

FAMILY ENGAGEMENT PLAN

In adherence with the Texas Education Agency's

House Bill 3 (HB3) - Components of a High-Quality Prekindergarten Program (HQPK)

MISD has created a positive and thriving partnership between our prekindergarten families, school, and our community. Our mission in MISD is to transform the district into a rural school district where every child graduates and is educated so that he or she is prepared to be a contributing member of the community.

Family engagement during the first years of life can support a **preschool** child's readiness for school and ongoing academic and lifelong success. Research shows that when children have involved parents, the results are very positive, especially over the long term (A New Wave of Evidence, 2002).
