Hosting an exchange student with EF High School Exchange Year is rewarding in so many ways.

- It brings your family closer together. You spend more time with each other because you're sharing your daily life with a new family member.
- It introduces your children and community to other cultures and opens their eyes to the world.
- You'll gain a lifelong connection to the other side of the globe. Students aren't just visitors, they become part of your family.

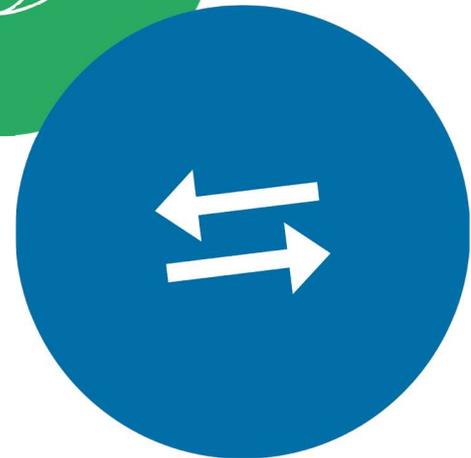

You may also refer others to be hosts regardless of travel. The \$500 stipend is paid once all paperwork is complete. <https://efexchangeyear.org/referral/hf-general/>
