

**Elementary And Secondary School Emergency Relief Fund (ESSER FUND)**

**Section: Narratives - Program Description**

**INTRODUCTION**

Under the Elementary and Secondary School Emergency Relief Fund (ESSER Fund), the Pennsylvania Department of Education (PDE) awards grants to local educational agencies (LEAs), to address the impact that Novel Coronavirus Disease 2019 (COVID-19) has had, and continues to have, on elementary and secondary schools across the state. LEAs must provide equitable services to students and teachers in nonpublic schools as required under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act).

Please note: ESSER funds, under any part of 18003, **cannot** be used for: 1) subsidizing or offsetting executive salaries and benefits of individuals who are not employees of the SEA or LEAs or 2) expenditures related to state or local teacher or faculty unions or associations. CARES Act funds generally will not be used for bonuses, merit pay, or similar expenditures, unless related to disruptions or closures resulting from COVID-19.

**\*ESSER funds are not Title I funds and as such, are not subject to Title I rules.**

**Please explain how the LEA will determine its most important educational needs as a result of COVID-19.** (3000 characters max)

CASD will utilize it's Pennsylvania Department of Education submitted Continuity of Education Plan. Our most important educational needs above safety will include the challenge of providing remote learning opportunities to 4400 students in a rural 250 square mile rural district that lacks sufficient internet connectivity for online learning. We will determine those needs through stakeholder feedback, student observation, professional evaluations, and intermediate unit collaboration.

**Please explain the LEA's proposed timeline for providing services and assistance to students and staff in both public and nonpublic schools.** (3000 characters max)

CASD began our Continuity of Education planning, implementation, and review on March 13, 2020. We continue to provide resources to our community such as but not limited to community hotspots and food service options.

**Please explain the extent to which the LEA intends to use ESSER funds to promote remote learning.** (3000 characters max)

We will implement our Continuity of Education plan. Central to our plan is the utilization of Google Classroom for facilitation and direct instruction. However, CASD is keenly aware that all of our students do not possess reliable internet service. Therefore the delivery of content, evaluations, student/teacher feedback and interaction among classmates is limited. CASD employs a USB delivery to students that experience limited internet service.

**Please describe how the LEA intends to assess and address student learning gaps resulting from the disruption in educational services.** (3000 characters max)

**Elementary And Secondary School Emergency Relief Fund (ESSER FUND)**

We will be conducting assessments to determine how much of a covid slide occurred so that we are teaching all students at the appropriate instructional levels.

**Please describe the LEA(s) proposed procedures for evaluating local COVID-19 impacts in relation to education programming and delivery. (3000 characters max)**

Areas of emphasis should include:

- Documenting learning loss associated with extended school closure;
- Outlining the development of local continuity of education plans over the course of emergency response efforts; and
- Detailing supports for vulnerable student populations and families.

We will be conducting assessments to determine how much of a covid slide occurred so that we are teaching all students at the appropriate instructional levels.

**Please describe the LEA core set of strategies that will be used to guide local investment of CARES funding, associated with short-range (i.e., remainder of the 2019-20 school year) and long-range (2020-21 and 2021-22 school years) timelines. (3000 characters max)**

These strategies may entail the establishment, scale-up, refinement, or evaluation of remote learning, as well as strategies for school-based teaching and learning responsive to conditions related to the pandemic. LEAs will be asked to outline how limited, one-time CARES funding may support these initiatives and how CARES funding might interact with other federal funding, including enhanced Title IV flexibility, to ensure strategic and sustainable use of one-time funds.

We will be balancing expenditures on education and safety measures. items include sanitation, safety, technology, communication, and remote learning items.

**Please describe specific plans, measures, and longer-term evaluative strategies concerning student learning gaps - as well as opportunity to learn factors - stemming from COVID-19. (3000 characters max)**

CASD will evaluate our COVID slide and plan accordingly.
