School-Parent Compact

Canyon Oaks Elementary School has developed and distributed to parents a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement. It also describes how the school and parents will develop a partnership to help children reach proficiency on the California content standards. The school-parent compact describes:

- The school's responsibility is to provide high-quality curriculum and instruction.
- The parents' responsibility to support their children's learning.
- The importance of ongoing communication between parents and teachers through, at least, annual conferences, reports on student progress, access to staff, and opportunities to volunteer and participate in and observe the educational program.
- All parents receive and sign a copy of the Back to School compact (in English and Spanish).

Building Capacity for Involvement

Canyon Oaks Elementary School engages parents in meaningful interactions with the school. It supports a partnership among staff, parents, and the community to improve student academic achievement. To help reach these goals, we:

- Assist parents in understanding academic content standards, assessments, and how to monitor and improve the achievement of their children.
    - *Canyon Oaks Elementary School holds meetings each year that focus on content standards, assessments and training for parents on how to monitor and improve student achievement. Additional topics are generated by parents for future meetings via meeting evaluation forms at the conclusion of every workshop/meeting*

- Provide materials and training to help parents work with their children to improve their children's achievement through Coffee and Conversation with the Principal and parent-student-teacher conferences, and planned school community events

- Educate staff, with the assistance of parents, in the value of parent contributions and how to work with parents as equal partners.
  - *Staff receives training on working with parents prior to parent conferences and throughout the year.*
- Coordinate and integrate the parental involvement program with other programs and conduct other activities that encourage and support parents in more fully participating in the education of their children.

- Distribute to parents information related to school and parent programs, meetings, and other activities in a form and language that the parents understand.
  - Provide support for parental involvement activities requested by parents.
