

AgVenture serves as a program to create a middle school real-world learning opportunity for students to follow interests in agricultural sciences as well as other career related fields.

WHAT IS AGVENTURE?

AgVenture is a 4-day immersive learning experience designed for 25 seventh-grade students from across Springfield Public Schools. This program explores student interest in areas such as plant science, animal science, food systems, environmental stewardship, and agricultural technology. Programming is offered each fall and spring semester, giving more students the opportunity to participate throughout the school year.

WHAT STUDENTS WILL EXPERIENCE:

- Hands-on activities in agricultural science
- Real-world learning in labs, barns, greenhouses, and outdoor settings
- Exploration of food production, sustainability, and ag-related technologies
- Opportunities to connect with agriculture professionals and industry mentors

ELIGIBILITY REQUIREMENTS:

Students must meet all of the following criteria to apply:

- 95% attendance or better
- No OSS or ISS in the current or previous semester
- Endorsement from their site principal
- Transportation to and from programming
