

Dear Serviceman/Servicewoman,

Hi my name is Kaleb. Before I start I am not just writing this for a contest or something like that. I don't care if I win or lose the contest that I am in. That is because my deceased grandpa was in the military. I know there are other people out there that also had a family member in the military. I will be writing this letter because I care about veterans like you. Who took an oath to serve and protect our country. So kids like me can run and play and go to school without worrying about being attacked. You guys deserve a special day to be honored. Your courage in the face of adversity is an inspiration to us all. You know heroes like Batman, Superman and Green Lantern. They get all the attention, and they're not even real. But you know what superheroes are real. YOU. You and your friends in the military are heroes because you save us from attacks or invasion. You are always ready to fight for our country. I don't know about you but you guys are real heroes in my books. You are the reason America has freedom. You put your heart and soul into this country and we write these letters to show appreciation for what you did for this country. Whether you are in the army or are retired Veteran. I will always appreciate you for your service. Thank you for your time and have a great rest of your Veterans Day.

Kaleb K.
