

HHES ACADEMY

Our HHES Academy is focused on preparing students who are interested in pursuing careers in Health, Human, and Educational Services.

PATHWAYS

- Education (Early Childhood, Early Adolescent)
- Health Sciences
- Human Services

EXPERIENCES

- College or Career Field Trip
- Graduation Portfolio
- Guest Speakers
- Practice Interviews
- Resume Writing

"I love being a part of the HHES Academy because of the constant support provided by our teachers and administration. I enjoy having the same peers in similar classes within my Academy. Having career-related classes and opportunities, especially for students who are interested in the medical field, is an added bonus. HHES makes me feel prepared for my career and ready to pursue it."

- Connie, HHES Student
