Fifth Grade Learning Board

Student Name:_____

Hello parents and students! As you know, we will not be having school today due to weather. Today will be an E-Learning Day. Your child should choose 1 activity below from each letter in LEARN (does not need to make a Bingo). Then, color the box that was chosen when the activity is completed. Please have your child return this sheet to school on the following school day with your signature so we can mark your child as present. If you do not have a printer at home, please feel free to send in a note with your signature stating that your child completed the learning at home. Thank you!

L (Writing/Phonics)	E (Math)	A (Art/Music)	R (Reading)	N (Phy-Ed/Innovation)
If a genie granted you three wishes, what would you wish for? Write one paragraph.	Work on a missing and/or current practice packet or math project.	Draw an elaborate snowflake with different shades of blue.	Create a poster advertising your favorite book. Include the title, characters, illustration, and quote from the book	Shovel the snow off your driveway, deck, or sidewalk.
Write a poem about the snow.	Make multiplication or division fact flash cards. Practice for 10 minutes	Create a sculpture using items around the house - paper - toilet paper rolls - paper plates - play-doh - cardboard	Read a chapter of your book. Write your own 5 question comprehension quiz for that chapter.	Design a fort on a piece of paper. Then, build your fort out of snow or items around the house. Make improvements on your design.
Create a comic strip. Your "story" must be at least five pages with dialogue and pictures.	Play a game that involves math Monopoly Cribbage Yahtzee Multiplication War	Draw a portrait of yourself or a member of your family.	Find a nonfiction book or magazine. Write down 5 interesting facts you learn.	Complete the following exercises: 10 Push ups 10 Sit ups 10 Storm Blasters 20 second plank 20 second jog in place Repeat the exercises 4 times.
Write a paragraph about your favorite memory.	Write 4 of your own story problems and solve them. (+, -, X, /)	Listen to your favorite music for 20 minutes. Optional: Choreograph a dance and send it to your teacher	Read aloud to your parents or a sibling for 20 minutes.	Create 3-5 different paper airplanes that differ in size or shape. Test out your paper airplanes and write down your observations.
Write a letter to your teacher about what you are doing on your snow day.	Create your own game, activity, or project about a math concept you have learned.	Teach a song from music class to an adult or sibling.	Create a Venn Diagram comparing a book you have read to the movie version.	Design a house and build it out of Legos or other building materials found around your house.
