunteers to perform a service or function for which the school would otherwise use employees (such as an attorney, auditor, medical consultant, therapist, insurance adjuster); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the school discloses educational records, without consent, to officials of another school in which a student seeks or intends to enroll.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the

Office that administers FERPA is the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20212-8520.

(5) The school may disclose appropriately designated "directory information" without written consent, unless you have advised the school to the contrary in accordance with school procedures. Disclosures of "directory information" relating to individual students will be made under limited circumstances without the written consent of the parent, legal guardian or eligible student. These circumstances include when directory information is posted in schools such as on displayed student work; when printed in school publications such as graduation programs, yearbooks or school playbills; in school communications for student recognition or information; when disclosed to the United States military; law enforcement entities; welfare agencies; colleges, universities and other postsecondary institutions; scholarship-granting organizations; and other entities as approved by the Superintendent or his/her designee. In accordance with Georgia law, the school will not disclose directory information with political candidates, campaign committees, political action committees, political organizations, or individuals or groups acting on behalf of such entities.

Directory information is information that is generally not considered harmful or an invasion of privacy if released. Directory information includes student name; student address; student telephone listing; email address; photograph or image; date and place of birth; student grade level; student participation in officially recognized clubs and athletic activities; student weight and height, if the student participates in an athletic activity; dates of attendance at Drew; enrollment status; most recent educational agency or institution attended; and degrees, honors, and awards received.

The school records and maintains audio recordings and video or photographic footage and audio recordings of students on school property and at school events in locations including, but not limited to, parking lots, school buses, lunchrooms, classrooms and hallways. Such information is used and maintained for security and other informational purposes, including yearbooks, video yearbooks, school publications, school websites and school social media such as Twitter, Instagram and Facebook. In many cases, recordings or photographs contain directory or peripheral video or photographic footage of students engaged in day-to-day activities including, but not limited to, walking to class and attending classroom or participating in school activities. The school designees may crop, edit, or treat the photograph, video, or audio clip at its discretion.

Peripheral video footage, photographic images, or audio recordings of day-to-day student activities do not include footage of a student, or students committing, being involved in, or witnessing a violation of law or school rule, procedure, or policy. The school may also determine those other activities do not qualify as peripheral images, footage, or recordings on a case-by-case basis.

Parents/Guardians of students under 18 years of age or a student 18 years of age or older objecting to the release of this information should place their objection in writing and notify the student's Dean of Students, no later than September 3rd of the current school year, or within ten calendar days of the student's enrollment.

3. Activities involving collection, disclosure, or use of personal information collected from students for marketing or to sell or otherwise distribute the information to others. Drew Charter School will develop and adopt policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. Drew Charter School will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. Drew Charter School will also directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in the

specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of participation of the specific activity or survey. Drew Charter School will make this notification to parents at the beginning of the school year if the district has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys listed below and will be provided an opportunity to opt their child out of such activities and surveys. Parents will also be provided with an opportunity to review any pertinent surveys.

Child Abuse

Any student (or parent or friend of a student) who has been the victim of an act of sexual abuse or sexual misconduct by a teacher, administrator, or other school system employee is urged to make an oral report of the act to any teacher, counselor, or administrator at his/her school.

Georgia law requires that school employees and volunteers immediately (or within 24 hours) report any suspected cases of child abuse or neglect. Once a report has been made, official representatives of DFCS have the right to come to the school to interview the child without parent notice or permission. Drew personnel are not permitted to discuss or share information about child abuse reports with parents/guardians. To report suspected child abuse, you may contact Drew's school social worker, school administrator, staff member, or DFCS Child Protective Center at 1-855-GACHILD / 1- 855-422-4453 where reports are taken 24 hours a day, 7 days a week.

Drew Nondiscrimination

Drew requires compliance with all discrimination laws, including but not limited to: Title VI and VII of the Civil Rights Act of 1964, Title IX of the Educational Amendments of 1972, Equal Pay Act of 1963, Pregnancy Discrimination Act, Age Discrimination Act of 1975 (Age Act), Age Discrimination and Employment Act (ADEA), Americans with Disabilities Act of 1990 (ADA), Section 504 of the Rehabilitation Act of 1973, Boy Scouts of America Equal Access Act of 2001, and the Individuals with Disabilities Education Act (IDEA).

Drew believes that all students are entitled to equal educational opportunities regardless of their race, color, religion, sex, citizenship, ethnic or national origin, age, disability, medical status, military status, veteran status, marital status, sexual orientation, gender identity or expression, genetic information, ancestry, or any legally protected status. No student shall be subjected to discrimination or harassment because of the student's race, color, religion, sex, citizenship, ethnic or national origin, age, disability, medical status, military status, veteran status, marital status, sexual orientation, gender identity or expression, genetic information, ancestry, or any legally protected status in any of Drew's education programs, activities, or practices. The board further recognizes its responsibility in accordance with applicable laws (Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act) to ensure that all students have an equal opportunity to benefit from and participate in all programs and activities of the school system. Additionally, sexual harassment is a form of discrimination that undermines the integrity of the educational environment. It is prohibited by Title IX. Drew Charter School is committed to upholding these laws and takes discriminatory behaviors seriously. Therefore, Board policy prohibits acts of sexual harassment that may not rise to the level of a violation of federal law. For detailed information regarding Title IX reporting (including reports of sexual harassment), formal complaint procedures, grievance process/procedures, supportive measures, investigation, available relief, appeal rights, or for any other information regarding Title IX, please visit www.atlantapublicschools.us/titleix.

Drew Charter School has established both informal and formal procedures for resolving any complaints of discrimination, harassment, or bullying. Allegations of discrimination should be reported immediately to an administrator or counselor at the school.

A student may make a direct report to their school administrator. The school administrator shall assist the student with formalizing and processing the complaint, which should include a statement of facts, identification of witnesses, and any other information necessary to fully describe the matter. Formal complaints should be filed within 30 calendar days of the alleged incident.

All inquiries and discrimination complaints filed with Drew Charter School (except in extenuating circumstances) are confidential to the fullest extent possible. Confidentiality also applies to the investigative process of all investigations conducted by Senior Academy administrators and the Office of Human Resources. All school personnel who have knowledge of the occurrence of discrimination should immediately make an appropriate report of the alleged misconduct to the appropriate principal, assistant principal, or to the Office of Human Resources.

Students should note that it is unlawful for a student to falsify, misrepresent, omit, or erroneously report information regarding instances of alleged inappropriate behavior by a teacher, administrator, or other school employee, including during off-school hours.

School History

Recognizing a quality school is the key to a healthy, revitalized neighborhood, the East Lake Foundation, in partnership with the Atlanta Board of Education and parents in the community of East Lake, opened Charles R. Drew Charter School -- the city of Atlanta's first charter school-- in August 2000. Drew Charter School started with 240 children in grades K-5 and now serves approximately 1,700 students in grades Pre-K-12.

The school is named for Dr. Charles Richard Drew (1904 -1948), an African American physician who is largely responsible for developing techniques used today for storing and transfusing blood and plasma.

Purpose

Drew Charter School serves as a key component of the cradle-to-college continuum within the holistic East Lake neighborhood revitalization. Appreciating our unique status as a mixed-income school, Drew Charter School's primary purpose is to provide an excellent education to all children living in the Villages of East Lake so that each student reaches his or her full potential and is launched on a pathway to health, impact, and prosperity.

Vision

Drew students are equipped with the knowledge, skills, and passion to create positive change in the world.

Mission

Drew is an exemplary, innovative education community that empowers all students to achieve their full potential.

Philosophy

Drew's approach, based on the belief that every child has gifts and talents that must be discovered and nurtured. All students are consistently encouraged to strive to do their best so they may reach their highest potential. A Drew education is one that supports strong intellectual, physical, social, and emotional growth.

Drew Core Values

Wisdom, justice, courage, compassion, hope, respect, responsibility, and integrity are taught directly to students, reflected in the school code of conduct, and modeled in all interactions

among members of the school community. Building strong character is fundamental to creating a positive learning environment and a hallmark of Drew Charter School.

Educational Approach

Made up of small, flexible, schools within schools, Drew is organized into academies where students are taught by a team of teachers. The Elementary Academy serves students in grades Pre-K-5; the Junior Academy serves students in grades 6-8 and the Senior Academy serves students in grades 9-12.

Drew works with several partners (i.e., Rollins Center at the Atlanta Speech School, Westminster Center for Teaching, Georgia Institute of Technology, Georgia State School of Music) that are focused on raising student achievement. These partnerships also help promote our STEAM theme, which integrates Science, Technology, Engineering, Arts and Mathematics with each other and with the Humanities. Our instructional approach is Project-Based Learning (PBL), which provides students with a meaningful and authentic approach to learning the content and skills necessary to be successful in college, career and civic life.

Drew's mission of high academic achievement is supported by an extended day (8 a.m. – 4 p.m.) and school year. Many students take advantage of the school's before and after school programs – one of the most comprehensive in the city – including the Drew After School Program, athletic teams and extracurricular clubs.

Drew Charter School's Primary and Elementary Academies operate in Drew's original building that is attached to the East Lake Family YMCA. The Junior and Senior Academies are housed in a new state-of-the-art facility across the street at the Yates Upper Campus. In addition, the school is surrounded by the Charlie Yates public golf course and the Villages of East Lake apartment home community. The East Lake Community Foundation provides funding for golf professionals who work with our students daily during their physical education classes and in the after school First Tee® of East Lake Program.

What Is A Charter School?

Charter schools are public schools of choice that have greater flexibility in implementing different teaching methods and philosophies. A charter school operates according to the terms of a charter, or contract, that has been approved by a local and state board of education. The charter school may request waivers from certain provisions of Georgia state law and any state or local rule, regulation, policy, or procedure relating to schools in the school's district. In exchange for this flexibility, the charter school is bound by contract to be held accountable for meeting the performance-based objectives specified in the charter. Having exceeded its performance standards, Charles R. Drew Charter School's charter has been renewed through June 30, 2022, by approval by both the State and Atlanta Boards of Education.

Enrollment

The Charter School shall enroll any City of Atlanta student (including students with disabilities and ESOL students) who submits a timely application, unless the number of applications exceeds the capacity of a program, class grade level or building. In such case, all such applicants shall have an equal chance of admission through a random selection process; provided, however, that the Charter School shall give enrollment preference to such students who reside in the East Lake community, as described above.

Who is Eligible to Attend Drew?

Drew Charter School may only enroll students who live in the Atlanta Public Schools attendance zone. As a charter school, no children are zoned to attend the school, but priority enrollment is given to those residing in the East Lake community as follows:

The primary attendance zone for Drew Charter School shall be students residing in The Villages of East Lake. Students residing in the current Toomer Elementary School attendance zone shall be eligible for enrollment to fill any remaining space subject to a lottery (should demand for enrollment exceed available capacity). After accommodating students within the above-mentioned attendance zones, remaining spaces shall be filled from the APS district by lottery as outlined in the Charter Schools Act of 1998 (O.C.G.A. § 20-2-2066). Notwithstanding the foregoing, admission to Drew shall be determined based on the Student Admission Policy.

Drew Charter School may enroll students who reside within the city limits of Atlanta and children of teachers and staff of the Charter School who do not live in the City of Atlanta.

Students Admissions Policy Drew Charter School shall hold a registration period (for the following school year) in February – April of each year. Parents/guardians seeking to enroll their children who do not currently attend Drew must register during the registration period. Parents/guardians of existing students must sign and return the enrollment letter at the end of the school year. Registered students shall be enrolled for the following school year subject to the following process:

1. Students who attended Drew Charter school during the previous school year;
2. Siblings of students who attended Drew Charter School during the previous school year;
3. Students residing in The Villages of East Lake Elementary attendance zone who did not attend Drew Charter School during the previous school;
4. Students residing in the East Lake and the Kirkwood attendance zones who did not attend Drew Charter School during the previous school year and the students of teachers and staff at Drew Charter School not falling under the 1-3 above, including children of teachers and staff who live outside of the City of Atlanta; and

5. Students residing outside the Drew Charter School attendance zone, but within the Atlanta Public Schools district.

Within each category listed above, if the number of registered students exceeds the available space, then the school shall hold a lottery to determine which students shall be enrolled in the school.

The school shall maintain a written waiting list of registered students who were not enrolled in the school due to lack of space. The school may accept new applications for the waiting list outside of the enrollment period. The school shall follow the same preferences stated above for placing on the waiting list those applications received outside of the enrollment period. Openings created during the school year shall be filled from the waiting list.

Students enrolled for the following school year through the registration process outlined above must acknowledge the enrollment in writing (through a form prepared by Drew Charter School). If any enrolled student does not provide such written acknowledgement, the school shall deem this as a rejection and shall fill the vacant spot from the waiting list. By a date to be set by mutual agreement, each year Drew Charter School shall provide to APS a written list of enrolled students for the following school year

Custody

Parents are encouraged to provide the school with a copy of all court order(s) regarding the custody of the child. Drew Charter School personnel may request custody documentation should a question arise. Student enrollment forms, as well as other official documents of the school, should be signed by the natural parent or guardian with whom the child resides. The school will give to non-custodial parents, upon request, all information required under the Family Educational Rights and Privacy Act (FERPA) and the laws of Georgia, unless there is a valid court order directing the school not to divulge such information. If such an order exists, a copy must be presented to the principal.

Change of Address

If a student's residence or contact information changes during the school year, the parent or guardian is required to notify the school. The parent or guardian should complete a change of address form and a new general affidavit of residency accompanied by new proof of residency documentation. This information must be submitted within fourteen (14) days of any move or change of address. This form should be returned to the Main Office or Registrar's Office of your child's school.

Grade Placement

If acceptable documentation for determining grade placement is not presented at the time students are enrolled, students will be temporarily assigned to a grade until determination as to final grade placement can be made.

Withdrawal from School

At the time of withdrawal, students must return all textbooks, library books, and other school-owned items. Any such items not returned, and any other school-related expenses for which the student is responsible (such as lunch charges), must be paid for at the time of withdrawal. The school may withhold grade reports, diplomas, and/or certificates of progress until restitution is made for lost or damaged textbooks and/or media materials.

In situations where a custodial parent enrolls a child in school, that same parent should be the person who withdraws the child from school. However, the custodial parent who enrolled the child in school may give certified written permission to the school to allow a non-custodial parent to complete withdrawal procedures. A minor who is not emancipated may not drop out of school without the written permission of his/her parent/guardian. Prior to accepting such permission, the school shall schedule a conference with the student and parent/guardian to discuss the educational options available to the student and the consequences of not earning a high school diploma.

Eighteen-year-old students and 16- or 17-year-old emancipated minor students may withdraw themselves from school. An attempt will be made to notify the parents/guardians if the students reside with them.

Drew Charter School may withdraw a student without parent/guardian permission as required and permitted by the Georgia State Board of Education Rules. This includes but is not limited to court/legal activity that disrupts the school environment or displaces the student from attending school.

Parent And Student Resources

Child Find

The purpose of Child Find is to identify, locate, and evaluate children and youth, birth to age 21, who are suspected of, or have a disability or developmental delay, in order to provide free and appropriate special education services. Child Find offers comprehensive special education services to eligible students ages three through 21 years of age. Parents of students who suspect their child may have a disability should contact the teacher, principal or the SST/RTI Specialist. All referrals are considered confidential, and services are provided at no cost. The parent, legal guardian, or surrogate parent retains the right to refuse services and is provided other procedural safeguards under federal and state law.

Public school services include screening in areas of suspected disabilities, such as vision, hearing, autism, motor skills, speech, language, and general development. Evaluations in the schools are provided for several areas of suspected disabilities, including learning disabilities, speech and language development, orthopedic impairments, vision or hearing problems, intellectual disabilities, emotional behavior disorders, autism spectrum disorders, health impairments, traumatic brain injuries, and significant developmental delay. For more information

concerning eligibility criteria and referral procedures, contact the Special Education Lead Teacher.

Homeless Children and Youth

The McKinney-Vento Homeless Assistance Act (the Act) ensures educational rights for children and youth experiencing homelessness. The primary goal is educational stability. The Act defines homeless students as those who lack a fixed, regular, and adequate nighttime residence. This includes:

1. Children and youth who are forced to share the housing of other persons due to the loss of housing, economic hardship, or a similar reason; live in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; live in emergency or transitional shelters; are abandoned in hospitals; or are awaiting foster care placement;
2. Children and youth who have a primary nighttime residence that is not designed for or ordinarily used as regular sleeping accommodation for human beings;
3. Children and youth who live in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; or,
4. Migratory children are considered homeless when they are living in circumstances set forth in items 1, 2 and 3.
5. Unaccompanied youth are students who are not in the physical custody of a parent/guardian and are living in a homeless situation.

Homeless students have certain educational rights and can: enroll without delay in school without proof of residency or permanent address, immunization, school records, or other documents or while documentation is being obtained; choose between the local school where they are living or the school last attended before becoming homeless, when requested by the parent and determined by the school to be feasible and in the student's best interest; attend school and participate in school programs with children who are not homeless; and receive all the school services available to other students including transportation services, special educational services where applicable, and meals through the school meals programs.

To be considered eligible, to enroll, and for more information regarding homeless education services, contact the School Social Worker or the Homeless Liaison at 404-802-2245.

Home Schooling Attendance Reporting

Parents and guardians wishing to establish or continue utilizing the home school program must complete and submit a declaration of intent form to Georgia Department of Education. It is the parent/guardian's responsibility to obtain and file a new declaration of intent each year.

To submit an online declaration of intent form or for more information regarding home school programs, contact the GaDOE at 404-656-3083 or visit <http://www.gadoe.org/Curriculum-Instruction-and-Assessment/Pages/Home-Schools.aspx>

Hospital Homebound

Hospital Homebound (HHB) instruction is designed to provide continuity of educational services between the classroom and home or health care facility for students at Drew Charter School whose medical needs, either physical and psychiatric, do not allow school attendance for a limited period of time. HHB instruction may be used to supplement the classroom program for students with health impairments whose conditions may interfere with regular school attendance (e.g., students receiving dialysis or radiation/chemotherapy; or students with other serious health conditions). For additional information, contact the SST/RTI Specialist at Drew.

School Counselors

The school counselor provides a safe, nurturing environment to foster a trusting relationship with students. Parental permission is not required for students to see the counselor or to participate in classroom guidance activities. In this confidential relationship, students can explore their feelings and experiences in hopes of finding a meaningful, positive solution to their personal issues. In many cases, the school counselor works on problem solving, decision-making, and goal setting with the students.

School counselors do not take the place of private therapists and cannot provide long-term therapy for students. Middle and high school counselors also help with student advisement and focus on career pathways. Parents, teachers, and students can initiate a referral to the school counselor. For additional information, contact your school counselor.

School Health Services

The School Health Services Program provides coordinated school-based nursing services for students. Services provided by school nurses require a referral and parental / guardian consent for individualized screenings (e.g., vision, hearing, dental, scoliosis). Referrals of individuals with health problems or suspected health problems are accepted from parents, school personnel, students and health care providers in the community and may be submitted to the school-based health services professional or the central health office personnel.

School Nutrition Program

Well-nourished students have higher test scores, increased school attendance, improved concentration, and improved classroom behavior. This is why our School Nutrition Department offers breakfast and lunch options for students daily. However, school meals are not free. If your student plans on eating meals at school, you will receive a monthly bill. For more information about school meals, please visit the Drew Dining page in the parent section of the school website. You can also send any and all questions about anything school nutrition related to nutrition@drewcharterschool.org.

School Social Workers

School social workers' primary role is that of a liaison/child advocate. The school social worker collaborates and consults with students, parents, school administrators, faculty, and the community in the identification of family and student concerns. Social workers use interventions and services that help children and families at risk of educational failure. The social worker addresses issues such as excessive absenteeism and personal and behavior problems that interfere with a student's education. For additional information, contact Drew's school social worker.

16. You have the right to, at any time, file a complaint with the United States Department of Education's Office for Civil Rights.

504 Procedural Safeguards

1. Overview:

Any student or parent or guardian ("grievant") may request an impartial hearing due to the Drew's actions or inactions regarding a child's identification, evaluation, or educational placement under Section 504. Requests for an impartial hearing must be in writing to the SST/RTI Specialist; however, a grievant's failure to request a hearing in writing does not alleviate Drew's obligation to provide an impartial hearing if the grievant orally requests an impartial hearing through the SST/RTI Specialist. The SST/RTI Specialist will assist the grievant in completing the written Request for Hearing.

2. Hearing Request:

The Request for Hearing must include the following:

- a. The name of the student.
- b. The address of the residence of the student.
- c. The name of the school the student is attending.
- d. The decision that is the subject of the hearing.
- e. The requested reasons for review.
- f. The proposed remedy sought by the grievant.
- g. The name and contact information of the grievant.

Within 10 business days from receiving the grievant's Request for Hearing, the SST/RTI Specialist will acknowledge the Request for Hearing in writing and schedule a time and place for

a hearing. If the written Request for Hearing does not contain the necessary information noted above, the SST/RTI Specialist will inform the grievant of the specific information needed to complete the request. All timelines and processes will be kept until the Request for Hearing contains the necessary information noted above.

3. Mediation:

Drew Charter School may offer mediation to resolve the issues detailed by the grievant in his or her Request for Hearing. Mediation is voluntary and both the grievant and Drew must agree to participate. The grievant may terminate the mediation at any time. If the mediation is terminated without an agreement, Drew will follow the procedures for conducting an impartial hearing without an additional Request for Hearing.

4. Hearing Procedures:

- a. The SST/RTI Specialist will obtain an impartial review official who will conduct a hearing within 45 calendar days from the receipt of the grievant's Request for Hearing unless agreed to otherwise by the grievant or a continuance is granted by the impartial review official.
- b. Upon a showing of good cause by the grievant or school system, the impartial review official, at his or her discretion, may grant a continuance and set a new hearing date. The request for a continuance must be in writing and copied to the other party.
- c. The grievant will have a chance to examine the child's educational records before the hearing.
- d. The grievant will have the opportunity to be represented by legal counsel at his or her own expense at the hearing and participate, speak, examine witnesses, and present information at the hearing. If the grievant is to be represented by legal counsel at the hearing, he or she must inform the SST/RTI Specialist of that fact in writing at least 10 calendar days prior to the hearing. Failure to notify the SST/RTI Specialist in writing of representation by legal counsel shall constitute good cause for continuance of the hearing.
- e. The grievant will have the burden of proving any claims he or she may assert. When warranted by circumstances or law, the impartial hearing officer may require the recipient to defend its position/decision regarding the claims (i.e., a recipient shall place a disabled student in the regular educational environment operated by the recipient unless it is demonstrated by the recipient that the education of the person in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily. 34C.F.R. §104.34). One or more Drew representatives, who may be an attorney, will attend the hearing to present the evidence and witnesses, respond to the grievant testimony and answer questions posed by the review official.
- f. The impartial review official shall not have the power to subpoena witnesses, and the strict rules of evidence shall not apply to hearings. The impartial review official shall have the authority to issue pre-hearing instructions, which may include requiring the parties to exchange documents and names of witnesses to be present.
- g. The impartial review official shall determine the weight to be given any evidence based on its reliability and probative value.
- h. The hearing shall be closed to the public.
- i. The issues of the hearing will be limited to those raised in the written or oral request for the hearing.

- j. Witnesses will be questioned directly by the party who calls them. Cross-examination of witnesses will be allowed. The impartial review official, at his or her discretion, may allow further examination of witnesses or ask questions of the witnesses.
- k. Testimony shall be recorded by court reporting or audio recording at the expense of the recipient. All documentation related to the hearing shall be retained by the recipient.
- l. Unless otherwise required by law, the impartial review official shall uphold the action of school system unless the grievant can prove that a preponderance of the evidence supports his or her claim.
- m. Failure of the grievant to appear at a scheduled hearing unless prior notification of absence was provided and approved by the impartial review official or just cause is shown shall constitute a waiver of the right to a personal appearance before the impartial review official.

5. Decision:

The impartial review official shall issue a written determination within 20 calendar days of the date the hearing concluded. The determination of the impartial review official shall not include any monetary damages or the award of any attorney's fees.

6. Review:

If not satisfied with the decision of the impartial review official, any party may pursue any right of review, appeal, cause of action or claim available to them under the law or existing state or federal rules or regulations.

 - 7:45am – 8:15
- Student Dismissal by Academy
 - Elementary Academy - 3:45pm - 4:00pm
 - Junior Academy/Senior Academy - 3:45pm - 4:00pm

Student Cell Phone Use

- At the beginning of each class, cell phones will be stored in a cell phone locker in a designated area of the classroom.
 - This includes Power 45 and Advisory
- Students are also required to remove all headphones and ear buds upon entering the classroom.
- Teachers will make an announcement at the beginning of class that cell phones will be put away in designated cell phone lockers and locked.
 - All students in all classes will store their cell phones
- If phones are being used for instructional purposes, teachers will give *explicit directions* on how the phones will be used.
 - Teachers will also announce when students are to put their phones back into the cell phone locker.
- Teachers will direct students at the end of class on the process for retrieving phones from designated lockers.
- Students are not allowed to retrieve phones during class (this includes P45, Advisory, and restroom breaks). Students can have their phones during class transitions and lunch.
- If students violate these guidelines, progressive discipline will be implemented.
 - If students refuse to put their phones in the cell phone locker, the teacher will confiscate the phone and keep it until the end of the class period.
 - If the student refuses to give the phone to the teacher, it will be confiscated by an administrator until the end of the day.
 - Progressive discipline procedures will also be implemented
 - If an administrator has to confiscate the phone more than 2 times, a parent will be required to pick up the phone every subsequent time.
- Students are also required to remove all headphones, earbuds, and put away cell phones during class or school town halls, community forums, or educational visits.
- If a student uses a mobile phone or other PED in the commission of any violation of the rules contained herein, the device may be confiscated, and the student may lose the privilege of possessing a mobile phone or PED on school property for one calendar year.

- Students will only be allowed to use the school telephone for emergencies and only with staff permission and supervision. Delivering messages to students in class is disruptive and time-consuming. Therefore, we ask parents/guardians to use other means of communicating with their students, whenever possible
- All of the guidelines above also refer to iPads. School work should be done on laptops ONLY.

School Visitors / Visitor Access

Parents and guests are welcome at Drew but are required to check in at the front desk for the safety and security of our students and staff. During regular school hours, we limit visitors to:

- The parent or guardian of a student
- Other designated family members of a current student conducting business at the request of a parent/guardian
- Individuals invited by the school to conduct official business like, volunteers, community partners, vendors, etc.

Screening:

All visitors, including former students, are subject to screening via the Visitor Management System. An official government issued ID with a photograph (preferably a driver's license), is required for authorization*. Visitors must scan their ID or type their information into the visitor management system. If authorized, a visitors' badge will be printed and must be worn for the length of the visit.

Exceptions are large special events open to the public in the theatre, gym, or cafeteria. For these events attendees must access those spaces from outside, without passing through the main building.

Note that all visitors are screened against a national sex offender database. If the screened visitor comes up as a possible match, authorized staff will be notified to manually verify or dismiss the potential match. This may delay or prohibit the entry of a guest. Drew reserves the right to deny entry to anyone who cannot establish their identity.

Appointments:

When expecting visitors during regular school hours, staff should inform the front desk with the name, anticipated arrival time and purpose for the visit. Once checked in, you will be called at your extension, on the 2-way radio or via intercom to greet your guest. Visitors must be escorted.

At the end of a visit, guests are required to check out using the Visitor Management System and surrender their visitors' badge.

-cont.-

Volunteers:

Volunteers include presenters, room parents, tutors, guest speakers, etc. All volunteers require pre-registration and clearance before they are allowed to perform duties on campus. See the Volunteer Handbook for more details. Access is limited to scheduled dates and times for designated duties. All volunteers must use the Visitor Management System and wear the issued visitors badge throughout their visit.

Safety:

Unidentified adults should be questioned and escorted to the front desk or out of the building. If necessary, an administrator or school resource officer should be called. *The presence of unauthorized visitors on school grounds or in facilities may constitute trespassing and may subject violators to criminal prosecution under the laws of the State of Georgia

Meetings & Conferences with Administrators and Teachers:

Conferences with teachers or administrators require 24hour notice so the instructional day is not interrupted. It is best to request an appointment in advance via email or by phone. A complete staff directory can be found on the school website.

Emergency Procedures

Charles R. Drew Charter School has developed a comprehensive safety plan that will be practiced throughout the school year. Students are expected to adhere to the proper protocol during all drills.

School Closing

In the event of inclement weather, the Charles R. Drew Charter School will typically follow The Atlanta Public Schools' inclement weather decision. In case of inclement weather, please tune in to all local television channels for school closings, delays, or early dismissals.

Field Trips

Parents will receive notices of field trips in advance of the scheduled trip and will be asked to sign a field trip permission form. Sometimes a small contribution may be requested to help defray transportation or facility costs. No student will be penalized in any manner or denied the opportunity to go on the field trip that is part of the regular academic program for failure to contribute.

Individuals or organizations often offer the opportunity for students to travel during weekends or school breaks, or even during times when school is in session. Unless these opportunities are approved by Drew Charter School, matters of interest or concern must be addressed to the individuals or representatives sponsoring these trips.

Clubs, Organizations & Extracurricular Activities

Participation in school-sponsored activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships with other students; participation, however, is a privilege, not a right.

Students attending regularly scheduled club meetings must follow the rules established by the school. Clubs will meet on a scheduled basis so as not to conflict with academic instruction. Sponsors or coaches of athletic teams, student clubs and performing groups such as the band, choir, and drill and athletic teams may establish standards of behavior—including consequences for misbehavior—that are stricter than those for students in general. If a violation is also a violation of school rules, the consequences specified by the Student Code of Conduct or by local policy will apply in addition to any consequences specified by the organization's standards of behavior.

Student Health Services

School Nurse

A nurse is on duty each day. The nurse is responsible for assessment, intervention, and management of health-related concerns in the school setting. This service is not to replace the care a student receives from a regular doctor or clinic, but will provide:

- Basic emergency and first aid care
- Assistance to correct problems discovered
- Monitoring of immunization records
- Administering of certain medications upon proper paperwork being on file, call the nurse for more information on the full procedure

Medication

If a student needs to be administered medicine during the school day, it must be in the original container and a permission form must accompany the medication. This form may be obtained from the nurse's office. A parent/guardian must deliver prescription medications that are classified as controlled substances to the nurse's office. All medication will be stored and dispensed through the nurse's office. Students should not bring medicine with them to school and administer it to themselves.

Sick Call

After an assessment by the nurse, if it is determined that a student should not be at school, a parent, guardian, or emergency contact will be notified. Please contact the nurse's office when there is a change in health status or emergency contact numbers to discuss your student's individual needs. If it becomes necessary for a student to take any form of medication at school, a signed note from a parent/guardian and doctor must be presented to the nurse. The principal should be notified in writing if a student has a chronic illness or disability that could require

special or emergency treatment. Students should not return to school until fever- and/or vomit-free for 24 hours.

Contagious illness: If a student has been identified as possibly having a contagious illness, the school will follow the infectious disease reporting protocol including recommendations from the Fulton County Health Department.

Cafeteria and Food Procedures

Breakfast and lunch will be available to all students daily. Students in grade 12 may have the privilege of having lunch in designated outside areas beyond the cafeteria. We encourage parents who provide their child's lunch to use these guidelines as they plan menus.

- Send students to school with lunch
- Pack lunches that can be stored in a locker or with the student
- Avoid sending carbonated beverages, candies, and large serving size of drinks, chips, food, etc.

In the event that a parent/guardian must bring a lunch to the school, please follow these guidelines:

- Bring the lunch prior to the designated lunch period to the main office to sign in (students will not be called out of class)
- Pack and label lunch in a closed container (sack or lunchbox/bag)
- Bring lunch only for students for which you are a contact
- Lunches must be placed in cubby in cafeteria
- Parents/guardians are not permitted to meet their students in front of the school to deliver food but must park and drop off the items with the front office staff.
- Please note that any lunches that arrive after the designated lunch period will remain in the cubby in the cafeteria until the end of the school day.
- Parents, guardians, and students cannot have food delivered to the school.

Parents/Guardians and students cannot sell food before, during, or after the school day without permission from the administration.

Ordering food through delivery services (such as Uber Eats, DoorDash, etc.) is also not allowed. If delivered, the food will be confiscated, and students may face disciplinary action and the food will be discarded.

Contacting Staff Members

Communication between staff members and parents/guardians is critical for students' success. Below are several procedures and norms for this communication.

- Parents/guardians should expect staff to respond to phone calls and emails within two business days.
- Upon receipt of a conference request, staff members will attempt to schedule conferences within two business days.
- The parent/guardian should report to the office at the time of the agreed appointment and the main office staff will provide a visitor's pass and notify the faculty member.

- Please always check in at the front office and refrain from going directly to classrooms or offices before the main office has contacted the staff member.

Parent–Teacher Conferences

Parents are encouraged to contact the school to arrange a parent-teacher conference when the parent would like more information about their child’s performance at school. Teachers are not available for parent-teacher conferences during instructional time. Parents are encouraged to utilize the scheduled teacher conference day to address student issues. Each school has a scheduled conference day and the teachers remain at the school to talk with parents and guardians.

Classroom Observations

Classroom observations by parents/guardians can cause significant disruption to the learning environment and are generally not allowed. Requests for observations should be submitted in writing to the academy principal.

Locker Usage Procedures

Students are strongly recommended to use provided access to a locker. Any student in the Senior Academy who wishes to have access to a locker should see Mrs. Lowe during the designated times announced to students. This assessment will go towards locker maintenance.

1. Student lockers are the property of the school and remain at all times under the control of the school.
2. The school retains the right to inspect student lockers for any reason, at any time, without notice, without student or parent consent, and without a search warrant.
3. Students are responsible for all items found in the lockers as well as being financially liable for any damage occurring to the locker. (As a reminder, aerosol containers can be subject to explosion and should not be stored in lockers.)
4. Students should NOT share their combination with any other student.
5. Students are not allowed to decorate their lockers with permanent materials including, but not limited to stickers, paint and markers.

Student Driving and Parking Procedures

Parking on campus will be limited to juniors and seniors. Once students arrive on campus, they should lock their vehicles and immediately leave them when they arrive. Loitering in the parking lot is strictly prohibited. Students are not to be in their cars or the parking area at any time during the day (including lunch periods and between classes) and cannot leave campus at any time without an approved check-out in the main office.

1. All students who drive and park on campus are required to apply for and receive a parking permit prior to driving to school (and immediately following any vehicle changes). Any lost or damaged hangtag will require a student to purchase another

hangtag at regular price.

2. Any student operating a motor vehicle in the school area must have a valid driver's license, tag receipt, and insurance card.
3. Students are to park only in the designated student parking lot and must comply with all parking signs or markings. All other parking lots are off limits during school hours (7:00-4:00). The following are NO PARKING areas:
 - a. Grass areas on campus
 - b. Curbs in front parking lot
 - c. Teacher parking lot
 - d. Handicap parking spots (unless the student has handicapped plate or hangtag)
4. Parking permits must always be displayed on the interior rearview mirror while on campus.
5. Any student who violates good, safe driving standards or who fails to abide by the school's driving/parking regulations may be forbidden to use his/her vehicle in the school area for an indefinite period of time and may be subject to disciplinary action.
6. The school reserves the right to make necessary adjustments to parking/ driving regulations. Refusal to observe these regulations could result in the revocation of parking and/or driving privileges and appropriate disciplinary action being taken.
7. The school assumes no responsibility for damages to vehicles parked on the campus

Lost and Found

Each campus has a "Lost & Found" area where lost items are turned in and may be claimed. Items that are not claimed by the end of the school year will be donated to charity. Items of clothing that may be removed, such as coats and sweaters, should be labeled with the student's name. DCS will not be responsible for damaged, harmed, or lost items.

Student Attendance Guidelines

[SY2025 – 2026 Bell Schedule](#)

Student attendance is critical for academic success. To avoid credit loss and to promote good attendance, there must be intense and sustained efforts by the student, parents/guardians and school staff working together. Not only should students attend school on a daily basis, but they should also report on time and stay in school for the entire day.

Definition of being "In Attendance"

To be considered "in attendance" a student must attend two or more class periods except when participating in school-sponsored activities. Such activities include, but may not be limited to,

field trips, student conventions, music festivals or concerts or similar activities approved by the school. Students must be in attendance at school in order to participate in extracurricular events, including but not limited to athletics and prom scheduled on the same day.

Please note that students are encouraged to come to school even if they cannot meet the criteria for being “in attendance” described above.

Attendance Policy

Drew Charter School maintains attendance regulations that follow guidelines of the Atlanta Public Schools Attendance Policy. Students are expected to be in school except in cases of illness or emergency (see list of Excused Absences and Tardies below). Only when attendance is regular and punctual can students fully capitalize on the many opportunities for successful learning that this school offers. The school and its families must work together to ensure regular attendance of all students. While the school recognizes the value of family trips, it is strongly recommended that such trips correspond with the generous vacations already built into the school calendar to avoid the loss of valuable class time. Students are responsible for any work missed due to an absence, whether excused or unexcused. Parents are required to notify the school of a child’s absence as soon as possible and preferably before the start of the day on which the student will be absent. If the school has not been notified about an absence in a timely manner, the school will attempt to contact the family by phone, email, or text message to inform them about the student’s absence via our automated school system, but you must be registered in Infinite Campus Parent Portal to receive these notifications. Parents can also verify their child’s attendance via the Infinite Campus Parent Portal. ***NOTE: Students who arrive at school after 11:30 a.m. will be counted as absent for the day and will not be allowed to attend school without a doctor’s notice.**

Truancy

The Compulsory Attendance Law requires all minor students to attend school on a regular basis. When a child is absent, parents, guardians, or other persons who have control of a child enrolled in APS should report reasons for absences in compliance with Policy and Regulation JB. Georgia law requires that after any student accrues five (5) days of unexcused absences in a given school year, the parent, guardian, or other person who has control or charge of that child between their 6th and 16th birthday shall be in violation of O.C.G.A §20-2- 690.1 (b). Any child that is subject to compulsory attendance who, during the school calendar year, has more than five (5) days of unexcused absences is considered truant. Please note that if your scholar is over the age of 16 and has chronic absenteeism (accruing 5 or more days of unexcused absences) they will be subject to our attendance interventions as outlined by our Attendance Protocol.

The law states the following: “Any parent or guardian who violates this Code section shall be guilty of a misdemeanor and, upon conviction thereof, shall be subject to a fine of not less than \$25.00 and no greater than \$100.00, imprisonment not to exceed 30 days, community service, or any combination of such penalties, at the discretion of the court having jurisdiction. Each day’s absence from school in violation of this Code section after the child’s school system notifies the

parent or guardian of five unexcused days of absence for a child shall constitute a separate offense”.

Drew will notify parents/ guardians when a student has accumulated five (5) unexcused absences.

Possible consequences may also include disposition for unruly children in accordance with O.C.G.A. §15-11-67

Following each Full Day of Unexcused absences:

Parent Contact via Robocall and automated email responses. However, you must be registered on Infinite Campus Parent Portal to receive these notifications. These notifications will advise the time your student arrived at school and the reason for absence.

Excuse note requested parent/student must be provided within three (3) days of the student’s return to school, or the absences will be marked as unexcused.

Please send all notes of excuse, and or medical documentation to

attendance@drewcharterschool.org. If you’re unable to email your documentation, please have your student give note of excuse, or medical documentation to the secretary at the Yates Campus (not their teacher). Parents/guardians are requested to contact the counselor, dean of students and/or principal immediately in the event of extended absences.

Absence Policy

Please refer to the ladder of interventions regarding the school’s absence policy:

1. After three (3) unexcused absences the counselor will contact the parent(s)/guardian(s) by email, phone, or in person and remind them of the school’s attendance policy. The school will document the contact with parent(s)/guardian(s). Contact will be made with the information listed on Infinite Campus.
2. After five (5) unexcused absences the attendance specialist will send an email and/or letter of notice to the parent(s)/guardian(s) reminding them of the school’s attendance policy and intervene to support if necessary. Notices will be emailed and/or mailed to the email/ address listed on Infinite Campus.
3. If the student accumulates eight (8) unexcused absences, a referral will be made to the Administrative Staff to schedule a meeting with the parent(s)/guardian(s), and the student in person, or via zoom. The purpose of this meeting is to determine parent and student supports and place the student on an Attendance Intervention Plan in hopes of improving their attendance concerns. This communication will be sent via email to the email address listed on Infinite Campus.
4. If the student accumulates ten (10) unexcused absences, a referral will be made to the School Social Worker. The School Social Worker will send an Intent to File Letter via certified mail to meet with the parent(s)/guardian to intervene. The School Social Worker may also refer this case to Juvenile Court. Drew’s social worker will indicate to

administrator's which students have not improved. A Student can be withdrawn from school if they accumulate (10) consecutive unexcused absences.

5. Residency verification documents may be requested.

Excused/ Unexcused Absences

When verified by the parent or guardian, excusable absences will be recorded in the student's permanent record as an "excused absence". The school does not excuse absences for assisting at home, babysitting, family vacations, shopping or for other reasons deemed capricious by the school authorities. In addition, teachers are not responsible for providing private instruction for work missed through absences for the aforementioned reasons. Such absences must always be reported to the school and will be recorded on the child's permanent record as "unexcused absences". Continued or chronic absence/ tardiness for illegal reasons may result in referral to the Student Support Team (SST), and excessive illegal absence/ tardiness may result in the retention of a student at grade level and referral to the juvenile authorities. Unexcused absences are the students' willful absences from school without the knowledge of parents (guardians), or the students' absences from school without justifiable causes with the knowledge of parents (guardians). Unexcused absence and truancy may lead to legal action to include court proceedings involving parents/guardians and/or students, if the student is less than sixteen (16) years of age. Georgia statutes (O.C.G.A. 20-2-690.1) require school attendance until the age of sixteen (16).

Excused Absences and Tardies (Proper Documentation Must Be Provided)

Excusable absences permitted by Georgia Board of Education attendance rules:

- Illness
- School Sponsored Educational opportunity
- Quarantine
- Suspension
- Death in family (3)
- Expulsion
- Medical (or dental) appointments
- Register to vote or vote in public
- Court proceedings (one-day limit) elections
- Religious proceedings
- Serve as a page in the Georgia General Assembly

Absence Documentation Requirement

Parent's Notes

All absences require medical documentation, and/or written note from the parent/guardian, explaining the absence(s). The note and/or medical documentation should be emailed to attendance@drewcharterschool.org. If you're unable to email your documentation, your student should deliver the note/medical documentation to the secretary at the Yates Campus

when they return to school. Failure to submit such note and/or medical documentation within three (3) days after returning to school will result in an unexcused absence being recorded. Please note that no more than five (5) handwritten parent or guardian notes will be accepted per school year; additional absences will require official documentation.

Doctor's Note

Upon return to school, a student absent 3 consecutive days because of a personal illness must bring a statement from a doctor or health clinic verifying the illness or condition that caused the student's extended absence from school.

Violation of Drew Attendance Policies

Students with excessive unexcused absences and/or tardiness are in violation of our attendance policy. Students who have exhibited a pattern of poor attendance from previous school year and/or have exceeded the current school year maximum number of unexcused absences and or/tardies may be placed on attendance probation. Students on probation can be withdrawn when 2 absences and 5 tardies are reached. A due process model will be implemented to address continued and repeated attendance matters. Continued and repeated attendance matters will jeopardize the student's continued enrollment at Charles R. Drew Charter School.

Unexcused Tardy

Student arrival to first period at any time after 8:15 am will result in a recording of a tardy. It is suggested that students arrive at school by their appointed arrival window time to ensure prompt arrival to first period class. Repeated failure to comply with this policy could result in the student losing the privilege of attending Drew Charter School.

Following each Unexcused Tardy to school:

Parent Contact will be made via Robocall and automated email responses. However, you must be registered on Infinite Campus Parent Portal to receive these notifications. These notifications will advise the time your student arrived at school and the reason for tardy.

Please send all proof of medical and or dental appointment(s) for tardy to attendance@drewcharterschool.org. If you're unable to email your proof of medical, or dental appointment, please have your student give proof to the secretary at the Yates Campus upon their return to school. If documentation is not received within three (3) days of the student's tardy, it will be marked as unexcused.

Tardiness Procedures

Only proof of medical and dental appointments will be considered for excused tardiness.

Please refer to the ladder of interventions regarding the school's tardy policy:

1. After five (5) unexcused tardies the counselor will contact the parent(s)/guardian(s) by email, phone, or in person and remind them of the school's attendance policy. The school will

document the contact with parent(s)/guardian(s). Contact will be made with the information listed on Infinite Campus.

2. After ten (10) unexcused tardies the attendance specialist will send an email, and or letter to the parent(s)/guardian(s) reminding them of the school's tardy policy and intervene to support if necessary. Notices will be emailed and/or mailed to the email/ address listed on Infinite Campus.
3. If the student accumulates fifteen (15) unexcused tardies, a referral will be made to the Administrative Staff, and School Social Worker. Parent(s)/guardian(s) and/or the student are required to attend a mandatory meeting regarding being tardy to school, either in person or via zoom.
4. A committee will develop a progressive intervention plan with parent(s)/guardian(s) to prevent additional tardies, which can include monitoring, counseling, mentoring, as well as additional family support services.
5. A due process model will be implemented to address continued and repeated tardiness. Continued and repeated tardiness will jeopardize the student's continued enrollment at Charles R. Drew Charter School.
6. Residency verification documents may be requested.

Early Dismissal

- Parents/Guardians arriving to pick up a student for early dismissal must communicate directly with their student's academy.
- The Early Dismissal cut-off time for SA is 3:00pm.

**** PLEASE NOTE THE FOLLOWING ****

- No student is to leave campus without first being recorded as leaving through the main office. Students must be checked out by a parent, guardian or person included on the students' Early Dismissal Verification Form. Any individual checking a student out must have a valid picture ID.
- Only students who are 16 or older can be dismissed without a parent/guardian. In order to be dismissed early without a parent or guardian a student must submit a letter from a parent requesting an early dismissal to the main office. The letter must include the reason for leaving, method of transportation, time and a telephone number where a parent/guardian can be reached. In the event a parent cannot be reached, students will not be dismissed. All written requests must be turned into the secretary in the main office by 8:00 a.m. or upon arrival. Prior to dismissal, the student will be provided with a pass to be dismissed from class at the correct time. This pass should be shown to the teacher and to the campus receptionist, at the front door of the school as the student exits. Students that do not adhere to this policy will have to follow the above policy and a parent will have to be present.
- Although early dismissals are sometimes necessary, it is strongly recommended that parents/guardians not allow students to leave school early unless it is an absolute

necessity. Classes are 90 minutes long and even one missed class can put a student significantly behind. To ensure minimal distractions with dismissal, in the event of an early dismissal, please pick students up **before 3:00 p.m.**

- For safety reasons, students may not walk out of the building or approach **ANY** vehicle. They must be properly checked out through the front office in order to leave campus.

Early Dismissal Policy

1. After five (5) unexcused early dismissals the counselor will contact the parent by email, phone, or in person and remind them of the school's early dismissal policy. The school will document the contact with the parent.
2. After ten (10) unexcused early dismissals the attendance specialist will send a letter to the parent reminding them of the school's early dismissal policy and intervene to support if necessary. Notices will be emailed and/or mailed to the email/ address listed in Infinite Campus.
3. If the student accumulates fifteen (15) unexcused early dismissal, a referral will be made to the School Social Worker.
4. Residency verification documents may be requested.

Charles R. Drew Charter School operates on an extended day schedule. Attendance for the entirety of the school day is mandatory. Scholars are required to remain on campus for the full duration of the day in order to receive their in-person classroom instruction. Early dismissals and late arrivals disrupt the learning process and are strongly discouraged, except in cases of illness, emergency, or with prior administrative approval.

The school reserves the right to take appropriate action in cases of excessive absences, tardiness, or early check-outs, in accordance with district and state attendance guidelines. Families are encouraged to schedule appointments and personal commitments outside of school hours whenever possible to support uninterrupted learning. **Early dismissal ends at 3:00pm. Students will not be released for early dismissal after 3:00pm.**

Students With 504 Plans and Individualized Education Programs (IEPs)

Students with 504 Plans and Individualized Education Programs (IEPs) are required to adhere to Drew Charter School's established attendance policy. The existence of a 504 Plan or IEP does not, in itself, constitute an excused absence or tardy. Families are responsible for reporting all absences in a timely manner and for submitting the necessary documentation in accordance with school requirements. Attendance procedures are designed to align with Drew Charter School policy, Section 504 of the Rehabilitation Act, and the Individuals with Disabilities Education Act (IDEA).

For clarification regarding individual student accommodations, families should contact the MTSS/504 Coordinator or the Special Education Lead Teacher.

Late Pick Up

For their safety and protection, all students need to be picked up immediately following the school day or any extracurricular activity. The school day ends at 4:00 pm and there will be a 15-minute period for student pick-up. For all extracurricular activities, students should be picked up within 15 minutes of the end of the activity. All students should be picked up by 4:14pm each day. Students who remain beyond these timeframes jeopardize their safety and place an undue burden on the school to provide supervision. Failure to adhere to this policy could result in the student losing the privilege to stay after school, fees, and the requirement to be picked immediately at the end of the school day.

Teenage/Adult Drivers Responsibility Act (TAADRA)

A student will be referred to the Department of Driver Services and their driver's license or ability to receive a driver's license or learner's permit will be suspended for one (1) year if the student (O.C.G.A. §40-5-22):

A non-compliant student is one who:

- A. Has dropped out of school without graduating and has remained out of school for ten consecutive school days;
- B. Has ten or more school days of unexcused absences in the current academic year or ten or more school days of unexcused absences in the previous academic year
- C. Has been found in violation by a hearing officer, panel, or tribunal of one of the following offenses, has received a change in placement for committing one of the following offenses, or has waived his or her right to a hearing and pleaded guilty to one of the following offenses:
- D. Threatening, striking, or causing bodily harm to teacher or other school personnel;
- E. Possession or sale of drugs or alcohol on school property or at a school sponsored event;
- F. Possession or use of a weapon on school property or at a school sponsored event. (The term weapon is defined by Georgia Code Section 16-11-127.1 but shall not include any part of an archeological or cultural exhibit brought to school in connection with a school project.);
- G. Any sexual offense prohibited under Georgia law (Chapter 6 of Title 16);
- H. Causing substantial physical or visible bodily harm to or seriously disfiguring another person, including another student.

Make-up Work

- Students are responsible for all work missed when absent from school. Immediately upon returning to school, the student must arrange with his/her teacher to make up all work (assignments, tests, projects, etc.). All late work will be due following the guidelines below
 - 9/10 grade classes and Level 1 & 2 Pathway classes - 2 weeks after the initial due date
 - 11/12 grade classes and Level 3 & 4 Pathway classes - 1 week after the initial due date

- 50s will be entered immediately for missing assignments, and a comment should be entered denoting that it is missing.
- Points will not be deducted for students who turn in work late.

For extended absences, the student and/or family should contact teachers to establish a timeframe for submitting missed assignments.

Absences During Final Exams

The schedule for final exams is included in the calendar above and will be communicated via various channels. Please make every effort not to schedule absences during these assessments. Students who miss final exams for the “lawful” excuses describe above, will be eligible to take them at a later date. Requests to take final exams early or late will only be granted in very limited circumstances and after a written request has been submitted to the principal at least two weeks in advance of the exam.

STUDENT CODE OF CONDUCT

Behavioral Norms

Trust is critical to the culture of the Drew Senior Academy. Traditional schools ensure order by imposing rigid rules and consequences assuming that students cannot make good decisions without these structures. Ultimately, this approach does not provide students with the space to develop positive and productive decision-making skills. At the same time, it is our responsibility to provide enough structure and guidance to ensure that students are able to learn and thrive. As a school we seek to find a balance of freedom and structure so that students will become better decision-makers.

There are a variety of strategies to promote good decisions including coaching, goal-setting and self-reflection. Whenever possible the staff will utilize these strategies through processes and systems like Advisory, one-on-one conferences, incentives, shout-outs, self-assessment assignments and rewards like Jeans Passes.

It is also important that there is a clear and consistent approach to addressing students' decisions that harm or hinder themselves or others. Whenever possible, staff will engage students in analysis to understand why behavior is harmful or inappropriate in order to encourage different decisions in the future. Staff will also engage students in restorative practices to "make things right" and/or repair any damage that has been done.

However, it is clear that in some circumstances analysis and reflection on poor decisions are not enough to discourage them in the future. As a result, there needs to be a clear and consistent system of consequences to discourage inappropriate and harmful behavior. The consequences listed in this code of conduct are general guidelines adapted from the APS Student Code of Conduct. The administration reserves the authority to implement consequences that are deemed most appropriate.

School Norms

Show Respect	Honor Trust	Act Responsibly	Present Professionally	Evaluate Self
--------------	-------------	-----------------	------------------------	---------------

These norms apply while students are at school, while traveling to and from school or any school-sponsored event and while participating in any school sponsored event at home or away. These norms also apply in instances where a student's actions outside of school affect the school's ability to maintain an orderly, safe and positive learning environment. This is particularly important regarding the use of social media.

Examples of Norms Infractions

<u>Honor Trust</u>	<u>Show Respect</u>	<u>Act Responsibly</u>	<u>Present Professionally</u>
Visiting a non-instructional website during class	Use of inappropriate language	Not bringing materials to class	Wearing uniform inappropriately
Lying to a staff member	Disrupting a presentation in class	Repeatedly being late to class	Not wearing school uniform
Leaving campus without permission	Posting insulting, derogatory or threatening information on social media	Not following safety drills or guidelines	Disrupting a presentation or school assembly

Student Grievance Procedure

It is important that all members of our community abide by our norms, including students, staff and parents/guardians. If a student feels a norm has been violated, we want to be sure he/she understands how to address the issue appropriately. Whenever a student believes that norm has been violated, they should consider completing the follow steps:

- Wait he/she until emotionally calm and respectfully speak with the other person in private and outside of instructional time about the issue
- Write a respectful letter/note/email to the other person describing concerns

If, after some or all of these steps have been followed, the issue has not been resolved, the student should address the concern to the staff in the following order:

1. Advisor
2. Grade-Level Counselor
3. Dean of Students
4. Principal
5. Head of Schools

SCHOOL PRANKS AND VANDALISM

As a community, we value our facility and are appreciative of the learning environment that it affords our students. Therefore, we want to be sure that everyone understands that all expressions and or actions of class/school must fall within the guidelines of this handbook. Students identified as trespassing on school grounds after or before the school day and identified as engaging in a prank or otherwise destroying school property will be turned over to the local police for prosecution, which could result in arrests and fines. These actions may also result in short-term suspension and referral to a disciplinary tribunal for long-term suspension or expulsion. In addition, if seniors are involved in any of these situations, they may not be allowed to participate in graduation exercises, and a letter may be attached to any letters of recommendation sent to colleges to advise them of this activity. Any other grade level may also lose privileges to participate in class events/fieldtrips/off-campus activities.

Location of Violations

The following code provisions apply to offenses that students commit while on school property or while using school technology resources at any time. As used in this Code of Conduct:

- 1.1. School property includes, but is not limited to:
 - 1.1.1. The land and improvements which constitute the school;
 - 1.1.2. Any other property or building, including school bus stops, wherever located, where any school function, event or activity is conducted;
 - 1.1.3. Any bus or other vehicle used in connection with school functions and activities, including but not limited to, school buses, buses leased by Drew and privately owned vehicles used for transportation to and from school activities;
 - 1.1.4. Personal belongings, automobiles or other vehicles which are located on school property;
 - 1.1.5. Off campus and not at a school event or function if the behavior meets the definition of an off-campus behavior violation or directly affects the safety and welfare of the school community or the orderly mission and function of the school; and
 - 1.1.6. En-route to the student's home from school.

- 1.2. School technology resources includes, but is not limited to:
 - 1.2.1. Electronic media systems such as computers, electronic networks, messaging, and website publishing, and
 - 1.2.2. The associated hardware and software programs used for purposes such as, but not limited to, developing, retrieving, storing, disseminating, and accessing instructional, educational, and administrative information.

Investigation of Misconduct

When a student code of conduct violation is reported or suspected, the principal or designee will determine whether an investigation is warranted and, if so, will instruct appropriate personnel to conduct an investigation. The investigation should include interviews with the alleged perpetrator(s), victim(s), identified witnesses, teacher(s), staff members, and others who might

have relevant information. Written statements should be requested from all individuals who are interviewed. Video surveillance, if available and relevant, should be reviewed and secured. School police and other support staff may be utilized for their expertise as determined by the circumstances of the matter.

At an appropriate time during or after the investigation, the parent or guardian will be notified. However, if the incident involves an injury or similar situation, appropriate medical attention should be provided, and the parent or guardian should be notified immediately. The principal or his/her designee should also immediately inform parents/guardians when students are removed from the school setting by emergency medical or law enforcement personnel.

The determination of whether or not a student has violated the student code of conduct will be made based solely on a preponderance of the evidence. In other words, it is more likely to be true than not true, based on the evidence, that the student did violate the rule. Once it has been determined that a rule(s) was violated, the administrator will follow the progressive discipline process.

Student Questioning by School Officials

Principals and Dean of Students have the responsibility and authority to question students for the purpose of maintaining a safe and orderly school environment. Though it is important to inform parents about issues of concern, parental consent and notification are not required prior to the questioning of students. In accordance with APS administrative regulation JCDAF-R(1), school officials may search a student if there is reasonable suspicion the student is in possession of an item that is illegal or against school rules. School officials may also confiscate or seize any item a student brings onto campus, or is otherwise in the student's possession on campus, if such item is in violation of school policy or rules (see Confiscated Property in [this link](#)).

PROGRESSIVE DISCIPLINE

Progressive discipline is designed to aid students in correcting their misconduct, and it encourages students to be responsible citizens of the school community. Progressive discipline should promote positive student behavior, state unacceptable behavior, and establish clear and fair discipline responses for unacceptable behavior. Disciplinary responses are administered in proportion to the severity of the unacceptable behavior, its impact on the school environment, the student's age and grade level, the student's previous discipline history, and other relevant factors. The school discipline process should include appropriate consideration of support processes to help students resolve issues that may be contributing to violations to the student code of conduct. These resources may include, but are not limited to, Student Support Team, positive behavioral supports, counseling with school counselor, school social worker intervention, behavior, attendance and academic contracts and plans, peer mediation, prevention programs and restorative practices. The offenses have been organized into three (3) levels of prohibited behaviors: Level 1 discipline (minor) offenses, Level 2 discipline (intermediate) offenses, and Level 3 discipline (major) offenses. If a student has been found to have engaged in acts in the school or on the school bus that repeatedly disrupt the school environment, are violent in nature,

involve bullying or physical threats, the student's parent/guardian may be required to meet with the principal or designee to execute a behavior contract.

Our discipline codes and infractions are in line with Atlanta Public Schools. For a detailed explanation of each infraction and the possible consequences **please reference the APS Student Code of Conduct, located at the end of this document as Appendix A.**

Nothing in this Code of Conduct shall be construed to infringe on any right provided to students pursuant to the federal Individuals with Disabilities Education Act (IDEA), Section 504 of the Federal Rehabilitation Act of 1973, or the federal Americans with Disabilities Act (ADA) of 1990.

7. **CHRONIC DISCIPLINARY PROBLEM STUDENTS:** A "chronic disciplinary problem student" is defined by law as a student who exhibits a pattern of behavioral characteristics which interfere with the learning process of students around him or her and which are likely to recur. Any time a teacher or principal identifies a student as a chronic disciplinary problem student, the principal shall inform the parent or guardian of the student's disciplinary problem. Notification should be by either first-class mail or certified mail with return receipt requested and telephone call.

The principal should invite the parent or guardian to observe the student in a classroom situation. The principal should also request that at least one (1) parent or guardian attend a conference with the principal and/or teacher. The purpose of the conference would be to devise a disciplinary and behavioral correction plan.

Before any chronic disciplinary problem student is permitted to return from suspension or expulsion, the school to which the student is to be readmitted should request by telephone call or by either certified mail with return receipt requested or first-class mail that at least one (1) parent or guardian schedule and attend a conference with the principal, or principal's designee, to devise a disciplinary and behavioral correction plan. At the discretion of the principal, a teacher, counselor, or other person may attend the conference. The principal will note the conference in the student's permanent file. Failure of the parent or guardian to attend shall not preclude the student from being readmitted to the school.

The school system may, by petition to the juvenile court, proceed against a parent or guardian of a chronic disciplinary problem student if school system personnel believe the parent or guardian has willfully and unreasonably failed to attend a conference requested by a principal.

8. **DISCIPLINED STUDENTS ON CAMPUS:** Students who are suspended or expelled are not allowed on school grounds to participate in regular school activities, extracurricular activities, athletic participation, and other school events. Students assigned to alternative school may not return to their home school for events without permission of the principal, except when the student is competing/participating in an official event as a member of a team or club. Failure to adhere to this rule can result in the student receiving additional disciplinary charges and/or an increased disciplinary response.

Long-Term Suspension

The principal or designee may impose a long-term suspension of more than 10 days. Such a suspension may be imposed only after the student has been found to be in violation of the Student Code of Conduct and found guilty at a formal suspension hearing. Upon determining that a student's action warrants a possible long-term suspension, the principal or designee will verbally inform the student that he or she is being suspended and is being considered for a long-term suspension and state the reasons for such actions. The principal or designee shall immediately notify the student's parent(s) or guardian(s) in writing. Written notice shall be provided by personal delivery, express mail delivery, or equivalent means reasonably calculated to assure receipt of such notice within 24 hours of suspension at the last known address. Where possible, notification also shall be provided by telephone if the school has been provided with a contact telephone number for the parent(s) or guardian(s). Such notice shall provide a description of the incident, or incidents, which resulted in a long-term suspension. At the formal hearing, the student and/or parent(s) or guardian(s) shall have the right to present evidence and ask questions. The principal, in consultation with the Head of School, is responsible for making the final decision with regard to long-term suspensions.

Mandatory Transfer from Drew

If a student is being considered for mandatory transfer from Drew Charter School, the Principal shall provide written notification to the student and his or her parent(s) or guardian(s) that the student is being considered for transfer to another school. Such notice also shall set a time and place for an informal conference with the principal and shall inform the parent(s) or guardian(s) of their right to be accompanied by an individual of their choice. Except for those items which, under state and federal law, require immediate transfer, the principal may not require a transfer of a student unless a prior written and verbal warning for mandatory transfer has been issued to both the student and his/her parent or guardian. In that "final warning", documentation must appear which clearly demonstrates which aspects of the Student Discipline Policy or Family/School Compact have been violated and why these violations warrant mandatory transfer if continued. If, following the informal conference, the principal maintains that the student would receive an adequate and appropriate education in another school program, the principal shall provide written notification to the student and his or her parent(s) that the student is being required to transfer. Written notice shall be provided by personal delivery, express mail delivery, or equivalent means reasonably calculated to assure receipt of such notice within 24 hours of mandatory transfer at the last known address. Where possible, notification shall also be provided by telephone if the school has been provided with a contact telephone number for the parent(s) or guardian(s). Such notice shall include a description of the behavior and/or academic problems indicative of the need for transfer, a description of the alternatives explored, prior action taken to resolve the problem, and an invitation for an immediate formal hearing with the Principal and the Dean of Students. At the formal hearing, the student shall have the right to be represented by counsel, question witnesses, and present evidence. The parents, should they so choose, may also present materials to the Principal or Dean of Students for consideration. The Principal or Dean of Students will render a formal decision within 24 hours of the hearing. Upon requiring a student to transfer from Drew Charter School, a written notice will be sent to Atlanta Public Schools.

IEP and IDEA Requirements; Due Process¹

1. Drew commits to staying in compliance with any federal law regarding student discipline for children with disabilities, and will stay apprised of any changes in the law. Students with disabilities have the same rights and responsibilities as other students and may be disciplined for the same behavioral offenses. If a student with disabilities has an IEP that includes disciplinary guidelines, that student will be disciplined according to those guidelines as required by IDEA. Students for whom the IEP does not include specific disciplinary guidelines may be disciplined in accordance with the standard school policies discussed above.
2. Any student who is receiving special education services or has been identified as a student with a disability under the Individuals with Disabilities Act (IDEA) and whose acts are determined by the Head of School, Principal or Board of Directors to have violated any rules, regulations or laws as alleged, shall be referred to an IEP committee. The IEP committee will be responsible for determining if the student's conduct is a manifestation of his/her disability and whether such conduct warrants a change in placement, amendments to the individual educational plan (IEP) and/or disciplinary actions. If the IEP committee determines that the student's conduct is not a manifestation of the student's disability, it shall determine what, if any, disciplinary actions shall be taken with regard to offenses that the student has been found by the Principal and Head of School to have committed. The IEP committee shall also have the authority to consider, recommend and implement any changes in a student's IEP or educational placement. Nothing in these rules shall alter or adversely affect the rights of students with disabilities under applicable federal and state laws.

A student's family may elect to appeal a decision by the principal for long term suspension or mandatory transfer to the Head of School. The Head of School may delegate the responsibility and authority to conduct a hearing to a tribunal committee and the tribunal shall take all actions that would otherwise be taken by the Head of School. All such actions taken by the tribunal in connection with such a hearing will be binding on Drew Charter School and the student. In all events of mandatory withdrawal, the Head of School and/or school social worker will work in conjunction with the family to find the best solution.

¹ These policies and procedures may be revised during the charter term if the leadership team deems it necessary.

ACADEMIC PROGRAM

Philosophy

Drew Charter School’s teaching approach is based on the belief that every child has gifts and talents that must be discovered and nurtured. All students are consistently encouraged to strive to do their best so they may reach their highest potential. A Drew education is one that supports strong intellectual, physical, social, and emotional growth.

Science, Technology, Engineering, Arts and Mathematics (STEAM)

Drew’s STEAM theme adds creativity and design-thinking, associated with the arts, to the traditional STEM disciplines. This theme guides our selection of career pathways (Engineering/Design and Computer Science), the creation of projects, the integration of courses and the planning of special events (e.g. - Design-o-rama and STEAM Day). We believe that this focus will help students develop the 21st Century skills and experiences in order to be successful in a rapidly changing and technologically advancing world. It is important to note that in addition to a focus on STEAM, students receive a strong foundation in literacy and the Humanities.

Project-Based Learning

Project-Based Learning (PBL) is an instructional approach that engages students in authentic learning designed to answer a question or solve a problem. Students learn 21st century skills as they learn core content through rigorous, hands-on experiences. Unlike projects that are sent home in addition to the “real” work, in a PBL environment, projects are the centerpieces of instruction. Teaching occurs through the project, rather than teaching and then doing a project. PBL is the main course, not the dessert. Students use technology tools in ways that professionals do – to communicate, collaborate, research, analyze, create, and publish their work for authentic audiences.

Drew Charter School’s Junior and Senior Academies have partnered with New Tech Network (NTN) to implement Project-Based Learning instruction. New Tech Network is a nonprofit education partner that works with over 100 PBL schools across the country.

Flex Time

Flex Time provides a unique opportunity to support students’ academic, emotional and social growth in a flexible format. Flex Time will generally be scheduled as follows:

Student Assessment

Georgia Milestone End-of-Course Tests are administered in Ninth Grade Literature and Composition, American Literature and Composition, Algebra 1, Biology, American Literature, and U.S. History. In addition, for all levels of Spanish, Drew administers the Standards-Based Assessment of Proficiency (STAMP), which assesses students’ proficiency in reading, writing, listening and speaking. The College and Work Readiness Assessment (CWRA) is administered in grades nine and 12 as a means of measuring students’ growth in 21st Century problem-solving skills. Finally, students engage in a wide range of college assessments including the PSAT, ACT, SAT and Accuplacer as part of the college application and Early College processes.

School Wide Learning Outcomes

Traditional grading systems calculate students’ grades based on weighted averages from categories like test, quizzes and homework. These systems often do not provide an accurate measurement of students’ mastery of the content and skills. Students in the Senior Academy are assessed and graded on five learning outcomes listed below. Particular assignments might only be graded on one outcome, but other assignments might be graded across multiple learning outcomes. Once grades are calculated for each learning outcome, those grades are generally weighted according to the following percentages, in order to calculate students’ final grades. Some courses may weigh the learning outcomes differently, based on their content.

- 40% - Knowledge and Thinking
- 10% - Portfolio
- 10% - Agency
- 15% - Written Communication
- 15% - Oral Communication
- 10% - Collaboration

Grading Scale

- A = 90 – 100
- B = 80 – 89
- C = 70 – 79
- F= 50 – 69

Graduation Requirements

Promotion Requirements

Students in all grades must earn one unit each in English, Mathematics, Science, and Social Studies and one elective unit to be promoted each year. Retained students will be able to move on to the next course in content areas where they earned credit, but will have to make up any graduation credits, which they are missing.

Deficiency Notice Procedures

Teachers will issue a deficiency notice if a student is in jeopardy of failing in time for the student to pass the class. This notice should come in the form of a progress report, email, phone call or conference, which clearly identifies the potential causes of failure and the steps the student needs to take in order to pass the class.

Students are required to return books and supplies to teachers at the conclusion of the course/school year. Students will be charged for damaged or lost materials, supplies and equipment before replacements are issued. Students’ information, including their diploma will not be released until all accounts are cleared.

Community Service Policy

What is Community Service?

Community Service refers to service that a person performs for the benefit of his or her local community. Voluntary work is intended to help people in a certain area. It is also a part of the educational process. Community service can help enhance the quality of life within our school and community. Completing community service can help people step outside of their comfort zones and build relationships that might not have normally developed. Drew students should plan and reflect on community service in order to sustain the highest quality of service learning. To that end, the program strives to instill an awareness of the multiple needs of the community, a sense of moral obligation to help those less fortunate and the desire to make our community a better place in which to live.

What types of activities constitute Community Service Learning?

- Activities which benefit the school or community provided that the community organizations benefiting from the services are non-profit, with the exception of hospitals, nursing homes, or educational activities. Religious organizations are permitted for any non-proselytizing activity.
- Activities which are not self-serving for a student or the student's family member.
- Activities which are not tied to a grade or done in school (i.e. - Musical performances with school groups to such places as nursing homes, will not count if the activity is tied to a grade in the music class.)
- Activities which render service to individuals who cannot otherwise provide for themselves.

What types of activities MEET the criteria of Community Service Learning?

- Participating in service projects as a member of a service club or community organization.
- Reading to the blind.
- Volunteering one's services at a local hospital, nursing home, etc.
- Volunteering one's services to individuals, i.e. senior citizens or the disabled.
- Hosting outside groups for school festivals.
- PTSA and Booster projects
- Volunteering as a coach or instructor for nonprofit organizations such as Little League
- Volunteering for political campaigns.
- ALL tutoring (not paid)
- Outreach programs of religious organizations and other non-profit organizations, which provide non-proselytizing service to the poor, sick, needy, etc.
- Participating in events, i.e., marathons, walks, races, which benefit charitable organizations. One hour of service credit will be awarded for each hour of service provided to the charity. Schools may establish criteria for school sponsored events as deemed appropriate.

Benefits

There are numerous benefits from volunteering! Research shows that volunteering can help improve self-esteem and personal growth. Community service also helps build leadership and communication skills. Community service brings people together and promotes civic engagement. Also, colleges will look at volunteer hours and many scholarship applications focus on the importance of service.

Notification of Volunteer Opportunities

Volunteer opportunities for community service are located on the Giving Point website (www.mygivingpoint.org) Students may visit the Giving Point website to find opportunities or to get help conducting your own service project. Once you have signed up for an opportunity, you will be responsible for fulfilling your commitment.

Student Behavior and Dress

Students represent Drew Charter School when they are in the community and their actions are a reflection on themselves and the school. All students are expected to follow our school norms. They are responsible for arriving at the given location on time, wearing the proper clothing, and respecting all the rules and regulations of the agencies with whom they are volunteering. Students are encouraged to wear a Drew Shirt when volunteering, but are responsible for asking about proper attire when contacting the agency. Volunteering directors and leaders reserve the right to send students home if they are inappropriately dressed.

Transportation

Students are responsible for obtaining their own transportation to and from volunteer opportunities. Drew Charter School does not assume liability for any student traveling to and from volunteer opportunities.

Hours Requirements

In order to stay on track, students are strongly encouraged to complete a minimum of 25 community service hours per school year (for a total of 100 hours over a four-year period). In other words, after the freshman year, students should have completed 25 hours; sophomore, 50 hours; junior, 75 hours; senior, 100 hours. Students are strongly encouraged to keep a record of their hours in order to reconcile the Giving Point account report. Once students have received 100 hours and it has been verified by their grade-level counselor, students will receive a 0.5 service-learning credit on their transcript.

Transfer Students

Students new to the school in grades nine and 10 are required to accumulate 100 service hours just like all other students. Service hours completed freshman or sophomore year at previous schools will be acknowledged. However, if the transfer student has not completed any service hours, we advise that the student complete 50 hours in the eleventh grade and 50 hours in the twelfth grade.

Logging Service Hours

Students are responsible for logging community service hours via their Giving Point account. ***All students must have an account.*** Students can create accounts at www.mygivingpoint.org. Directions for creating an account are below. An electronic form must be submitted for each activity and it is recommended that students complete this within two weeks of the performed service. Students will log-in the description of the activity along with the contact information for the person verifying the hours. Total hours are recorded and logged on the giving point site, which can also populate a civic resume when needed. Students are encouraged to explore this site as there are numerous resources available.

Drew Charter School Student Artificial Intelligence (AI) Usage Guidance

Introduction

At Drew Charter School, we believe that artificial intelligence (AI) tools can be a valuable resource for learning and exploration. These tools can help you learn new things, be more creative, and improve your research skills. However, it's important to use these tools responsibly and ethically. As we remind our students, "AI is a tool, not the engine."

Below we have outlined some essential information for understanding our school's perspective towards this rapidly evolving technology.

Understanding AI Tools

AI tools come in many forms, but some common ones include:

- Chatbots: These are computer programs that can have conversations with people.
- Writing assistants: These tools can help you with grammar, style, and even generating ideas.
- Research assistants: These tools can help you find relevant information and summarize it.

Important Considerations

- Academic Integrity: AI tools should never be used to replace your own work or understanding. It's important to properly cite any information or ideas you get from AI tools, just as you would with any other source. Drew adopted the Stoplight Model for guiding student usage of AI last school year. This model has recently been adopted by the Georgia Department of Education, as well.
- Data Privacy: Be mindful of what information you share with AI tools. Remember, these tools are constantly learning and may store the information you provide.
- Accuracy and Bias: AI tools are not perfect and can sometimes generate inaccurate or biased information. It's important to critically evaluate any information you get from an AI tool and cross-check it with other sources.

Some Guidelines for Using AI Tools Responsibly

- Don't use AI tools for cheating: This includes using them to complete assignments, write essays, or take tests without doing the work yourself.
- Don't share personal information: Avoid sharing personally identifiable information (PII) with AI tools, such as your name, address, phone number, or social security number.
- Be critical of the information you get: Don't assume everything an AI tool tells you is accurate. Do your own research and think critically about the information you receive.
- Always cite your sources: If you use information from an AI tool in your work, be sure to cite it properly, just as you would any other source.
- If you're unsure, ask! If you're not sure whether it's appropriate to use an AI tool for a particular task, ask your teacher or librarian for guidance.

Examples of Appropriate AI Tool Use

- Brainstorming ideas for a project.
- Checking your grammar and spelling in a paper.
- Finding relevant sources for a research project.
- Asking questions about a topic you're learning about.

By following these guidelines, Drew students can use AI tools responsibly and ethically to enhance your learning experience.

Please note: This document is meant for informational purposes only and does not constitute a complete set of rules and regulations. Be sure to review the 2025-2026 Code of Conduct in this handbook for information about misuse of AI.

Responsible Use Agreement for Students

At Drew Charter School (DCS), we use technology as one way of enhancing our mission to teach the skills, knowledge, and behaviors students will need to succeed in the global community. With new opportunities come new responsibilities. We expect students to embrace the following principles so they may become responsible, digital citizens. These technologies may include, but are not limited to, school-provided equipment as well as personal devices (computers, tablets, cell phones, laptops, netbooks, e-readers, interactive whiteboards, and more).

1. DCS technology is intended for educational purposes only.
2. All activity over the network or while using Drew technologies may be monitored and/or retained.

I will follow the school protocol to alert the technology administrator (tech.support@drewcharterschool.org) or submit a site for review if a site is blocked and I believe it should not be. I will also follow school protocol to report sites that are not blocked, but I feel should be blocked.
- I understand that I represent Drew Charter School in all my online activities. Additionally, I understand that what I do on social networking websites should not reflect negatively on fellow students, teachers, or on the school.

- I will regularly back up my files to cloud based storage.

The parents/guardians shall acknowledge receipt of the Code of Conduct using the electronic acknowledgement form in the Infinite Campus parent portal. A parent/guardian who does not acknowledge receipt of the Student Code of Conduct shall not be released of any responsibility with respect to the information contained within the Code and failure to acknowledge receipt does not prevent a student from being charged with a rule violation and receiving discipline consequences. The Student Code of Conduct shall be available in the school office.

Students who commit an infraction will receive a disciplinary response. Disciplinary action and the length of the assignment will be progressive and will draw on the professional judgment of teachers and administrators and on a range of discipline management techniques, including positive behavior interventions and restorative practices. If a student/parent/guardian is uncertain as to the interpretation of the student Code of Conduct they should contact The Office of Student Discipline at **404-802-1951**.

Disciplinary action will be related, but not limited, to the seriousness of the offense, the student's age and grade level, the frequency of misbehavior, the student's attitude, whether the student was acting in self-defense, the effect of the misconduct on the school environment, intent or lack of intent at the time the student engaged in the conduct, and requirements of law. As such, disciplinary responses may differ on a case by case basis.

Any and all violations of the Code of Conduct will be part of a student's disciplinary record and may be used in a student disciplinary hearing pursuant to APS's progressive discipline process.

The Student Behavior Code provides examples of offenses that may occur and is not intended to include all offenses for which disciplinary action may be taken as it is not possible to identify every behavior which might result in disciplinary consequences.

Location of Violations:

Except as otherwise provided herein, the following code provisions apply to offenses that students commit while on school property or while using school technology resources at any time.

School property includes, but is not limited to:

- The land and improvements which constitute the school
- Any other property or building, including school bus stops, any school function, event, or activity
- Any bus or other vehicle used in connection with school functions and activities, including but not limited to, buses leased by APS and privately owned vehicles used for transportation to and from school activities
- Personal belongings, automobiles, or other vehicles located on school property
- Off-campus locations if the behavior meets the definition of an off-campus behavior violation or directly affects the safety and welfare of the school community or the orderly mission and function of the school
- En route to the student's home from school (Prior to imposing discipline regarding incidents occurring en route from school, administration should consult with the Office of Student Discipline)

- School computers/devices issued to the student, computers/devices owned by APS, school technology resources wherever located including, but not limited to, all distance learning platforms, websites, and programs.
- Technology resources/devices, wherever located if communications meet the definition of cyber-bullying pursuant to this Code of Conduct

Investigation of Misconduct:

When a Student Code of Conduct violation is reported or suspected, the principal or designee will determine whether the charge or complaint has a basis in fact and whether an investigation is warranted and, if so, will instruct appropriate personnel to conduct an investigation. The investigation may include, but is not limited to, an interview with the accused student(s), interviews with victim(s) and identified witnesses, if any, and interviews with others who might have relevant information. Written statements should be requested from all individuals who are interviewed. Video surveillance, if available and relevant, should be reviewed and secured. School police and other support staff may be utilized for their expertise as determined by the circumstances of the matter. If the local school administration is uncertain as to the interpretation of the Code of Conduct, they are to contact the Office of Student Discipline.

At an appropriate time during or after the investigation, the parent/guardian will be notified. However, if the incident involves an injury or similar situation, appropriate medical attention should be provided, and the parent/guardian should be notified immediately. The principal or their designee should also immediately inform parents/guardians when students are removed from the school setting by emergency medical or law enforcement personnel.

The determination of whether or not a student has violated the Student Code of Conduct will be made based solely on a preponderance of the evidence. In other words, it is more likely to be true than not true, based on the evidence, that the student did violate the rule. Once it has been determined that a rule(s) was violated, the administrator will follow the progressive discipline process. Repeated level 2 disciplinary violations and Level 3 violations may result in a student being referred to a disciplinary hearing where the student may face discipline consequences up to and including long-term suspension or expulsion.

Searches: In accordance with APS administrative regulation JCDAF-R(1), school officials may search a student if there is reasonable suspicion the student is in possession of an item that is illegal or against school rules. Student vehicles brought onto any APS campus, student book bags, school lockers, desks, technology devices, cell phones, purses, bags and other school property are subject to inspection and search by school authorities at any time without further notice to students or parents/guardians. Students are required to cooperate if asked to open book bags, lockers, or any vehicle brought on campus. A student's refusal to cooperate with a search could result in a decision by the school administrator to involve the school resource officer or local law enforcement. Students who disrupt or refuse to cooperate with general or reasonable suspicion searches may be referred for disciplinary action. Students who refuse to cooperate with searches of technology devices and/or cell phones may face consequences including, but not limited to, confiscation of the device or phone and loss of privilege of carrying any personal technology devices or cell phones on campus for a period of one calendar year. Alternative schools may use specialized searching procedures and criteria as allowed by law and as designated by the alternative school.

If a search yields illegal or unauthorized materials, such materials should be turned over in person to an APS Police Department school resource officer.

APS assumes no liability for the theft, loss, or damage of mobile telephones, PEDs, unauthorized materials/objects/contraband possessed by students on school property or held by school officials

during the confiscation period. APS assumes no liability for the theft, loss or damage of items possessed by students on school property or held by school officials during the confiscation period. APS employees will not be responsible for searching for lost or stolen student property.

Progressive Discipline:

The school discipline process should include appropriate consideration of support processes to help students resolve issues that may be contributing to violations to the Student Code of Conduct. These resources may include, but are not limited to, Student Support Team, positive behavioral supports, restorative practices, counseling with school counselor, school social worker intervention, behavior, attendance and academic contracts and plans, peer mediation, and prevention programs.

The offenses have been organized into three levels of prohibited behaviors: **LEVEL 1** discipline (minor) offenses, **LEVEL 2** discipline (moderate) offenses, and **LEVEL 3** discipline (serious) offenses. Behaviors that implicate Title IX regulations (as implemented) will be managed as discussed in www.atlantapublicschools.us/titleix.

LEVEL 1 offenses are generally **MINOR** acts of misconduct and may represent a failure to demonstrate universally defined expectations or social skills. Following appropriate teacher intervention, students may be referred to an administrator.

LEVEL 1 DISCIPLINE	MINIMUM	MAXIMUM
School-based interventions/support and the following:		
Elementary	One day detention	Three days detention
Middle/High	Up to three days detention	Up to 3 days of In-School Supervision

LEVEL 2 discipline is used for **MODERATE** acts of misconduct. These include acts directed against people or property that do not seriously endanger the health or safety of others and serious disruptions of school order. Unique, serious, or multiple offenses may result in the offense being considered a Level 3 offense.

LEVEL 2 DISCIPLINE	MINIMUM	MAXIMUM
School-based interventions/support and the following:		
Elementary	Up to five days of In-School Suspension	Up to three days of Out-of School Suspension
Middle/High	Four or five days of In-School Suspension	Up to three days of Out-of School Suspension

LEVEL 3 is used for **SERIOUS** acts of misconduct that place students or staff at risk of emotional or physical harm, which may include threats to the health, safety, and/or property of others, and other acts of serious and repeated misconduct. Consequences may include out-of-school suspension and a disciplinary hearing referral or Title IX Grievance Process (as applicable) with a recommendation for further actions such as long-term suspension, expulsion, and/or assignment to an alternative education program. Behaviors that implicate Title IX regulations (as implemented) will be managed as discussed in www.atlantapublicschools.us/titleix.

LEVEL 3 DISCIPLINE	MINIMUM	MAXIMUM
School-based interventions/support and the following:		
Elementary	Four days of Out-of School Suspension	Ten days of Out-of School Suspension and referral to a student discipline hearing where the student may face long-term suspension or expulsion.
Middle/High	Four days of Out-of School Suspension	Ten days of Out-of School Suspension and referral to a student discipline hearing where the student may face long-term suspension or expulsion.

Discipline Hearings:

Any student who is suspended 10 days pending a student disciplinary hearing will be provided with classwork and assignments that they can complete and return for a grade. The time period for completion of assignments should be coordinated with the teacher.

Student Discipline Hearings:

Informal Review: Where a disciplinary hearing is required by law or when a Principal recommends a long-term out of school suspension/expulsion (more than 10 school days of out of school suspension) and a disciplinary hearing is scheduled, a parent conference will be offered within three (3) school days of the first day of suspension. Legal counsel for student and/or parent is not allowed. The principal/designee should be prepared to offer and discuss the investigation completed by the school, the discipline procedures afforded and any witness/student statements; as well as the current status of the student's conduct and academic status. Please Note: a parent conference is not required before a discipline matter proceeds to a disciplinary hearing and failure of school administration to offer such conference shall not disqualify the hearing in any manner or the results of any hearing.

Composition: Disciplinary hearings will be heard by a disciplinary hearing officer, panel, or a tribunal of school officials.

Timing and Continuances: The hearing should be held within ten (10) school days after the first day of suspension unless Student Discipline and the parent/guardian mutually agree to an extension. Any request for a continuance must be made in writing to the Director of Student Discipline or designee.

Written Notice of Hearing: When a disciplinary hearing is required, Student Discipline shall provide written notice of the relevant procedures to the student's parent/guardian/student age 18 or older. Delivery of Notification: The notice of hearing shall be delivered to the student and his/her parent/guardian either in person or by mail to the last known address of the parent or guardian.

Group Hearing: When students are charged with violating the same rule(s) and have acted in concert, and the facts are similar for all students, a group hearing may be conducted for them if the Director of Student Discipline believes that no student will have his/her interests substantially prejudiced by a group hearing. Any student who objects to participation in a group hearing should notify Student Discipline in writing no less than 48 hours before the hearing.

Record of Proceedings: A verbatim record of the hearing shall be made and shall be available to all parties upon request.

Hearing Attendees: Student disciplinary hearings are confidential and are not open to the public.

Burden of Proof: The burden of proof is a preponderance of the evidence (more likely than not) and shall be on the school.

Legal Representation/Involvement of an Attorney at the Disciplinary Hearing: The student/parent/guardian must notify Student Discipline not less than 48 hours prior to the hearing if the student may be represented by an attorney. Failure to give such notice can result in the hearing being continued.

Procedural Objections: Objection to the sufficiency of the notice and/or other procedural objections shall be waived unless written notice thereof is filed with Student Discipline no less than 24 hours prior to the time the hearing is scheduled to begin. The hearing may be postponed until such defects have been removed or remedied.

Decisions: The hearing officer, panel or tribunal, after conducting the hearing and receiving all evidence, shall render a decision based solely on the evidence received at the hearing and shall determine what, if any, disciplinary action shall be taken. Such action may include, but is not limited to, assignment to alternative school, short-term suspension, long-term suspension, expulsion or permanent expulsion.

Sanctions: The hearing officer, panel or tribunal may consider the student's entire student record to include the academic, disciplinary and attendance to determine the appropriate punishment or sanction to be imposed.

Appeals: Any party may appeal the hearing decision to the Board by filing a written notice of appeal addressed to the attention of the Superintendent within twenty (20) calendar days of the date of decision. Only written appeal submissions received within the 20-day deadline specified in OCGA §20-2-754 will be considered. No party requesting an appeal may submit additional arguments or materials for consideration by the Board after the 20-day deadline without approval of the Superintendent or designee. Appeals by the administration must be approved by the Superintendent. If granted, the Board will discuss the appeal in Executive Session. The Board's review will be based solely on the record. The Board shall not hear any oral arguments as part of any appeal nor shall it consider any evidence that was not presented at the disciplinary hearing. The Board may take any action it deems appropriate and has the power to affirm, reverse, or modify in any respect the decision reached.

Any party may appeal the Board's decision to the State Board of Education pursuant to O.C.G.A. § 20-2-1160 (b) through (f) and regulations of the Georgia Board of Education governing such appeals. If an appeal to the State Board is requested, a written transcript of the disciplinary hearing will be prepared and submitted to the State Board. The decision of the Board will not be suspended during the State Board appeal period.

Expedited Appeals: Any party may appeal the hearing decision directly to the Superintendent, by emailing their appeal request within five (5) days from the date of the decision to the Superintendent at suptoffice@atlanta.k12.ga.us and Erica.Long@atlanta.k12.ga.us or hand-delivering the appeal to the Superintendent's Office within five (5) days of the date of the hearing decision. Failure to submit the expedited appeal to all relevant parties as indicated may result in the appeal not being considered. All expedited appeals must be in writing and forth the reasons the Disciplinary Hearing Decision is considered to be incorrect, along with any supporting arguments. Additionally, expedited appeals must indicate "Superintendent Appeal" in writing at the top of the appeal. Failure to include this may result in the appeal being handled pursuant to Board appeal procedures. The appeal may be submitted by the appealing party or by an attorney representing the party. No new evidence or testimony will be considered, and no oral argument will be heard by the Superintendent. The Superintendent will review the record and make their decision based solely on the evidence submitted to the Hearing Officer. The Superintendent may impose more lenient consequences, the same consequences, or more severe consequences should they uphold the decision that the student violated the policies as charged. The Superintendent's decision will be documented in writing, with copies provided to the student, parent/guardian, the Principal, and Office of Student Discipline within five (5) calendar days from the date the appeal was received. The Superintendent has the right to extend the deadline to issue their decision at their discretion up to an additional five (5) days. The Superintendent's failure to issue a timely decision will not overturn or reverse any decision of the Hearing Officer. Parties submitting appeals are encouraged to closely monitor the deadline and submit an appeal to the Local Board if they are concerned about timeliness of the Superintendent's decision. Expedited appeals to the

Superintendent are optional. Parties may bypass an appeal to the Superintendent and appeal directly to the Local Board of Education if they so choose. Any party who submits an expedited appeal and is dissatisfied with the outcome may additionally submit an appeal to the Local Board within twenty (20) days of this original hearing decision. Submitting an expedited appeal does not toll the timeline to submit a Board appeal.

Any student found in violation of Battery of School Employee and/or Battery of School Employee Causing Physical Harm is not eligible for an expedited appeal.

Student Offenses:

A student shall not violate any of the following rules of APS. The disciplinary levels below correspond to the progressive discipline levels detailed above. However, in serious offenses, principals or designees working in conjunction with the Office of Student Discipline or an Associate Superintendent may use a higher level of progressive discipline. The Student Code of Conduct provides examples of offenses that may occur, but it is not intended to include all offenses for which disciplinary action may be taken, as it is not possible to identify every behavior which might result in disciplinary consequences.

Disciplinary actions for students whose parents/legal guardians have completed the Parental Consent & Acknowledgement Form are as follows:

- First violation: Verbal warning.
- Second violation: The device will be confiscated and the telephone or device will be returned only to the parent/legal guardian who must schedule a conference at the school to retrieve the item.
- Third violation: The device will be confiscated and will result in the student's loss of the privilege of possessing a mobile telephone or PED on school property for one semester. Written notice will be mailed to the parent/guardian, and the telephone or device will be returned only to the parent/legal guardian who must schedule a conference at the school to retrieve the item.
- Fourth (or more) violation: The phone will be confiscated, and the student will lose the privilege of possessing a cellular telephone or PED on school property for one calendar year. Written notice will be mailed to the parent/guardian, and the telephone or device will be returned only to the parent/legal guardian who must schedule a conference at the school to retrieve the item.

Confiscated Property:

(1) School officials may confiscate or seize any item a student brings onto campus, or is otherwise in the student's possession on campus, if such item is:

- (a) evidence of a discipline rule violation or suspected rule violation; or
- (b) evidence of a crime or suspected crime, or
- (c) is otherwise causing, has caused, or may cause disruption to students, staff or the school. The determination of whether any item is a disruption is at the discretion of school administration.

(2) School administration or designee may obtain photographic or video imaging of any items seized/confiscated from a student and may retain such images as needed for discipline, criminal, or other school purposes.

(3) If the seized/confiscated item is a personal electronic device and not confiscated by law enforcement, the device will only be returned to the student's parent/guardian once the school has completed all investigative matters. The parent/guardian must come to the school to personally retrieve the device. Prior to return, any content on the personal electronic device that is considered illegal or in violation of the Code of Conduct, suspected of being illegal or in violation of the Code of Conduct, or evidence or suspected evidence of illegal activity or Code of Conduct violation(s) may be removed and/or retained by School Administration and/or law enforcement.

(4) Except as provided below, if the seized/confiscated item is not illegal/does not contain anything illegal or suspected of being so, and is an item that is generally permitted to be on campus, the item will be

returned to the student at the end of the school day. Unless otherwise directed, upon dismissal, the student should report to the campus main administrative office to retrieve their seized/confiscated item.

(5) The phone will be confiscated, and the student will lose the privilege of possessing a cellular telephone or PED on school property for one calendar year. Written notice will be mailed to the parent/guardian, and the telephone or device will be returned only to the parent/legal guardian who must schedule a conference at the school to retrieve the item.

(6) If the seized item is illegal, contains anything illegal, suspected of being illegal or containing anything illegal, the item will be turned over to the Campus Police or Jurisdictional Law Enforcement Agency. In the event that law enforcement does not take possession of the seized item, and the seized item is otherwise prohibited on campus, is related to a violation of the Code of Conduct, or is suspected to be in violation of the Code of Conduct, the item may be altered/destroyed/disposed of by School Administration or Superintendent designee. No item or portion of an item that is illegal or suspected of being illegal will be returned to any student, parent/guardian, or other individual. Atlanta Public Schools is not responsible for the return of any item that is taken, seized, or confiscated by law enforcement

(7) No vaping cartridges, cigarettes/tobacco products, food, candy, beverages or other item that can be ingested, consumed, or inhaled will be returned to any student, parent/guardian, or other individual. All such items will be destroyed by School Administration or Superintendent designee. With regard to vaping cartridges, if the cartridge cannot be separated from the battery/charging device, the entire item is subject to destruction.

(8) Any seized/confiscated item that is not retrieved within 90 calendar days is subject to destruction/disposal by School Administration or Superintendent designee. No notice will be provided to parties prior to destruction.

(9) Students are encouraged to leave any item of value at home and not bring any such item onto campus. Students are solely responsible and liable for any item they bring onto and/or possess on campus. Neither Atlanta Public Schools, the Board of Atlanta Public Schools, nor any employee, agent, or representative of Atlanta Public Schools is responsible for any item a student brings onto or possess while on campus. The School District will not reimburse a student for damage, alterations, and/or destruction of any item they bring onto campus that is seized/confiscated by a District employee or a law enforcement officer.

Chronic-Disciplinary-Problem Students:

A "chronic-disciplinary-problem student" is defined by law as a student who exhibits a pattern of behavioral characteristics which interfere with the learning process of students around them and which are likely to recur. Any time a teacher or principal identifies a student as a chronic disciplinary-problem student, the principal shall inform the parent/guardian of the student's disciplinary problem. Notification should be by either first-class or certified mail (with return receipt requested) and a telephone call.

The principal should invite the parents/guardians to observe their child in a classroom situation. Also, the principal and at least one parent/guardian will meet to develop a disciplinary and behavioral correction plan.

Before such a student returns to school after suspension or expulsion, the principal/designee of that school and at least one parent/guardian will meet to develop a disciplinary and behavioral correction plan. At the discretion of the principal, a teacher, counselor, or other person may attend the conference.

The principal will note the conference in the student's permanent file. Failure of the parent/guardian to attend shall not preclude the student from being readmitted to the school.

The school system may, by petition to the juvenile court, proceed against a parent/guardian of a chronic-disciplinary-problem student if school system personnel believe the parent/guardian has willfully and unreasonably failed to attend a conference requested by a principal..

Disciplined Students on Campus:

Students who are suspended or expelled are not allowed on school grounds to participate in regular school activities, extracurricular activities, athletic participation, and other school events. Students assigned to alternative school may not return to their home school or any other APS school to participate in school events without permission of the principal. Failure to adhere to this rule can result in the student receiving additional disciplinary charges and/or an increased disciplinary response.

Teacher Reporting

Teachers are required to file a report within one school day, with the principal or principal's designee if they have a student that has exhibited behavior that repeatedly or substantially interferes with the teacher's ability to communicate effectively with the students in their class or with the ability of such student's classmates to learn, where such behavior is in violation of the Student Code of Conduct. The principal or the principal's designee will, within one school day after receiving such a report, send to the student's parents/guardians a copy of the report and information regarding how the student's parents/guardians may contact the principal or the principal's designee. For additional information visit

<https://codes.findlaw.com/ga/title-20-education/ga-code-sect-20-2-738>

Removing Disruptive Students from the Classroom:

The Superintendent and principals shall, and do, fully support the authority of every teacher in their school(s) to remove a disruptive student from their class pursuant to O.C.G.A. § 20-2-738. The principal or the principal's designee will respond when a student is referred by a teacher by employing appropriate discipline management techniques that are consistent with District policy, procedure and guidelines

Teacher Removal of Disruptive Student:

When a student is removed from the regular classroom, a conference will be scheduled within three school days between the student's parent/guardian, the teacher, and the student. During the conference the administrator will explain the grounds for the student's removal from class and give the student the opportunity to explain their behavior. After the conference, the principal will notify the student and parents/guardians of the consequences of the Student Code of Conduct violation.

For a student with disabilities, including those with IEPs or 504 plans, the removal from class must be consistent with state and federal laws and regulations regarding students with disabilities. School staff should refer to additional processes maintained by the Office of Student Discipline for more information regarding implementation of the Removal Process.

NOTE: For the purpose of this policy, the term "repeatedly or substantially" shall be defined as a minimum of three incidents.

Reporting to Law Enforcement:

In addition to discipline of students by APS, student conduct may be reported to appropriate law enforcement authorities, including pursuant to O.C.G.A. 20-2-1184. Some Student Code of Conduct violations may also result in criminal charges. School disciplinary action will be independent of any criminal or juvenile court decisions. When it comes to the attention of APS that an offense has occurred which may constitute criminal behavior, the officials and employees of Atlanta Public Schools will cooperate with the police and other investigative agencies in providing and sharing information about the student to the degree that the official or the employee deems necessary and/or is governed by law. As required by the Georgia Legislature, APS encourages parents/guardians to inform their children of the consequences, including potential criminal penalties, of underage sexual conduct and crimes for which a minor can be tried as an adult.

Discipline of Students In Pre-K Through Third Grade:

Pursuant to O.C.G.A. 20-2-742: Students in Pre-K through 3rd grade will not be expelled or suspended from school for more than five consecutive or cumulative days during a school year without first receiving a multi-tiered system of supports, such as response to intervention. 'Multi-tiered

system of supports' or 'MTSS' may also include a systemic, continuous improvement framework in which data-based problem-solving and decision-making is practiced across all levels of the educational system to support students at multiple levels of intervention.

If such a student is receiving or has received a multi-tiered system of supports, the school has met these requirements. This requirement does not apply if:

- the student possessed a weapon/dangerous instrument Rules 15A or Illegal Drugs (including Rules 2A, 2E, 2F, 2K., 2M); and/or
- the student's behavior endangers the physical safety of other students or school personnel

In addition, if a student has an Individualized Education Program (IEP) or a Section 504 plan, prior to assigning the student out-of-school suspension for more than five consecutive or cumulative days during a school year, the school or program shall also convene an IEP or Section 504 meeting to review appropriate supports being provided as part of the IEP or Section 504 plan.

Student Hearing Procedure:

APS supports effective student discipline procedures to support student success and safety in the classroom and the school. For more information pertaining to student hearing procedures see Policy JCEB Student Hearing Procedure and Administrative Regulation JCEB-R(1) Student Hearing Procedure.

Board Policy JGBB: Restorative Practices:

The Atlanta Public Schools Board of Education recognizes restorative practices as a shift from punitive and punishment-oriented student consequences to those that provide opportunities for all people affected by a student's action to engage in dialogue and measures seeking to restore the classroom, school community, and interpersonal relationships. By implementing restorative practices, schools work to ensure that students are not suspended for subjective offenses and can spend more time in their classrooms, thereby leading to increased student achievement and graduation rates. Restorative practices provide proactive systems, emphasize reintegration, and promote positive classroom environments.

This Board recognizes that in K-12 public education, there is a correlation between higher suspension/expulsion rates and lower proficiency and graduation rates. The Board also acknowledges that student discipline practices are often disproportionately imposed upon certain student subgroups. Implementation of restorative practices should (1) work to reduce the influence of implicit and explicit biases in decisions around student suspensions and expulsions and (2) ensure that students do not face harsh disciplinary consequences for minor, often subjectively defined offenses.

These rules apply to STUDENT ACTIVITY TRIPS as well as regular bus routes to and from school. Students are permitted to ride their assigned school bus only.

If you must CROSS THE ROAD, wait for the DRIVER TO SIGNAL you across with their hand when they have determined all traffic has stopped. ALWAYS cross at least ten (10) feet in front of the bus, whether boarding or departing.
4. Promptly board the bus in an orderly manner. After boarding the bus, sit down and remain seated until the bus reaches your stop. IF THE DRIVER ASSIGNS SEATS, students will sit in the seats assigned to them.
5. NO fighting, pushing, tripping, kicking, etc.
6. Students are not allowed to use tobacco, drugs, alcohol, or to light matches or lighters on the bus.
