WEATHER CANCELLATIONS

In the event of extreme weather, classes and activities may be canceled. Notifications will be announced on local news sources, our website, or depending on timing, by phone or email.

A New Home for Online Registrations

Our registration system for White Bear Lake Community Ed & Recreation programs has been updated and is now called Arux. You will use Arux to register, make payments, and manage your account. The experience is similar to what you're used to, with a few helpful improvements.

No action is needed from you. All account information, registrations, contracts, and saved payment methods, including autopay, were automatically carried over. Your existing username and password continue to work. Child care or preschool accounts, if applicable, should already appear in your dashboard. Please contact us with questions at 651-407-7501 or communityed@isd624.org.

You can access your account at the new web address: whitebear.arux.app

ONLINE Classes: Link will be emailed 2-3 days prior to the start date. If you do not see the link, check your SPAM, then call 651-653-3121.

Facilities Reservations: All requests for facility use within the White Bear Lake Area School District #624 should be emailed to: facilities@isd624.org.

Refunds & Prorating: To cancel your class registration, notify us immediately. Refunds are not issued after an **in-person** class has begun or, for online classes, if the class link and materials have been emailed to you already. To receive a refund, minus a processing fee, you must withdraw from an activity at least 3 business days prior to the first day of the activity or before receiving online materials. Call 651-407-7501. Some exceptions apply.

Processing fees for classes:

- Under \$50 have a \$5 fee • \$50-\$149 have a \$10 fee
- \$150-\$399 have a \$20 fee • \$400+ have a \$30 fee

Your Privacy is Important to Us: Your registration information is considered private data under state and federal law. Information is used for the purposes of administering the activity or contacting you about upcoming cancellation changes. If you choose to withhold this information, this could limit the distribution of information.

Liability Waiver: There is an inherent risk of accident or injury in any activity. It is the responsibility of the participant or the parent of the participant to be aware that there are assumed risks in participation. ISD 624 assumes no responsibility for injuries received during activities. Any changes in a participant's activity level should be done under approval and direction of their physician and/or healthcare provider(s).

Do You Have a Disability? Do not let it be a barrier to enjoying the wide variety of class offerings in this catalog. Please call 651-407-7501 to discuss accommodations.

Need Financial Assistance? WBL Community Education & Recreation is dedicated to providing learning opportunities for people of all ages. Limited financial assistance is available. For details and to apply, call 651-407-7501.

Waitlist: When a class is at capacity, we create a waitlist, where you have the option to add your name. If a spot becomes available, we'll call you. If we do not reach you, a voicemail will be left, giving you some amount of time to return the call. If you do not contact us, we will call the next person on the list.

ISD 624 does not discriminate on the basis of sex and prohibits sex discrimination in any education program or activity that it operates, as required by Title IX, including in employment. Complete information in SB Policy 522.

Meals on Wheels

Meals on Wheels

Meals on Wheels (MOW) is a community-based service that provides fresh, nutritious meals delivered directly to the homes of seniors and individuals with disabilities.

Meals on Wheels eliminates stress by providing fully prepared meals delivered right to your door.

We offer flexibility in our Monday - Friday delivery options: choose from hot, cold, or frozen meals that suit your lifestyle. We also offer gluten and dairy free, low sodium, mechanically soft and pureed meals. This not only saves you time, but allows you to focus on other important aspects of your life. For more details call 651-653-3123.

- Monday - Friday delivery between 11:30 AM - 1:00 PM.
- Weekend meals are delivered frozen on Thursdays.
- Adults living in the White Bear Lake & Mahtomedi School Districts are eligible to receive meals.
- Cost is on a sliding scale based on income.

Early Childhood Screening

SCREEN AT THREE

Early Childhood Screening is required by the state of Minnesota for all children prior to entering kindergarten. White Bear Lake Area School District provides this screening at no charge.

3 reasons to screen at age 3:

- » Screening can ensure school success
- » If health or developmental concerns are identified, educational services are available immediately
- » It is fun for children and provides caregivers with valuable information regarding child development

Call 651-653-3100 or visit whitebear.arux.app to register.

ECFE Classes include Three Components:

- » **Parent-Child Interaction:** You and your child spend time together enjoying activities designed to enhance learning. You will leave with new ideas for things to do together at home.
- » **Parent Education:** Meet with other parents and a licensed ECFE teacher to discuss topics such as development, temperament, discipline, and getting ready for school. The parenting group time takes place in a separate room or in a designated area of the children’s classroom for non-separating classes.
- » **Children’s Classroom:** While parents participate in parent education, children learn through play in a classroom with early childhood staff. Children will enjoy music, art, stories, large and small motor activities as they interact with other children.

What is the Parent Advisory Council (PAC)?

Every Early Childhood program is required to have an advisory council to help develop, plan, and monitor the ECFE program. The PAC is made up of parents in the program, local community professionals, and agency representatives who provide input and guidance on community needs.

- The PAC meets 3 times per year. (Sept, Nov, & Apr)
- The next PAC Meeting is Monday, April 20: 11:00-12:00 PM @ NP
- Free Childcare Provided
- \$50 Incentives Available
- The PAC approves grants for EC programs.
- Runs special PAC sponsored events
- The PAC supports 2-3 fundraisers per year

A New Home for Online Registrations

Our registration system for White Bear Lake Community Ed & Recreation programs has been updated and is now called Arux. You will use Arux to register, make payments, and manage your account. The experience is similar to what you're used to, with a few helpful improvements.

No action is needed from you. All account information, registrations, contracts, and saved payment methods, including autopay, were automatically carried over. Your existing username and password continue to work. Child care or preschool accounts, if applicable, should already appear in your dashboard. Please contact us with questions at 651-407-7501 or communityed@isd624.org.

You can access your account at the new web address: whitebear.arux.app

Drivers Education Ages 14- 18 A+ Driving School

This 30-hour course, led by a certified instructor from A+ Driving School, meets the Minnesota state requirement for driver's education. The class will cover both the "how" and "why" of safe driving through a combination of lecture and interactive discussion. Upon completion, students will be eligible to schedule and complete six hours of behind-the-wheel instruction as required by the state.

Students can begin classroom driving lessons at age 14, take the Knowledge Test and receive their Instruction Permit at 15, and become eligible for the Road Test and Provisional License at 16. To take the Road Test, students must hold their Instruction Permit for at least six months.

Classroom Phase - Teleconference or In-Person: This phase includes 30 hours of required classroom instruction designed to prepare students for the Minnesota permit test and the responsibilities of safe driving. If a lesson is missed, make-up sessions can be scheduled through the office, either during the next White Bear session or at another A+ location.

Behind-the-Wheel Phase: Once students pass the permit test, they must complete six hours of behind-the-wheel instruction, divided into three, two-hour sessions. Each session is one-on-one with a licensed instructor certified by the MN Department of Public Safety. Students can be picked up and dropped off at home, school, or work. Detailed scheduling information will be provided to help arrange these lessons.

Parent Involvement: A+ Driving School offers parent informational meetings to support families through the learning process. Attending this class fulfills the state requirement to reduce the student's supervised driving hours from 50 to 40. The course fee is \$420, with payment plans available.

A Focus on Math Brings Infinite Rewards.

Now is the time to make math a priority

The benefits of the Mathnasium Method™ go far beyond simply getting better grades in math. Kids also gain independence. The ability to think critically. And increased confidence. This increased confidence in turn leads to greater success not only in math, but in other subjects as well. (And in life beyond the classroom!) But it's the way that our instructors teach math that truly sets us apart. We meet kids where they are, customizing a plan specifically for each student, and teaching math in a way that makes sense to them. It's a fun, dynamic, reward-based approach that is proven to accelerate learning and deliver exponential results.

Sports Physicals

Students must have a current qualifying Sports Physical Examination form on file in their school's health office.

Sports Physicals are good for 3 years. To check on a physical, contact your school's Admin Assistant.

NOTE: A well-child exam does not meet the requirements.

Find the Sports Physical Form on the Middle School Athletics page at isd624.org/MiddleSchoolAthletics

Additional Notes

All athletes must be registered before he/she may participate in practice or competitions.

Refunds may be issued only within the first ten days of the season if the athlete has not yet competed.

If needed, please email your school's Admin Assistant for a Family Key or for any registration questions.

An Activity Bus is available after practice for students. View the schedule on the Middle School Athletics page at isd624.org/MiddleSchoolAthletics

Celebrating Student Success and Community Connections

As students have settled into their school-year routines, we're finding many reasons to celebrate success and connection across White Bear Lake Area Schools.

At recent School Board meetings, we've had the honor of recognizing outstanding student achievements at the state and national levels for success in athletics and activities. Academic accolades have also been highlighted, with more than 130 current students and members of the Class of 2025 being celebrated for their accomplishments in the Advanced Placement (AP) program.

Two students also reached the prestigious semi-finalist level in the ongoing National Merit Scholarship process, and one of our current students earned a perfect 36 on the ACT - an achievement reached by just 0.22% of test takers nationwide.

STUDENT GROWTH & PROFICIENCY

Early Childhood

Our District offers a diverse range of early childhood education options from family education, vibrant preschool programming and nature-based learning experiences. We partner with our early childhood special education team to provide support and services for our preschool students with exceptional needs. We are recognized as a 4-star Parent Aware preschool program, the highest rating possible in Minnesota.

Elementary

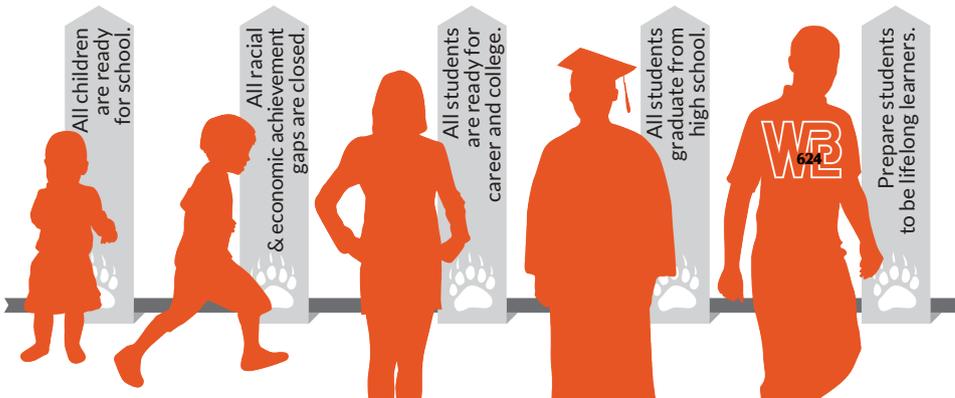

Our elementary students are assessed regularly in reading, math, and science using a variety of grade-level appropriate tools. To measure their progress against state standards, we utilize MCA tests. Students who need additional support or an added challenge receive personalized instruction.

Middle School

Middle school teachers and counselors use the MCA test, along with other data, to guide students in course selection. Instruction is personalized to meet the individual needs of each student.

High School

High school teachers assess students regularly using common assessments in each subject. Students also take nationally-normed tests like the PreACT, PSAT, and ACT at various points in their high school career. Counselors and teachers utilize this data, combined with knowledge of individual student goals and motivation, to help students select from a wide range of course offerings, including more than 250 courses and nine career pathways.

In addition to MCA data, White Bear Lake Area Schools utilizes a variety of local academic measures, including academic and social-emotional screeners, PreACT, ACT, and academic grades and credits, to apprise student progress.

MINNESOTA COMPREHENSIVE ASSESSMENTS (MCA)

Student proficiency is measured by the Minnesota Comprehensive Assessment (MCA) tests, Minnesota's state requirement for testing under the Federal Every Student Succeeds Act (ESSA).

2024-25 WBLAS MCA COMPARISON TO STATE AVERAGES			
	State	WBLAS	WBLAS compared to State
Reading	49.5%	52.2%	+2.7% pt
Mathematics	45.0%	48.3%	+3.3% pt
Science*	25.7%	23.4%	-2.3% pt

* The MCA Science test is a new test as of Spring 2025

EDUCATIONAL EXCELLENCE

To ensure our district remains at the forefront of education, we are focused on reimagining learning experiences to inspire student success.

- The unification of White Bear Lake Area High School and implementation of a trimester system at the high school in 2025-26 increases student opportunities and allows for more focused learning periods.
- The Elementary Spanish Dual Immersion program launched in fall 2025 creates a bilingual environment that values diversity and cultural understanding.
- Our middle school teachers collaborate to set high standards and provide rigorous instruction.

FALL TO SPRING GROWTH

Results from the Fall 2024 and Spring 2025 screening assessments show that the majority of White Bear Lake Area Schools students achieved or exceeded their anticipated academic growth goals.

HIGH EXPECTATIONS & ENRICHMENT

WBLAS is a recognized leader in developing Career Pathways aligned with workforce needs.

Our Career Pathways program helps students align their education with their career goals, by offering hands-on and industry-level training directly in class, including college credit and industry certifications embedded within those classes. Opportunities for work-based learning and site visits continues to expand and get students into the world of work.

NINE CAREER PATHWAYS CURRENTLY OFFERED AT ISD624

Automotive	Construction & Skilled Trades	Family & Consumer Sciences (FACS)
Business	Education	Health & Wellness
Communication Technology	Engineering & Manufacturing	Information Technology

The 4-year graduation rate for the White Bear Lake Area High School Class of 2024 was 96.5%, 12.3 percentage points above the state average and 3 percentage points higher than the prior year. This was the second-highest grad rate amongst area high schools. Graduation rate calculations follow one year behind the current graduating year.

STUDENT SUPPORT SERVICES

We have high expectations for all students and offer a continuum of specialized instruction for students with unique needs. Our programs and services are individualized and comprehensive.

AVID

Our middle and high school students have the opportunity to participate in the Advancement Via Individual Determination (AVID) program, which offers rigorous instruction to prepare students for college. Lakeaires Elementary is also an AVID school and uses Writing, Inquiry, Collaboration, Organization, and Reading (WICOR) strategies to enhance student learning.

BARR

Building Assets, Reducing Risk (BARR) programming is used in six of our schools to build strong relationships and provide early intervention support.

DUAL IMMERSION

Otter Lake Elementary and Matoska International offer a district-wide Elementary Spanish Dual Immersion program option.

INTERNATIONAL BACCALAUREATE

Since 2010, Matoska International has offered an IB World School option, providing a rigorous and globally-minded education for their elementary students.

FINANCE

Financial Management

To ensure that maximum resources reach our classrooms, White Bear Lake Area Schools remains committed to fiscal responsibility.

Stewardship

The district continues to demonstrate strong stewardship, ensuring that taxpayer dollars are used effectively and efficiently to support student learning and well-being.

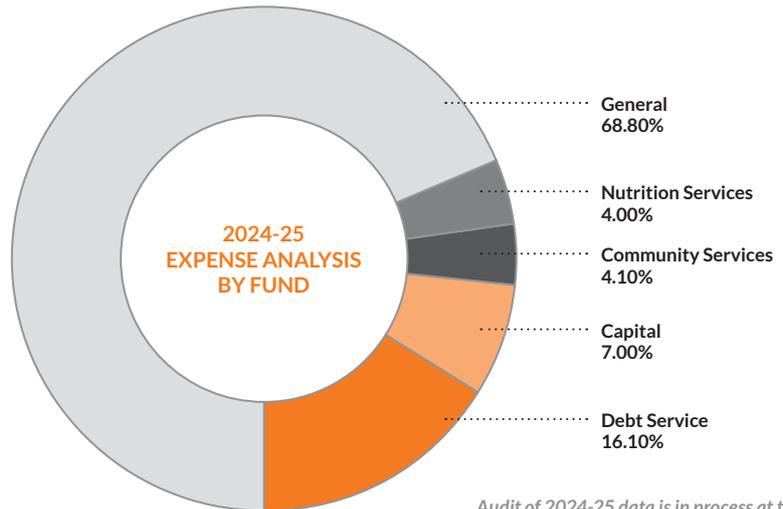

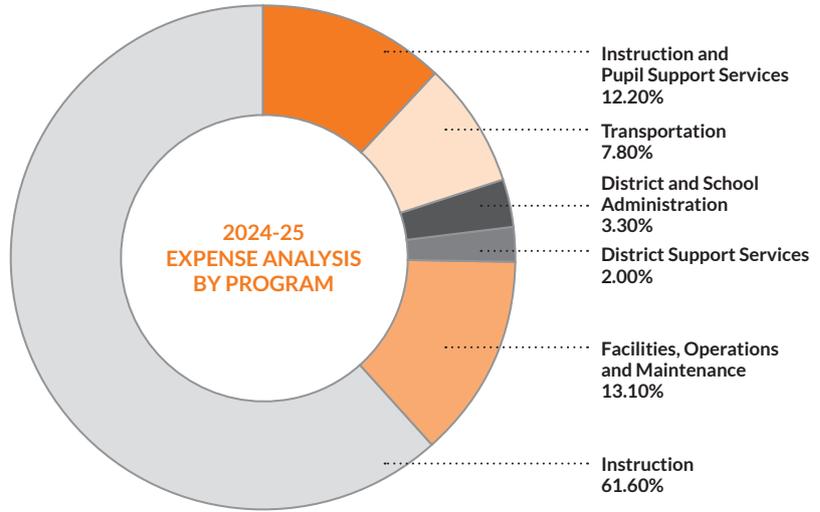

Financial Excellence

This year marks a quarter-century of recognition the district has received for excellence in financial reporting the District from the Association of School Business Officials and Government Finance Officers Association.

These prestigious awards are the highest honor a governmental agency can receive in the area of accounting and financial reporting, representing a significant accomplishment for the district's Finance Department and staff.

Partnerships

The district has innovative partnerships with Bear Care, Lakeshore Players, Tamarack Nature Center, White Bear Center for the Arts and many others.

Audit of 2024-25 data is in process at time of printing.

2026-27 and 2027-28 Calendars Approved

The School Board recently approved the 2026-27 Academic Calendar and the 2027-28 Academic Calendar.

Both approved calendars include start dates prior to Labor Day, which falls later than usual in both 2026 and 2027. The earlier start provides several benefits, including four instructional days before Labor Day with a four-day holiday weekend, and an earlier end to the school year – June 4, 2027, and June 2, 2028 – rather than mid-June.

In addition to the calendar shift, the late-August start allows for more instructional time before state testing and better alignment of trimester transitions with natural breaks, reducing interruptions in learning. It also allows for better scheduling for extended school year programs for students with special needs and staff.

The approved calendars are available on the district's website at www.isd624.org/about/calendar.

Quarter-Century of Finance Awards

White Bear Lake Area Schools has once again earned top honors for financial reporting, marking the 25th consecutive year the district has received both the Government Finance Officers Association (GFOA) Certificate of Achievement for Excellence in Financial Reporting and the Association of School Business Officials (ASBO) Certificate of Excellence in Financial Reporting.

These awards are the highest form of recognition a governmental agency can receive in the area of accounting and financial reporting, representing a significant accomplishment for the district's Finance Department and staff.

"Our Finance Office continues to live up to the theme we've set for ourselves this year: Elevating Excellence, Built on a Foundation of Trust," said Superintendent Wayne Kazmierczak. "Our community has grown to expect us to act with the integrity that's been demonstrated through our long tradition of service to our students, families, and community members."

To be considered for the awards, the Finance Department submits its annual comprehensive financial report for impartial review. Reports must meet rigorous criteria to qualify for recognition. According to GFOA Director of Technical Services Michele Mark Levine, the district's annual report demonstrates "a constructive 'spirit of full disclosure' to clearly communicate its financial story and motivate potential users and user groups to read the report."

Jim Rowan, CAE, SFO, Executive Director of ASBO International, highlighted the broader impact: "For over half a century, ASBO International's Certificate of Excellence in Financial Reporting has been the gold standard for promoting and recognizing excellence in financial transparency. Clear and accurate financial reporting is crucial for engaging school communities and building their trust. Districts that earn the COE have demonstrated an extraordinary commitment to these principles."

Hundreds of students are also gaining valuable hands-on experience through our Career Pathways programs. Last year, students in our automotive program completed 455 Ford ACE High School Automotive Program courses and 36 students earned certification through AllData Automotive Intelligence. Another 36 students achieved ServSafe certification in the Food Service industry, more than 100 students earned First Aid/CPR credentials and 41 students became Certified Nursing Assistants (CNA). These meaningful experiences provide students with practical skills, industry-recognized credentials, and confidence as they prepare for future careers.

Student success is matched by district excellence. For the 25th consecutive year, White Bear Lake Area Schools have earned top honors for financial reporting. The district also received national recognition for communications excellence, with six projects earning Awards of Excellence – the highest honor presented by the National School Public Relations Association (NSPRA) – in the 2025 Publications and Digital Media Excellence Awards. Honored projects include the 2024 Annual Update, 2024-25 Calendar, Fall 2024 Bear’s Bulletin and the Community e-Newsletter. The “Building Our Future - Impact on Teaching and Learning” video and “The Week in 62.4 Seconds” video series were also recognized.

Our success as a district is built through collaboration and care – qualities that make White Bear such a special place to learn and grow. A recent example of this spirit was on display at one of our middle schools, where a sixth grader who was born without a right hand wanted to learn the violin. Her school nurse and orchestra teacher began researching adaptive solutions and discovered specifications for a 3D-printed bow holder. They teamed up with a science teacher who is a hobbyist 3D printer and a tech education colleague who specializes in CAD design. After several prototypes and adjustments, the team successfully created two customized devices, allowing the student to play the violin. This story exemplifies the creativity, compassion, and teamwork that define our district.

Community members also play a vital role in supporting and enriching our schools. Programs such as the high school’s “Test Drive... Next Stop Reality” event – an engaging program that helps juniors navigate real-world budgeting and decision-making through interactive stations focused on housing, transportation, childcare, insurance, and more – are only made possible by the 200 volunteers who stepped up and gave of their time to help make it happen.

And finally, as the temperatures drop, we invite our community to stay active and connected by walking the indoor WBLAHS Field House track. Open Monday through Thursday from 6–9 p.m., the track offers a warm, safe, and free space to enjoy some exercise while sharing in the pride of this wonderful community facility.

Dr. Wayne Kazmierczak, Superintendent

Otter Lake Elementary and Mariner Middle School Named Minnesota Schools of Excellence

Otter Lake Elementary and Mariner Middle School are among just 13 schools statewide to be recognized as 2025-26 Minnesota Schools of Excellence by the Minnesota Elementary School Principals’ Association. White Bear Lake Area Schools is the only district in Minnesota to have more than one school earn this prestigious honor this year.

Building Our Future

The Building Our Future bond referendum projects are nearing completion, marking an exciting new chapter for White Bear Lake Area Schools and community. The final project, the transformation of the former Sunrise Park Middle School building into a multi-use facility housing the Early Childhood Center, Transition Education Center, Senior Program, and District Service Center, is progressing steadily. The Senior Program and district offices are already in place, with the Early Childhood Center and Transition Education Center scheduled to move in during the summer of 2026.

At the same time, the completion of White Bear Lake Area High School shines as a proud symbol of the community's investment in education. The redesigned academic spaces feature studio-style classrooms that provide flexibility for teachers to adapt lessons designed for collaboration, project-based learning, and individual exploration. These inspiring environments foster creativity and help prepare students for success in college, career, and life.

The school's fine arts facilities are equally impressive, with new band, orchestra, and choir rooms supporting growing music programs. The Performing Arts Center, seating 845 guests, provides a professional-quality venue for concerts, theater productions, and community gatherings, allowing students' talents to shine.

Enhanced athletic and competition spaces, both indoor and outdoor, offer modern, welcoming environments that promote fitness, teamwork, and community pride. From updated gymnasiums and fitness areas to expanded outdoor fields and courts, these facilities serve students and provide exceptional spaces for the community to enjoy.

Together, these spaces showcase how the Building Our Future referendum has transformed not only our flagship high school but also the learning and gathering environments across the communities we serve, a lasting reflection of our community's pride, vision and commitment to our youth.

Projects made possible by the community's support of the 2019 Building Our Future bond referendum:
