

“This was a great experience. I would do this many times. I learned things about school and health that I would not have otherwise.”

Family Night

January 7, 2026

5:30 – 7:00 p.m.

College of Medicine

Learn about Health Science Career Pathways!

Family Night is a great opportunity for 6th – 7th graders and their families to learn about the WSU Health Sciences Mentorship Program. This in-school program provides opportunities for 7th & 8th grade students to build career awareness around a range of health career fields.

All family members are welcome.

SCHEDULE

- 5:15 - 5:30 p.m. Arrive in K-8 MPR, **Chipotle buffet will be provided for dinner!**
- 5:30 - 5:45 p.m. Social, photos of students will be shown.
- 5:45 - 6:15 p.m. **Dr. Poppy Gardiner will present on Social Media and the Adolescent Brain.**
- 6:15 - 7:00 p.m. Learn about the WSU Health Sciences Mentorship Program - three 15-minute rotations.

Washington State University is a land-grant university with a tradition of service to Washington residents. The Office of Outreach supports community-based mentorship programs which aim to cultivate career awareness and career connected learning opportunities and pathways for young people in underserved and rural communities.

Please RSVP, by Monday, January 5th, by returning this form or contacting Jim Straw at (509) 291-7301 or jstraw@freemansd.org. Please provide the number of attendees for our food order. Your entire family is welcome!
