PINE PLAINS RACING

Building vision. Solving problems. Inspiring Community.

Hello! I am part of the newly formed Pine Plains Racing team, which is a racing organization at Pine Plains Central School District. This is our first year being part of the program which is called Winners Circle Project. As part of the program, we are tasked with building a Factory Five Mark 5 Roadster (Shelby Cobra replica), as well as marketing and promoting the car throughout our local community. Our car, as well as the six other cars from surrounding school districts will race against each other at Lime Rock Racetrack in May to decide who the champion team will be for the 2025-26 school year!

We are reaching out to see if you would like to support our race team by donating and becoming a sponsor of this exciting program. There are many options for support. Please see the included information on the available sponsor packages.

Thank you in advance for your support. Please contact us at pineplainswcp@gmail.com and j.blackburn@ppcsd.org with any questions.

Sincerely,

Pine Plains Racing
