CLARK AVID

HOW CAN WE HELP YOU BE THE BEST YOU?

AVID For Possibility

AVID's mission is to close the opportunity gap by preparing all students for college and career readiness and success in a global society.

ABOUT US

The AVID program (Advancement Via Individual Determination) is a comprehensive initiative aimed at promoting college and career readiness throughout the school. It is designed to assist students in succeeding in high school and preparing for their post-secondary education and future careers. AVID achieves this by focusing on academic support, skill development, and fostering a college-going culture to empower students to reach their full potential.

WHAT WE DO

Navigating High School

Receive guidance in navigating the skills need to complete high school to your best ability. Organization, Planning, Note taking, Communicating , and more .

Tutoring

Weekly tutorials with students and college tutors to help students learn and understand material from their core academic courses. Collaborative small groups to work and talk through your class materials to help you have deeper understanding. Supporting students challenging their own education

College Awarness and readniness

Learning and developing the idea of post secondary choices after graduation. We look to help students find passions for their future and provide opportunities to see campuses on educational designed field trips

Helping define "Who am I "

The AVID elective helps students think about their future and goals and allows them to define their values and what their own personal journey in life looks like. The AVID elective serves as a guide along the journey but the students chooses the path they find best.
