Conflicts of Interest

No employee, officer, agent, or board member with a real or apparent conflict of interest may participate in the selection, award, or administration of a contract supported by the federal award. A conflict of interest includes when the employee, officer, agent, or board member, any member of their immediate family, their partner, or an organization that employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from an entity considered for a contract.

An employee, officer, agent, and board member of the recipient or subrecipient may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors.

However, the Lakes International Language Academy has set standards for situations where the financial interest is not substantial, or a gift is an unsolicited item of nominal value of no more than $50, or as suggested in School Policy 104 *Gifts to Employees*.

Violations of the standards set in this document may result in disciplinary actions including up to and including termination. Also see School Policy 232 *Conflict of Interest*.

If the recipient or subrecipient has a parent, affiliate, or subsidiary organization that is not a State, local government, or Indian Tribe, the recipient or subrecipient must also maintain written standards of conduct covering organizational conflicts of interest. Organizational conflicts of interest mean that because of relationships with a parent company, affiliate, or subsidiary organization, the recipient or subrecipient is unable or appears to be unable to be impartial in conducting a procurement action involving a related organization.

The procurement methods to be used (micro-purchase, small purchase, formal, and their dollar thresholds)

Required: Micro Purchasing Threshold: less than $10,000

Micro-purchases may be awarded without soliciting competitive price or rate quotations if the recipient or subrecipient considers the price reasonable based on research, experience, purchase history, or other information; and maintains documents to support its conclusion. Purchase cards may be used as a method of payment for micro-purchases.

The aggregate amount of the procurement transaction does not exceed the micro-purchase threshold defined in 2 CFR 200.1. To the extent practicable, the recipient or subrecipient should distribute micro-purchases equitably among qualified suppliers.

Required Formal Procurement: Threshold $175,000 for public sponsoring authorities

All Food Service Management Company (FSMC) procurement must be completed as formal procurement regardless of the size of the contract.

Sponsoring Authorities are responsible for ensuring that the required contract provisions are in the final contract:

- Contract provisions as required in Appendix II to 2 CFR 200;
- Contract provisions as required in 7 CFR 210.21(f) for all cost reimbursable contracts;
- Contract provisions as required in 7 CFR 210.16(a) (1-10) and 7 CFR 250.53 for food service management company contracts.

There are two methods a sponsoring authority can choose to utilize: Invitation for Bid (IFB) or Request for Proposal (RFP)

IFBs: When utilizing the IFB method, bids are publicly solicited (once per week for two weeks) through an invitation. A firm fixed-price contract (lump sum or unit price) is awarded to the responsible bidder whose bid conforms with all the material terms and conditions of the invitation and is the lowest in price. For sealed bidding to be feasible, the following conditions should be present:

- A complete, adequate, and realistic specification or purchase description is available.
- Two or more responsible bidders have been identified as willing and able to compete effectively for the business.
- The procurement lends itself to a firm fixed-price contract, and the selection of the successful bidder can be made principally based on price.

IFB timeline and steps:

- Perform a Cost/Price Analysis: Research current market conditions.
- Develop specifications for the purchase.
- Identify potential suppliers to contact.
- Publish the Invitation for Bid (IFB) opportunity and provide the IFB to all interested suppliers.
- Complete a public notification of the IFB opportunity at least once per week for two weeks if purchase price is above SAT.
- Ensure the IFB is directly mailed or emailed to at least two suppliers.
- Hold a pre-bid meeting: Must be at least two weeks prior to Proposal due date.
- Offer an appropriate Question and Answer timeframe (the week following the pre-bid meeting): All questions and answers need be provided to all bidders in writing.
- Timestamp bids as they are received.
- Open bids publicly on the specified date and time.
- Award contract to lowest priced responsive and responsible bidder.
- Maintain documentation from all bidders and IFB Process.

The following sponsoring authority officials are responsible for ensuring compliance (Positions/Titles):

- Chief Financial Officer
- Nutrition Director
- Executive Director

The sponsoring authority's appointed officials will ensure compliance at the following time(s):

- Upon determination that the purchase will likely exceed the $175,000 threshold

- Final selection of contract

The sponsoring authority's appointed officials will ensure compliance in its IFB processes in the following way(s):

- Two school staff informed and aware at each process step
- Supporting documentation on file
- Process form completed and signed by two staff involved in the bid process, ensuring steps followed
- Executive Director reviews the selected proposal prior to signature
- A proposal comparison matrix is used during proposal review and selection.

RFPs:

This procurement method is used when conditions are not appropriate for entertaining sealed bids. This procurement method may result in either a fixed-price or cost-reimbursement contract. The contract is awarded in accordance with the following requirements:

- Requests for proposals require public notice via local newspaper (at least once per week for two weeks) or by posting on the School's website, and all evaluation factors and their relative importance must be identified. Proposals must be solicited from multiple qualified entities (**at least two**). To the maximum extent practicable, any proposals submitted in response to the public notice must be considered.
- The recipient or subrecipient must have written procedures for conducting technical evaluations and making selections.
- Contracts must be awarded to the responsible offeror whose proposal is most advantageous to the recipient or subrecipient considering price and other factors.

RFP Timeline:

- Perform a Cost/Price Analysis: Research current market conditions.
- Develop product and technical specifications for the purchase.
- Develop evaluation criteria.
- Identify potential suppliers to contact.
- Publish the Request for Proposal (RFP) opportunity and provide the RFP to all interested suppliers.
- Public notification of the bid opportunity is required for at least once per week for two weeks if above SAT.
- A Sponsoring Authority's RFP may also be posted on its website but must be directly mailed or emailed to at least two suppliers.
- Hold a pre-proposal meeting at least two weeks prior to the proposal due date.
- Question and Answer timeframe (the week following the pre-proposal meeting): All questions and answers need be provided to all bidders in writing.
- Timestamp proposals as they are received.

- Evaluate all RFP's received by the due date and time. Evaluation should be completed by at least three different persons.
- Negotiation with top scoring proposal is allowed.
- Award contract to the most advantageous proposal.
- Maintain documentation from all bidders and RFP Process.

- Written Specifications will be prepared and provided to the vendor.
- The Executive Director will be responsible for the documentation of records demonstrating the decision to use the non-competitive proposal.

Buy American:

School food authorities (SFAs) must purchase domestic agricultural commodities and food products. For foods that are unprocessed, the agricultural commodities must be domestic, and for foods that are processed, they must be processed domestically using domestic agricultural food components that are comprised of over 51 percent domestically grown items, by weight or volume. A domestic creditable food component is the portion that counts toward a reimbursable school meal (meats/meat alternates, grains, vegetables, fruits, and fluid milk).

SFA requires suppliers to attest that their final food products are either 100 percent domestic commodities or a food product containing over 51 percent domestic food components, by weight or volume.

The limit on the percent of total commercial food costs from non-domestic foods will be phased in over seven school years.

- Beginning in SY 2025-26, the non-domestic food purchases cap will be 10 percent.
- Beginning in SY 2028-29, the non-domestic food purchases cap will be 8 percent.
- Beginning in SY 2031-32, the non-domestic food purchases cap will be 5 percent.

SFA requires suppliers to document the consideration of domestic alternative foods before approving an exception.

When an exception is approved, SFA requires suppliers to document and demonstrate one of the following:

- The product is listed on the Federal Acquisitions Regulations Non-available
- The food or food product is not produced or manufactured in the United States in sufficient and reasonably available quantities of a satisfactory quality; or
- Competitive bids reveal the cost of a United States food or food product is significantly higher than the non-domestic product.

The sponsoring authority's appointed officials will ensure that the SFA adheres to Buy American by doing the following:

- Review order request to determine if evidence is present for any items to qualify as exceptions
- Solicitations, RFPs, IFPs or other requests will include the Buy American information so offerors include pertinent information
- Provide training about the Buy American requirement and exceptions to staff who handle or oversee these tasks

SFA Specific Requirements:

If an SFA has additional requirements or expectations beyond what is federally required, they may add them here. SFA requirements **must** follow federal and state regulation and may not contradict either federal or state regulation.

- No additional requirements or expectations.
