Am I eligible to make elective deferrals?

You are eligible to make elective deferrals if you are employed by School District of Holmen or any affiliate who has adopted the Plan unless:

- you are a non-resident alien with no U.S. sourced income
- you are a student performing services for School District of Holmen and where you are pursuing a course of study with School District of Holmen

You can start making elective deferrals immediately upon your hire date.

What are elective deferrals?

Elective deferrals are contributions you may make out of your compensation to the Plan. You may contribute to the Plan on a pre-tax or after-tax basis.

Pre-Tax contributions are made to the Plan out of your compensation before taxes. Your contributions are only taxed as compensation once you receive a distribution from the Plan.

After-tax elective deferrals are known as Roth contributions. Roth contribution are made by you on an after-tax basis, but if certain requirements are met, a "qualified distribution" from your Roth contributions will not be taxed when you take them out of the Plan (see the Plan Description for more information). There are no income limitations on who may make a Roth Contribution.

Roth Contributions are made in the same manner as pre-tax elective deferrals. You must designate how much you would like to contribute on a pre-tax basis (normal 403(b) contribution) and how much you would like to contribute as an after-tax Roth Contribution. You are not required to make any Roth Contributions. You may designate all of your elective deferrals as pre-tax contributions.

The sum of your Roth contributions and pre-tax elective deferrals may not exceed the annual limit on regular 403(b) contributions.

Please note that Roth Contributions are not suitable for everyone. Please consult with your tax advisor before making any Roth Contributions to the Plan.

What are the limits on elective deferrals?

Federal law limits the amount you may elect to defer under this Plan and any other retirement plan permitting elective deferrals (including both other 403(b) and 401(k) plans). You are limited to contributing $24,500 (for 2026) during any calendar year. Your Plan may further limit the amount of your elective deferral. Please see your Plan Description for further information.

If you are age 50 or over, you may defer an additional amount, called a "catch-up contribution", of up to $8,000 (for 2026). If you are between the ages of 60 - 63 as of the end of the calendar year, you may be able to defer an additional amount, increasing your catch-up limit to the "enhanced catch-up limit" of up to $11,250 (for 2026). New in 2026, if your 2025 W-2 wages exceeded $150,000 with your current employer, any catch-up contributions you make to a 403(b) **must** be made on a Roth basis (for 2026).

The total amount that may be contributed to the Plan on your behalf in any year may not exceed the lesser of 100% of your compensation or $72,000 (for 2026).

How do I make or change my deferral election?

You may make or change your deferral election by: according to vendor process - contact vendor or plan sponsor.

Once I make a deferral election, how often can I change, stop, or re-start the election?

You may change or re-start your deferral election once each pay period. You may stop your deferrals at any time.

The plan administrator may establish additional rules you will need to follow when making your deferral election. Your deferral election is only effective for compensation you have not received yet. The plan administrator may also reduce or totally suspend your election if they determine that your election may cause the Plan to fail to satisfy any of the requirements of the Internal Revenue Code.
