

Corrective Action Plan (CAP) Update

William M. Merritt, IV, Ed.D. Chief of Staff

Objectives

Review progress towards clearing standards in the Corrective Action Plan (CAP)

Provide updates on significant changes in the revised Corrective Action Plan

Accreditation Standards

The intent of the Mississippi Department of Education (MDE), as well as the Office of Accreditation and Accountability (OAA), is to support school districts in their efforts to resolve accreditation deficiencies to avoid moving forward with recommendations to the Commission on School Accreditation (CSA) for action such as **DOWNGRADING** the district's accreditation status, **WITHDRAWING** the district's accreditation, or declaring a **STATE OF EMERGENCY**.

- 7: Education K-12, Part 139

Accreditation Status

-  Accredited
-  Probation
-  Not Accredited
-  State of Emergency

Remaining Standards to Clear

- **Standard 1.1 & 1.2:** Governance
- **Standard 6.1 & 6.2:** Residency and Immunization
- **Standard 8:** Cumulative Folder & Permanent Record

Schools with Remaining Deficiencies

6.1 Standard Residency	Standard 6.2 Immunization	Standard 8 Permanent Record
Callaway Cardozo Jim Hill Peeples Powell	Callaway Cardozo Forest Hill Jim Hill Lanier	Bailey Bates Callaway Cardozo Forest Hill Jim Hill Kirksey Lanier Murrah Oak Forest Pecan Park Peeples Powell Provine

What's New?

Standard 1.1 and 1.2

- Implementation timelines have been updated
- The administration continues to review policies in collaboration with the Board's Policy Review Committee
- In reviewing the policies, there are edits, updates, revisions, and/or the deletion of policies

What's New?

Standards 6.1, 6.2, and 8

- A review of records schedule has been developed for schools:
 - October 150
 - November 100
 - December 100
- Once a school completes this process, the Office of Enrollment Services reviews a sampling of that school's records for compliance
- The Office of Enrollment Services is providing technical assistant sessions at assistant superintendent's network meetings

Accomplishments

- As of today, **21 of the 24 deficiencies have been cleared**, which represents **88%** of the process standards.
- Currently, **21/35 (60%)** of the schools have cleared Standards 6.1, 6.2, and 6.8. There are 14 schools with remaining deficiencies.
- During the 2024 – 2025 school year, **Johnson Elementary School cleared Process Standard 8**, and **Pecan Park cleared Standard 6.1**.

Key Take-Aways

- We are making **demonstrable progress** towards clearing standards:
 - 21 standards have cleared since initial MDE audit and Accreditation Policy 2.1
 - 39 total standards & sub-standards cleared since initial MDE audit
- We continue to work cross-functionally to address the deficiencies that remain on record
- We continue to partner with the MDE to understand and address the issues that were cited
- We are continuously improving our processes to ensure the district remains compliant with all standards
