How to read your revised tax bill

The revised bills do not have the usual look to them due to adjustments to the school tax rates that the districts were permitted to implement in August. In addition, in some cases, properties may not have an electronic bill available to view on [Parcel Search](#) (or may not have a bill image available yet). These cases include:

- Properties that have had changes in their assessment valuation due to successful appeals. All these accounts require manual bills to be created and mailed directly from the New Castle County Government Center, and manual bills cannot yet be uploaded to [Parcel Search](#).
- Properties that required changes to their property classification for tax billing purposes (i.e., residential to non-residential, and vice versa). Approximately 1,400 accounts will be mailed a separate, additional insert pertaining to the account's corrected property classification. These bill images are available on [Parcel Search](#), but revised bills have not been mailed to customers yet.

On the front page of your bill, the portion below the dotted line shows the amount due as of the date of the bill. In the example below, the taxpayer's total

The County's tax billing (under the "County and Other Taxes and Fees" portion of the front of your bill) has not changed since it issued bills in July 2025. In August, HB242 was signed into law, which permitted the school districts in New Castle County to create separate residential and non-residential tax rates. Therefore, the only adjustments from the July bill to the November bill are to the "Local School District Taxes State of Delaware" portion of your bill. The dollar amount included as your property's "Total School District Taxes Due" reflects adjustments made to the tax rates used by your local School District (and the NCC Vo-Tech district). Additionally, for taxpayers with property located in the Delaware City Park Tax District, a revised "Park" tax has been applied to your bill.

- If you have specific questions on the school tax portion of your bill, please contact your local school district or NCC Vo-Tech, as New Castle County is only the billing administrator for school taxes. School district tax rates are included for reference further below this FAQ.

 FAQ Updated as of 11/25/25

- Under the “Local School Taxes State of Delaware” portion, the revised bill will show the difference between the July 2025 bill and the revised November 2025 bill.
 - The school tax details are not based on the total school district tax rate, they are based on the differences between the original July 2025 and the revised August 2025 rates. Your specific school district will be reflected on your bill. The example below reflects a parcel located in the Christina School District.

- Under the “Current Amount” column (at the top far-right of the above image) is the total amount that line item has increased based on the revised school property tax rate.
- The “Total Current Tax” is the total amount the “Local School Taxes State of Delaware” increased from the July 2025 bill.
- The “Prior Balance” is any amount from the July 2025 bill not previously paid.
- The “Total School District Taxes Due” is the combination of the (1) amount of increase based on the revised school tax rates, and (2) prior tax balance.
- The “Total Taxes and Fees Due” is the total County and School District amounts combined that must be paid by December 31, 2025.
 - The school district property tax rate reflected is the difference between the revised school district tax rate approved in August by the school districts and the original school district tax rate that was approved on the July 2025 bill. Tax rate table is as follows:

REFUNDS

- If you have a credit, the amount will be posted to your account.
- If earlier this year you paid your taxes directly to New Castle County, you may be due a refund. You may request a refund if your credit is over \$50. As an alternative, you may have your credit offset against your 2026 sewer bill. If you do nothing, your overpayment will remain as a credit on your County account and offset future tax bills.
- If your mortgage company pays your taxes and is owed a refund, we will refund the mortgage company directly. **You do not need to request a refund if your mortgage company pays your taxes for you, as we will be working directly with the mortgage companies to refund your overpayment.**
- A link to request a refund is on the County's [website](#). Please note that refunds are issued to the original payee.
- For assistance with any of the refund process, or to ask any questions related to tax billing, please call our Treasury customer service team at (302) 395-5340.

APPEALS

- If you are awaiting an update on the status of your appeal, and your tax bill was not adjusted, you have three options relating to your tax bill:

New Castle County
Revised Property Tax Bill - Non-Residential
FAQ Updated as of 11/25/25

- You may pay the tax due on your property's current assessment, and if your assessment appeal reduces the assessed value of your property, the amount of your tax overpayment can be refunded.
- If you choose not to pay any of the tax due by the December 31, 2025 deadline, you will be assessed a penalty of 1% of the charge, plus an additional 1% penalty on the first of every month thereafter. If your appeal is successful, the penalty associated with the amount of the reduction will be removed.
- You may pay the tax due on the portion of your property's assessment that you do not dispute. If your appeal reduces the assessed value to that value, there will be no penalties and no credit.
