WELCOME TO YOUR 2025-26 BENEFITS!

Faith Family Academy is pleased to provide you and your family with a wide range of competitive benefits. Your benefits are an important part of your total compensation. You have the flexibility to choose the benefits that are right for you and your family — to keep you physically and financially healthy now and in the future.

This benefits guide provides important information about your benefits and how to use them to your best advantage. Please review this information carefully, ask questions if needed, and make sure to enroll by the deadline.

ELIGIBILITY

If you are regularly scheduled to work at least 30 hours per week, you are eligible for the Faith Family Academy benefits program. For newly hired individuals, most of your benefits are effective on first day of the month following your hire date. You may also enroll your eligible dependents for coverage. Eligible dependents include:

- Your legal spouse or qualified domestic partner (of the same/opposite sex);
- Children under the age of 26, regardless of student, dependency or marital status;
- Children past the age of 26 who are fully dependent on you for support due to a mental or physical disability (and are indicated as such on your federal tax return).

For details on eligibility and when your benefits begin and end, refer to your summary plan documents.

Benefits End

Your medical, dental and vision benefits end the last day of the month in which your employment ends. Your life benefits end on your date of termination.

Changing Benefits After Enrollment

During the year, you cannot make changes to your elections unless you experience a Qualifying Life Event (QLE), such as marriage or the birth of a child. If you experience a QLE (examples below), you must contact the Benefits Department by emailing benefits@faithfamilyacademy.org within 30 days of the event, or you will have to wait until the next annual open enrollment period to make changes (unless you experience another QLE).

Divorce/Legal Separation	Copy of divorce decree
Death	Copy of death certificate
Change in number of dependents	
Birth or adoption	Copy of birth certificate or copy of legal adoption papers

MEDICAL

Faith Family Academy's medical coverage provided by TRS ActiveCare offers you and your family the protection you need for everyday health issues or unexpected medical expenses.

Medical information provided in this guide is for illustrative purposes only. Please refer to your TRS Active Care and BlueCross BlueShield summaries for plan information.

How Medical Coverage Works

When you enroll in medical coverage, you pay a portion of your health care costs when you receive care and the plan pays a portion, as detailed below. Note that preventive care — like physical exams, flu shots and screenings — is always covered 100% when you use in-network providers. The key difference between the plans is the amount of money you'll pay each pay period and when you need care. The plans have different:

- **Deductibles** — the amount you pay each year for eligible in-network and out-of-network charges before the plan begins to pay a portion of the costs.
- **Copays** — a fixed amount you pay for a health care service. Copays do not count toward your annual deductible but do count toward your annual out-of-pocket maximum.
- **Coinsurances** — Once you've met your deductible, you and the plan share the cost of care, which is called coinsurance. For example, you pay 20% for services and the plan pays 80% of the cost until you reach your annual out-of-pocket maximum.
- **Out-of-pocket maximums** — the most you will pay each year for eligible in- or out-of-network services, including prescriptions. After you reach your out-of-pocket maximum, the plan pays the full cost of eligible health care services for the rest of the year.
- **Prescriptions** — For the TRS-ActiveCare Primary HMO Plan and TRS-ActiveCare HD PPO Plan, once you've met the overall deductible, you are responsible for the applicable costs until the overall out-of-pocket maximum has been met. For the TRS-ActiveCare Primary+ HMO Plan, once you've met the prescription deductible, you are responsible for the applicable costs until the overall out-of-pocket maximum has been met.

Before You Enroll Consider This:

1. Think about the per-pay-period cost and out-of-pocket expenses you will incur and your possible future medical expenses. The option that has the highest per-pay-period cost typically pays more, which results in lower deductibles, coinsurance, and/or copays when you need care.
2. Ensure your doctor is part of the plan's network by visiting www.bcbstx.com/trsactivecare and selecting Statewide network for the TRS-ActiveCare Primary and Primary+ plans and Nationwide network for the TRS-ActiveCare HD PPO plan. If they're out of network, services may not be covered or may be more expensive.
3. HMO plans require you to name a Primary Care Physician (PCP) and require a referral to see a specialist.
4. Consider the cost of services and prescription drugs you expect to receive during the year.
5. Evaluate how your out-of-pocket expenses may fluctuate and consider adding accident, critical illness and/or hospital indemnity insurance to help offset your out-of-pocket medical costs.

The table below summarizes the key features of the medical coverage. Please refer to the official plan documents for additional information on coverage and exclusions.

DENTAL

Taking care of your oral health is not a luxury; it is necessary for optimal long-term health. With a focus on prevention, early diagnosis and treatment, dental coverage can greatly reduce the cost of restorative and emergency procedures. Preventive services at in-network providers are generally covered at no cost to you and include routine exams and cleanings. You pay a small deductible and coinsurance for basic and major services.

You may enroll yourself and your eligible dependents — or you may waive dental coverage. You do not have to be enrolled in medical coverage to elect a dental plan.

Faith Family Academy offers dental coverage through Guardian. For information on finding a dental provider, visit www.guardiananytime.com and click on Find a Dentist.

Before You Enroll

Consider this:

1. Most in-network preventive cleanings and exams are covered at 100%.
2. You may receive dental care in- or out-of-network. However, when you go out of network, the provider can charge more and the plan will only reimburse up to the reasonable and customary rates.

DHMO Option

If you decide to enroll in the DHMO Option for the first time or add new dependents under this option, you need to select a primary care dentist. You can only change your dentist once per year and you can choose a different DHMO dentist for yourself and each covered dependent.

You should consult the participating provider directory prior to enrolling. The directory lists the dentists who are members of the network. You can view an online provider directory by visiting www.guardiananytime.com.

The table below summarizes the key features of the dental plan. Please refer to the official plan documents for additional information on coverage and exclusions.

BASIC LIFE AND ACCIDENTAL DEATH & DISMEMBERMENT (AD&D)

Life insurance, provided by Guardian, pays a lump-sum benefit to your beneficiaries to help meet expenses in the event you pass away. Accidental death and dismemberment (AD&D) insurance pays a benefit if you die or suffer certain serious injuries as the result of a covered accident. In the case of a covered accidental injury (such as loss of sight or the loss of a limb), the benefit you receive is a percentage of the total AD&D coverage you elected based on the severity of the accidental injury.

Faith Family Academy provides this benefit at no cost to you!

Beneficiary Information

Situations often change, resulting in the need to update beneficiary information. You should review and update this information every year, or prior to retirement. Check with the Benefits Department for more information.

	Basic Life and AD&D
Coverage Amount	\$25,000

VOLUNTARY LIFE AND ACCIDENTAL DEATH & DISMEMBERMENT

Voluntary life and AD&D insurance allow you to tailor coverage for your individual needs and provide financial protection for your beneficiaries in the event of your death or accidental serious injury. Voluntary life insurance for you and your dependents, also provided by Guardian, can help protect your family during difficult times.

Before You Enroll Consider This:

1. Typically, the right amount of coverage will depend on your age, your family situation, and any personal savings you may have.
2. It's important to understand any EOI rules that apply. If you enroll when you first become eligible, Voluntary Term Life Insurance for you and your spouse is guaranteed up to the amounts shown in the table. If you initially waive this coverage but want to enroll at a later date, you may need to provide satisfactory EOI before any coverage can take effect.
3. Think about who you want to designate as beneficiaries and make sure to name them as beneficiaries on your policy.

Pre-Existing Conditions

A pre-existing condition is an injury or illness for which you have received advice or treatment from a doctor within three months of the effective date of your insurance plan.

Evidence of Insurability

If you decline coverage when first eligible or if you elect coverage and wish to increase your benefit amount at a later date, Evidence of Insurability (EOI) — proof of good health — may be required before coverage is approved.

A qualifying disability is a sickness or injury certified by a physician that causes you to be unable to perform your normal duties.

SUPPLEMENTAL BENEFITS

Just like it sounds, supplemental benefits plans such as accident, critical illness, cancer, disability, life and hospital indemnity insurance can help you pay for costs you may incur after an accidental injury, illness or hospitalization. These plans are 100% voluntary and are not medical insurance. Coverage is available for your spouse and children with most plans.

Most plans pay benefits regardless of any other insurance and benefits are paid directly to you, unless you specify otherwise. Benefits can help pay for expenses other insurance may not cover, such as out-of-pocket expenses, lost income, childcare, travel to and from treatment, home health care costs or regular household expenses.

Before You Enroll Consider this:

1. What would happen if you had an accident or became seriously ill and unable to work? Would you be covered financially?
2. These benefits provide a lump-sum payment that can help you cover unexpected medical expenses or make up for missed income.

Accident

Accident coverage, through Guardian, is designed to provide a cash benefit in the event of a covered accident or injury. The plan will pay a set amount based on the injury suffered and treatment received, regardless of any other insurance.

Sample of Eligible Expenses

	Emergency Room Visits		Hospital Stays
	Medical Exams – Including major diagnostic exams		Physical Therapy
	Fractures and Dislocations		Transportation and Lodging – if you are away from home when the accident happens

GLOSSARY

Allowed Amount: Maximum amount on which payment is based for covered health care services. This may be called “eligible expense,” “payment allowance” or “negotiated rate.” If your provider charges more than the allowed amount, you may have to pay the difference (see Balance Billing).

Annual Maximum Benefit: A cap on the benefits your insurance company will pay in a year while you’re enrolled in a particular benefit plan. After an annual limit is reached, you must pay all associated health care costs for the rest of the year.

Balance Billing: When a provider bills you for the difference between the provider’s charge and the allowed amount. For example, if the provider’s charge is \$100 and the allowed amount is \$70, the provider may bill you for the remaining \$30. A provider who balance bills is typically known as an out-of-network provider. An in-network provider cannot balance bill you for covered services.

Coinsurance: The percentage of costs of a covered health care service you pay (20%, for example) after you’ve paid your deductible.

Copayment (copay): A fixed amount (\$20, for example) you pay for a covered health care service after you’ve paid your deductible. Copays can vary for different services within the same plan, like drugs, lab tests, and visits to specialists.

Deductible: The amount you pay for covered health care services before your insurance plan starts to pay. With a \$2,000 deductible, for example, you pay the first \$2,000 of covered services yourself. After you pay your deductible, you usually pay only a copayment or coinsurance for covered services. Your insurance company pays the rest.

Guarantee Issue Amount: The amount of coverage you can be automatically approved for. If you apply for more coverage than the guarantee issue amount you will have to complete an Evidence of Insurability form and be approved for your coverage amount. Usually only available at your first enrollment opportunity.

In-Network: Providers who contract with your insurance carrier. In-network coinsurance and copayments usually cost you less than out-of-network providers.

Out-of-Network: Providers who don’t contract with your insurance carrier. Out-of-network coinsurance and copayments usually costs you more than in-network coinsurance. In addition, you may be responsible for anything above the allowed amount (see Balance Billing).

Out-of-Pocket Maximum: The most you have to pay for covered services in a plan year. After you spend this amount on deductibles, copayments, and coinsurance, your plan pays 100% of the costs of covered benefits. The out-of-pocket limit doesn’t include your monthly premiums. It also doesn’t include anything you may spend for services your plan doesn’t cover.

Prescription Drug Formulary: A list of prescription drugs covered by a prescription drug plan. Also called a drug list.

Prior Authorization: Approval from a health plan that may be required before you get a service or fill a prescription in order for the service or prescription to be covered by your plan.

Preventive Care: Routine health care that includes screenings, check-ups, and patient counseling to prevent illnesses, disease, or other health problems.
