Minnesota Comprehensive Assessment Information

At LILA, we are committed to providing our students with personalized learning experiences. To best achieve this, we regularly assess students' growth. Various classroom and standardized assessments aid teachers in providing for individual instructional needs and identifying class trends. We strive to consider the whole picture when serving our students. Having multiple types of assessments helps provide a fuller picture of each student's needs.

Parents and guardians do have the right to request their student(s) not participate in the scheduled standardized Minnesota Comprehensive Assessment (MCA). If you wish your child not to take one or more of the planned assessments, please make sure you understand the role of the assessment and complete the appropriate form.

Why is the assessment administered?	• Federally mandated • Shows school and district accountability • Provides LILA and families with measurable data concerning student progress
How are the results used?	• Report student progress toward Minnesota's academic standards • Provides a state-wide comparison • May be used by LILA as one point of identifying students who would benefit from further intervention
When are results available?	• Official results released in August • Families will be sent results by the following December after spring testing
What is the impact of not participating in the assessment?	• The school/district will be regarded as under-performing as untested students are not considered "proficient" for federal calculations of Adequate Yearly Progress.

Statewide Assessments:
Parent/Guardian Participation Guide and Refusal Information

Your student's participation in statewide assessments is important as it allows your school and district to ensure all students have access to a high-quality education. In the past, students with disabilities and English learners were often excluded from statewide assessments. By requiring that all students take statewide assessments, schools and teachers have more information to see how all students are doing. This helps schools to continuously improve the education they provide and to identify groups, grades, or subjects that may need additional support.

Assessments Connect to Standards

Statewide assessments are based on the Minnesota Academic Standards or the WIDA English Language Development Standards. These standards define the knowledge and skills students should be learning in K–12 districts and charter schools. Minnesota prioritizes high-quality education and statewide assessments give educators and leaders an opportunity to evaluate student and school success.

Minnesota Comprehensive Assessments (MCA)
MCA and the alternate assessments (Minnesota Test of Academic Skills (MTAS)/Alternate MCA) are the annual assessments in reading, mathematics and science that measure a snapshot of student learning of the Minnesota K–12 Academic Standards.

WIDA ACCESS and WIDA Alternate ACCESS for English Learners
The WIDA ACCESS and WIDA Alternate ACCESS are the annual assessments for English learners that provide information about their progress in learning academic English, based on the WIDA English Language Development Standards.

Statewide Assessments Help Families and Students

Participating in statewide assessments gives families a snapshot of their student's learning so they can advocate for their success in school. High school students can use MCA results for:

- Postsecondary Enrollment Options (PSEO) in grade 10.
- Course placement at a Minnesota State college or university. If students receive a college-ready score, they may not need to take a remedial, noncredit course for that subject.

English learners who take the WIDA ACCESS or WIDA Alternate ACCESS and meet certain requirements have the opportunity to exit from English learner programs.

Taking Statewide Assessments Helps Your Student's School

Statewide assessments provide information to your school and district about how all students are engaging with the content they learn in school. This information helps:

- Educators evaluate their instructional materials.
- Schools and districts identify inequities between groups, explore root causes and implement supports.
- School and district leaders make decisions on how to use money and resources to support all students.

Student Participation in Statewide Assessments

Student participation in state and locally required assessments is a parent/guardian choice. If you choose to have your student not participate in a statewide assessment, please provide a reason for your decision on the form on the following page. Contact your student's school to learn more about locally required assessments.

Updated March 2025

Consequences of Not Participating in Statewide Assessments

- The student will not receive an individual score. For WIDA ACCESS and WIDA Alternate ACCESS, the student will not have the opportunity to exit their English learner program.
- School and district assessment results will be incomplete, making it more difficult to have an accurate picture of student learning.
- Since all eligible students are included in some calculations even when they do not participate, school and district accountability results are impacted. This may affect the school's ability to be identified for support or recognized for success.

Check with your local school or district to see if there are any additional consequences for not participating.

Explore the Statewide Testing page for more information.

(education.mn.gov > Students and Families > Programs and Initiatives > Statewide Testing)

Additional Information

- On average, students spend less than 1% of instructional time taking statewide assessments each year.
- Minnesota statutes limit the total amount of time students can spend taking other district- or school-wide assessments to 11 hours or less each school year, depending on the grade.
- School districts and charter schools are required to publish an assessment calendar on their website by the October 1 each school year. Refer to your district or charter school's website for more information on assessments.

Statewide Assessments: Parent/Guardian Decision Not to Participate

By completing this form, you are acknowledging that your student will not participate in statewide assessments and will not receive individual assessment results. This form must be submitted to your student's school or district office prior to testing.

First Name: _____ Middle Initial: _____ Last Name: _____

Date of Birth: _____ Current Grade in School: ____ Student ID Number (if known): _____

School: _____ District: _____

Parent/Guardian Name (print): _____

Parent/Guardian Signature: _____ Date: _____

Reason for Refusal: _____

Please indicate the statewide assessment(s) you are opting your student out of this school year:

☐ Reading MCA/Alternate MCA ☐ Science MCA/Alternate MCA

☐ Mathematics MCA/MTAS ☐ WIDA ACCESS/WIDA Alternate ACCESS

Contact your school or district for more information on how to opt out of local assessments.

(Note: This form is only applicable for the 20____ to 20 ____ school year.)
