WHAT IS DAY OF CARING

Day of Caring is United Way's largest single-day volunteer event, uniting people from all corners of Northwest Indiana to roll up their sleeves and make a difference together.

What began as a national movement in 1992 has grown into a powerful local tradition rooted in our commitment to creating real, measurable impact. Every project completed on this day supports one of our four key focus areas:

**FINANCIAL
STABILITY**

**RESILIENT
COMMUNITIES**

**HEALTHY
COMMUNITIES**

**YOUTH
OPPORTUNITIES**

Whether it's revitalizing a park, preparing classroom materials, assembling hygiene kits, or supporting food pantries, Day of Caring brings our mission to life—one act of service at a time.
