# Visiting Artist

Jeanne Styczinski

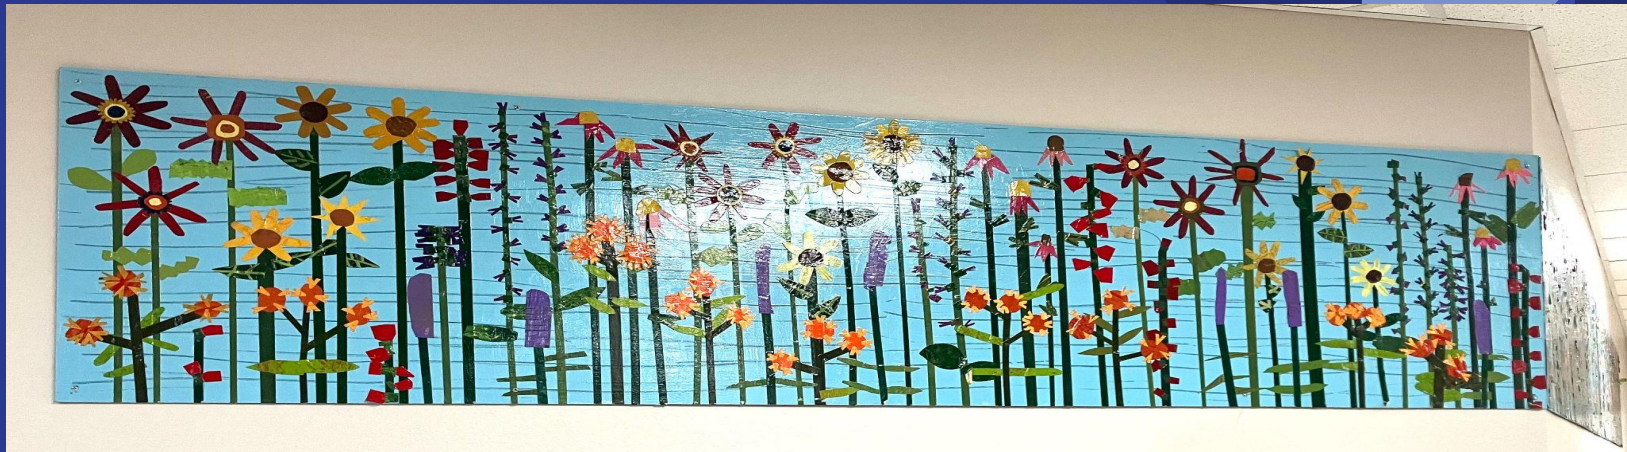

Wisconsin Author and Illustrator Of Children's Books

Jeanne is the Author/ Illustrator of seven children's picture books. Students grades 4K-5th meet Jeanne and listened to her thoughts about writing, illustration and how a picture book comes to life. She painted, printed and created texture papers with students. The next day, those papers were used to collage a flower garden. This installation will permanently be on display in the elementary school.

Photos during the visit.

Flower Garden

## A Closer Look

Each grade level created a different type of flower
