Issues Identified

Priorities and Needs

- TK /Audubon Area Services
- Bus Camera System Deficiencies
- BusZone (Zonar) App Limitations
- Maintenance and Safety Transparency
- Need for Bus Monitors
- Communication Protocol Improvements
- HVAC / Rider Comfort Concerns

Continuous Improvement

Resolutions / Work in Progress

- TK /Audubon Area Services
 - ❖ Logistical Adjustment implemented effective October 27 improved TK Late Start Students pickup from Audubon Area ✓
- Bus Camera System Deficiencies
 - ❖ Signage implemented for camera recording ✓
 - ❖ Exploring cloud-based camera upgrades

Continuous Improvement

Resolutions / Work in Progress

- BusZone (Zonar) App Deficiencies
 - ❖ Durham to pilot with Samsara Fleet Management implementation starting 2026
 - ❖ District piloting with Verizon Connect fleet tracking in District vehicle. Potential backup.
- Maintenance and Safety Logs Transparency
 - ❖ Drivers are School Pupil Activity Bus (SPAB) certified and trained on all safety protocols including compliance with California Vehicle Code CVC 34501.6 (Foggy Day/Reduced Visibility) ✓
 - ❖ CHP Inspection Reports (annual) and Durham Maintenance Logs (monthly/ quarterly) have been posted on the District Transportation website ✓

Continuous Improvement

Resolutions / Work in Progress

- Need for Bus Monitors
 - ❖ District exploring hiring a onboard school bus monitor who will rotate on routes throughout the day/week
- Communication Protocols
 - ❖ Incident / Delay messaging protocols and communication shared with Durham, District and Site Administrators. ParentSquare messaging system designated as the primary communication system with parents ✓
- Bus Rider Comfort
 - ❖ All Buses are HVAC equipped. Preventive maintenance occurs; malfunctions addressed promptly ✓

Continuous Improvement ~ Every Student, Every Day ~ Relationships Matter
