

Section: Narratives - Needs Assessment

Introduction

In accordance with the American Rescue Plan (ARP) Act and Pennsylvania Act 24 of 2021 (Act 24), the Pennsylvania Department of Education (PDE) will award approximately \$ 249,848,000 or five percent (5%) of Pennsylvania's ARP Elementary and Secondary School Education Relief (ESSER) State Reserve funds to school districts, charter schools and cyber charter schools (collectively, LEAs) = to implement evidence-based interventions that address learning loss in response to the academic, social, emotional and mental health needs of students and subgroups of students impacted by COVID-19 public health emergency that supplement school programs and activities.

Act 24 requires that LEAs, at a minimum, use the funds they are awarded under this subgrant in the following ways: .

Percentage of LEA Allocation - Required Activities

30% - To address the social, emotional and mental health needs of students

10% - To provide professional development and technical assistance to educators, school support staff, school leaders and school health professionals to address the social, emotional and mental health needs of students.

8% - To address reading remediation and improvement for students

The remaining allocation may be used by the LEA to address and/or supplement other areas of learning loss caused by the pandemic.

Act 24 also requires that, when available, existing personnel shall be utilized by school districts, charter schools and cyber charter schools to staff programs and activities established with these grant funds.

Within 90 days of receipt of these allocations, school districts, charter schools and cyber charter schools must submit a three-part plan to PDE, that outlines the proposed use of the grant money, itemized by program and activity. This plan is part of a consolidated application that includes after-school programming, summer activities, and a comprehensive plan to address learning loss. The plan shall include:

- 1) A description of each program and activity
- 2) A narrative outlining the expected benefit of each program and activity
- 3) A budget for each program and activity detailing personnel and operating costs.

Through this grant application, LEAs will meet their requirement of developing a three-part plan, including describing their planned programming, a narrative outlining the expected benefit of each program and activity, as well as an overview of how the LEA determined the areas of need to be addressed, including the use of stakeholder feedback.

PDE has developed the Accelerated Learning Toolkit, a significant cadre of resources and trainings, to support LEAs in the development of their plans. The Accelerated Learning Toolkit can be found [Link to Accelerated Learning Toolkit](#).

Needs Assessment: In this section, LEAs are asked to describe the impact of the pandemic on their

students, examine disproportionate impacts on specific student groups, and highlight the LEA's promising practices in supporting student needs since March 2020.

Indicators of Impact

1. Understanding the Impact of the COVID-19 Pandemic: Describe how the LEA has identified or will identify the extent of the impact of the COVID-19 pandemic on student learning and well-being. Specifically, what methods (i.e., collecting and analyzing data and information from focus groups, surveys, and local assessment results) were used or will be used to identify and measure impacts in four key areas: (1) Social and Emotional Learning, (2) Professional Development needs to support Social and Emotional Learning, (3) Reading Remediation and Improvement for Students, and (4) Other areas of Learning Loss?

	Method used to Understand Each Type of Impact
Social and Emotional Learning	Referrals have been made to the Student Assistance Program. Check and Connect began to be implemented to support students to graduate. Partnerships with mental health services will be continued and/or enhanced to support the social-emotional well-being of students. Stakeholder input was gathered
Professional Development for Social and Emotional Learning	Professional development will occur to increase support through the Student Assistance Program, PBIS, Check and Connect, and any other additional professional development that will help support student social emotional learning due to COVID. Stakeholder input was gathered.
Reading Remediation and Improvement for Students	Benchmarking will take place throughout the year and data will be analyzed to determine interventions for students and methods for accelerating learning based on student attainment/progress. Stakeholder input was gathered.
Other Learning Loss	Data will be analyzed and supports will be put into place to support students based on data results. School district staff will work with indistrict, intermediate unit and/or out of district staff to analyze data and determine supports that

Documenting Disproportionate Impacts

2. Identify the student groups in the LEA that faced particularly significant impacts from the pandemic in the areas of Social and Emotional Learning, Reading Remediation and Improvement, or any other areas of learning loss that the LEA will address with this funding source. For each, provide specific strategies that were used or will be used to identify and measure impacts.

Student Group	Area of Impact	Provide specific strategies that were used or will be used to identify and measure impacts

Student Group	Area of Impact	Provide specific strategies that were used or will be used to identify and measure impacts
Children from Low-Income Families	Reading Remediation and Improvement	Benchmarking results were/will be analyzed to determine learning needs for students from low-income families.
Children with Disabilities	Reading Remediation and Improvement	Benchmarking results were/will be analyzed to determine learning needs for students with disabilities.
Children with Disabilities	Social and Emotional Learning	Monitoring of student behaviors will occur to support students with additional behavioral needs due to the COBID 19 pandemic.

Section: Narratives - Learning Loss Program Questions

Learning Loss Program Questions: In this section, LEAs are asked to describe the activities they have designed to support accelerated learning to combat learning loss caused by the COVID-19 pandemic for their students. Please use the following link to ensure that your calculated values below are equal to the values published on PDE's website. The file contains your LEA's MINIMUM required reserves for Learning Loss to address SEL, SEL PD, and Reading Improvement. [Click to download reserve amounts.](#)

*LEA's can choose to spend MORE than the minimum required reserves for Learning Loss. Those values will be entered in the budget sections.

Section 3a – Social and Emotional Learning: As schools across the Commonwealth return to school, LEAs face increased challenges in addressing the mental health needs of their students and staff. LEAs are required to utilize **A MINIMUM of THIRTY PERCENT (30%)** of funding available through this grant application to support the Social and Emotional Learning of their students. In this section, LEAs are asked to describe the activities they have designed to address these needs. Please reference the SEL framework to assist in developing this plan.

3. Calculate 30% of LEA Allocation as the **MINIMUM REQUIRED RESERVE** for Social and Emotional Learning. *(Calculation will populate when you click the Save button)*
 - *This value will be needed in the corresponding budget section.*

	Total LEA Allocation	Multiply by 30% (.30)	Minimum Allocation for SEL
Minimum 30% SEL Requirement	849,621	30%	254,886

4. Describe the data sources the LEA is using to identify social and emotional needs of students and identify areas of strength and concerns in the learning environment.

SAP and PBIS data were considered. Stakeholder input was also gathered.

5. Program/Activities – Please describe the planned program activities and identify the type of activity and the number of students to be served by that activity.

Program Activity	Student Group	Type (Universal, Targeted, Intensive)	Number of Students Served
Outside service supports	Children from Low-Income Families	Targeted	2,212
Outside Service Supports	Children with Disabilities	Targeted	1,070

6. How will the LEA assess the success of the SEL program? Please identify the tool, frequency of use, and expected results.

Tool Used to Evaluate Success	Frequency of Use	Expected Results
PBIS data	Ongoing	Reduction in the number of referrals to the program
Student assistance program data	yearly	Reduction in the number of referrals to the SAP program and/or an increase in staff to support students referred to the SAP program.

Section 3b – Social and Emotional Learning Professional Development: LEAs face increased challenges in addressing the mental health needs of their students and staff. LEAs are required to utilize **A MINIMUM OF TEN PERCENT (10%)** of funding available through this grant application to support professional development activities and technical assistance for educators, school support staff, school leaders and school health professionals to address the social, emotional and mental health needs of students. In this section, LEAs are asked to describe the activities they have designed to address these needs.

7. Calculate 10% of LEA Allocation as the **MINIMUM REQUIRED RESERVE** for Social and Emotional Learning Professional Development. (Calculation will populate when you click the Save button)

- This value will be needed in the corresponding budget section.

	Total LEA Allocation	Multiply by 10% (.10)	Minimum Allocation for SEL PD
Minimum 10% SEL PD	849,621	10%	84,962

	Total LEA Allocation	Multiply by 10% (.10)	Minimum Allocation for SEL PD
Requirement			

8. Describe the planned professional development activities and how the activity will ensure that teachers/staff are equipped with training/support on the following:
- Social emotional learning and support for students that have suffered trauma during the COVID-19 pandemic;
 - Identifying signs of possible mental health issues and providing culturally relevant support;
 - Motivating students that have been disengaged;
 - Mentoring students who have attendance issues before it becomes a pattern;
 - Self-care and mindfulness strategies for teachers;
 - Engaging and communicating effectively with parents;
 - Working with community agencies to address non-academic needs.

Professional Development Activity	Number of Staff Involved	Type of Staff Involved (Teacher, Counselor, Support Staff, Admin, Other)	Provider – Who will present the professional development	Is the provider an internal staff member or an outside contractor?	Brief Description of the Planned Activity
d. Mentoring students who have attendance issues before it becomes a pattern;	30	Teacher	IU	External Contractor	Teachers will be given training and/or professional development for Check and Connect or another program to support students through graduation
b. Identifying signs of possible mental health issues and providing culturally relevant	20	Teacher	Compass Mark or another outside provider	External Contractor	Teachers will be given training and/or professional development for the student assistance program to support the

Professional Development Activity	Number of Staff Involved	Type of Staff Involved (Teacher, Counselor, Support Staff, Admin, Other)	Provider – Who will present the professional development	Is the provider an internal staff member or an outside contractor?	Brief Description of the Planned Activity
support;					effects of the COVID 19 pandemic
e. Self-care and mindfulness strategies for teachers;	313	Teacher	IU and/or Spaniard School	External Contractor	Self Care professional development for teaching staff
d. Mentoring students who have attendance issues before it becomes a pattern;	9	Counselor	Various	External Contractor	IU, Pattan, and outside provider trainings that will support increasing attendance for students K-12
d. Mentoring students who have attendance issues before it becomes a pattern;	4	Other	Various	External Contractor	IU, Pattan, and outside provider trainings that will support increasing attendance for students K-12
a. Social emotional learning and support for students that have suffered trauma during the COVID-19 pandemic;	15	Teacher	Brigance	External Contractor	Professional development for teaching staff using the Healthy Relationships Curriculum

9. How will the LEA assess the success of the SEL professional development? Please identify the tool, frequency of use, and expected results.

Tool Used to Evaluate Success	Frequency of Use	Expected Results
Graduation rate	Yearly	Increase in graduation rate
Attendance data	Yearly	Increase in overall building yearly attendance
Teacher attendance	Yearly	Increase in teacher daily attendance

Section 3c - Reading Improvement for Students:

LEA allocations in Reading improvement should be used to increase the best practice in the implementation of research-based reading instruction and acceleration. As schools are planning the most effective use for this 8% set aside for reading instruction and acceleration, they should contemplate the use of structured literacy (also known as Science of Literacy) to develop reading instruction and remediation. Please reference the Structured Literacy framework to assist in developing this plan [LINK NEEDED](#)

LEAs are required to utilize **A MINIMUM of EIGHT PERCENT (8%)** of their ARP-ESSER allocation for research-based reading instruction. In this section, describe the course of action to remediate and improve reading gaps through research-based practices.

- Calculate 8% of LEA Allocation as the **MINIMUM REQUIRED RESERVE** for Reading Improvement for Students. *(Calculation will populate when you click the Save button)*
 - This value will be needed in the corresponding budget section.*

	Total LEA Allocation	Multiply by 8% (.08)	Minimum Allocation for Reading Improvement
Minimum 8% Reading Improvement Requirement	849,621	8%	67,970

- What local assessments were used to determine the need to address learning loss in the area of reading? For which specific groups of students was this need evidenced? What were the findings?

DIBELS testing is being used to determine needs for the K,1 and 2 students. Although testing

is still being completed, the data so far shows a significant need to support K,1 and 2 in reading. EOY 20-21 Dibels data also showed the need for support in the primary grades. EOY 20-21 benchmarking for students in grades 3-12 also showed needed support for students in the area of ELA. Benchmarking in grades 3-12 occurred either through Study Island or a locally developed benchmark.

12. Does your data indicate that at-risk readers are making at least a year's worth of growth or more in one school year? *Please consider both state PVAAS data and local assessment data

No

Please explain:

Data shows that there is not a year's worth of growth for students. The most recent data is still being analyzed for specific concerns.

13. Has the LEA used structured literacy and/or provided training for K-4, ESL, and Special Education teachers in structured literacy?

No

If so, please identify the training, grade level, and number of teachers involved.

Training	Grade Level / ESL / Special Education	Number of Teachers Trained

14. Describe the evidence-based instructional intervention(s) that address the identified needs of students most disproportionately impacted.

Intervention	Student Group	Number of Students Receiving Intervention	Brief Description of Intervention
RTII	Children from Low-Income Families	922	Students in grades K-2 participate in RTII through the Schoolwide Title I program

15. How will the LEA assess the success of the literacy program? Please identify the tool, frequency of use, and expected results.

Tool Used to Evaluate Success	Frequency of Use	Expected Results
DIBELS	3 times per year	80% of students will be on target or advanced on the EOY benchmark.

Section 3d - Other Learning Loss Activities: LEAs are permitted to utilize the remainder of their allocation to support and/or supplement additional efforts being implemented to combat learning loss caused by the COVID-19 pandemic. Please use this section to describe those efforts.

*This value can be **UP TO 52%** of the total allocation, if minimum values were used for other reserves.

16. Calculate 52% of the remaining LEA Allocation **AS A MAXIMUM** amount to fund Other Learning Loss Activities. (Calculation will populate when you click the Save button)

	Total LEA Allocation	Multiply by 52% (.52)	Maximum Allocation for Other Learning Loss Activities
52% Other Learning Loss Activities	849,621	52%	441,803

17. Describe the evidence-based instructional intervention(s) that address the identified needs of students most disproportionately impacted.

Intervention	Student Group	Number of Students Receiving Intervention	Brief Description of Intervention
Data analysis and coaching support	Children from Low-Income Families	4,100	Data gathering and analyzing and support/coaching for staff to use data to support student learning though

Intervention	Student Group	Number of Students Receiving Intervention	Brief Description of Intervention
			instruction, technology and acceleration/remediation.
Coaching/Instructional support	Children from Low-Income Families	4,100	Outside services to provide support to teachers to accelerate learning in the classroom.

18. How will the LEA assess the success of the learning loss activities? Please identify the tool, frequency of use, and expected results.

Tool Used to Evaluate Success	Frequency of Use	Expected Results
Benchmarking	3-4 times per year	70% of students will be on-grade level/proficient or above grade level/advanced in ELA. Benchmarking will occur in Dibels
Benchmarking	3-4 times per year	70% of students will be on-grade level/proficient or above grade level/advanced in Math.
