### Important Notice Regarding Use of School Names & Logos

We sincerely appreciate the support and enthusiasm shown for our schools. However, we kindly ask that small businesses and vendors refrain from using any school name or trademarked logo from across Bamberg County School District on merchandise for sale. Unauthorized use impacts our ability to create and offer official school merchandise that directly supports our students, programs, and district initiatives.

We value our local business community and thank you for your understanding and cooperation as we work to protect the identity and mission of all schools within Bamberg County School District.
