

Coral Springs Middle School

Jill Sleskinski, Principal

2025/26 Elective Programs

Band Beginning (All): Students will choose instruments with the aid of the band director at the beginning of the year. They will be required to participate in school concerts/events/competitions both during the school day and after school.

Band Advanced (All): Students who have taken Band Beginning and want to continue in Band. They will be required to participate in school concerts/events/competitions both during the school day and after school.

Coding Fundamentals (7th & 8th): This course is to introduce the student to computer science, problem solving, programming, and data while inspiring students to build their own websites & apps.

Digital Discoveries (All): For this second year of coding, students must have taken Coding Fundamentals.

Dual Language (All): Empowering through bilingual education. Our Dual Language program fosters academic excellence, cultural appreciation, and multilingual proficiency.

Exploring Communication Technology (8th): This full year course focuses on the design principals behind print publication as students will develop the yearbook. Students will also participate in learning the various aspects of visual media production to develop, record, edit and broadcast daily student news and announcements.

Robotics / STEM (7th & 8th): This full-year course focuses on robotics and the engineering process. Students will design, build, and program robots which will allow them to experience the engineering process first-hand.

Debate 1 LH (8th only): Students will develop an understanding of each of the ten types of Debate by preparing for mock competitions. They will be required to compete in Debate competitions. High School Credit course.

Speech/Debate (6th & 7th): Students will develop an understanding of each of the ten types of Debate by preparing for mock competitions. They may attend competitions but are not required to do so.

Physical Education (All): Students will be provided with a foundation of knowledge, skills, and values necessary for the development of a physically active lifestyle through fitness activities and team sports.

Spanish 1 & 2 (7th & 8th Only): The student will engage in speaking, reading, listening, and writing activities to gain proficiency in the Spanish language. This is a High School Credit course.

Theatre I/II/III: Theatre education is a special kind of art that can include music, dance, acting, and visual art all in one. Our theatre classes teach acting, directing, stage design, and how to run a theatre program. Students also learn how to use makeup, costumes, lighting, and sets to bring stories to life. These classes help students work together, think creatively, and become strong communicators.
