

## Dec 10, 2025 | SHAC Meeting II

Attendees: Tonya Drake, Amy Hodges, Charlotte Hussey, Lindsey Heise, Dominic Fraire, Jennifer Chaffin, Brittany Shiller, Mandy Tucker, Jo Moses, Willow Dorsey, Kathryn Sniggs, Amanda McKillop, Liz Hodges, Cindy Mauldin

### Notes

- District School Physical Night- TBD but preference is May
  - Look into bringing in Baseline Concussion Testing for students participating in soccer, cheer, and football
  - Touch base with HOSA and Texas A&M about assisting
  - Cost would be \$20 to \$25 per physical depending on cost of goods and paying for outside staff (doctors)
  - Reviewed having someone come in to offer an EKG assessment during physical night
    - Cody Stephens Foundation Heart Screening Program- provided for students age 11-24
    - Cost would be \$20 per person
    - Look into ideas about accepting donations/sponsorship for students who would like this service but are not able to pay the extra fee
    - Discussed adding a section for parents to indicate that they are interested in having their student have an EKG at the physical night
    - Discussed also surveying parents in early Spring about if this is a service they are interested in. Based on input, this could determine if this is a service that is needed and wanted by parent
    - What are the steps the district is taking for a student who fails an EKG? Will there be an obligation to the district if a student fails and the parent doesn't follow through with care?
    - Get feedback from other districts who have run this program
    - SHAC Committee will make a decision on how to proceed at the next meeting
  -

### Action items

- Meeting III- March 12, 2026
- Meeting IV- April 15, 2026
