

Intern Updates

Caleb Everett completed his first rotation in Guest Services. He learned skills including adeptness in human relations; assisting in patient transport; and cleaning high traffic areas. He is proud to have opened up more.

Dustin Fry completed his first rotation in the retail side of Dietary. He learned how to tag, date, and label items; set up the salad bar; and make Grab & Go sandwiches. He brings joy to the department every day!

George Bixler completed his first rotation in Patient Transport. He learned how to properly identify & transport patients; scanning of wristbands; communication with nurses; and reading oxygen tanks. He is proud of the positive relationships he has built.

Michael Bixler completed his first rotation in Linens. He gathered & organized linens throughout the hospital; stood for extended periods of time; lifted heavy items; and counted efficiently with accuracy. He is proud to be learning new skills daily.

Savannah Wheeler completed her first rotation in Dietary Food Prep. She quickly mastered a variety of cooking methods; practiced food safety & sanitation; and excelled at customer service. She is proud of the positive reviews she receives from her mentors.

The Project SEARCH Steering Committee would like to invite students, parents, school staff, and partner staff to attend any of the upcoming events to learn more about the program.

We also wish you the happiest of holidays!
