MTSS Update: Our staff PD on adult and student regulation. We have decided to focus on proximity, Pax quiet, Specific praise, Pax voice levels as strategies that would give us the biggest bang schoolwide. We are implementing the coaching model of I do, we do, we do, you do model. The MTSS team will be modeling (I do) these strategies in PD and practicing them with each other using our monitoring tool.

Nov 2025

We've had a busy few weeks with a costume parade, Halloween parties, trunk or treat and conferences. Things aren't slowing down with our school wide field trip, VIP day, winter wonderland and a dress up week ahead.

This month we are focusing on thankfulness and gratitude. In SEL students have had the opportunity to write letters and cards to teachers, family and friends as well as write poems about gratitude.

Trunk or treat was well attended and loved seeing all the families come by. We had a handful of staff members, as well as a few families hosting trunks. The kids left with lots of candy and it only started raining at the end.

Conferences were a success. Teachers were able to meet with 91% of families so far, with more being scheduled this week for families who couldn't attend. Mrs. Vance, Mrs. Patt and Mrs. Nauman was able to support teachers and joined a few conferences.

We are gearing up for our whole school field trip to the OSU basketball game next Tuesday 11/18. This is an attendance incentive for the students. We are at 94% for the average number of students at school each day. Our goal was 92% for the field trip. [Flyer](#)

We will have a dress up week for students and staff next week, leading up to break. [Flyer](#)
Our VIP day is next Friday and I invite you to come and join us. Middle school and High school leadership students will be helping serve food and sit with students. [Flyer](#)

Our PTO has partnered with Langers Entertainment Center on Monday 11/24, for Make a Difference Monday. All proceeds from bowling will go to our PTO! [Flyer](#)

I'm so thankful for all the work my staff is doing to build connections with students and families.

Warmly,
Mrs. Bishop

Board Update Date: November 10, 2025

- I'm told the newsletter is getting mailed Wednesday. We are very frustrated with how the roll out has been this year. We are making changes to our production and logistics that will hopefully be more efficient.
- The new InTouch software implementation is in progress. Training have been ongoing.
- State Budget Reduction Exercise:
 - *Over the past several weeks, the Oregon Department of Education (ODE) has engaged in required statewide budget planning. On October 1, the Legislative Fiscal Office asked all state agencies to develop 2.5% and 5% reduction options for the legislature to consider. This is part of information gathering efforts the legislature needs to do in advance of the 2026 legislative session, and it is not uncommon for agencies to be asked to complete this type of exercise. ODE submitted budget options to the Legislative Fiscal Office on November 3.*

ODE has approached this work with care and transparency, focusing on fiscal responsibility and the continued support of programs that most directly serve Oregon's learners. Our goal is to ensure that any decision the legislature makes takes into account the stability for students and educators across the state that fosters future student success.

Context and Purpose

It is important to note that this is a required process designed to shape financial options for the Legislature to consider during the 2026 session; no cuts are being made at this time. The Legislature will ultimately decide if and how reductions are made.

- At this time we are being told mid-year cuts are unlikely. However, we should plan on cuts for the second half of the biennium, 2.5% - 5%, which is the 26-27 school year. We also know that there will be significant budgetary concerns in the next biennium. Our PERS obligations will kick in and there is some concern that we will be impacted earlier than expected. The silver lining is that projections show enrollment to tick up in 2027.
