12/17	12/18	12/19	12/22	12/23

Dear Greenville Families,

It was a pleasure seeing so many families in the school this week for parent-teacher conferences and our K-2 Winter Concert. We hope you found your parent-teacher conference meaningful and helpful. Our teachers shared positive feedback about the conferences, and we hope you feel the same. We are sending this week's communication early to help prepare you for the release of report cards later today at 4:00 PM for all students in first through sixth grades. If you do not have your login for Infinite Campus, please contact Brent Kammerer at bkammerer@edgemont.org.

Spirit Week Begins Next Week!

Next week all Greenville students and staff are invited to participate in Spirit Week. Click [here](#) to see the schedule of days.

Outside Attire: As the weather gets colder, we will continue to go outside each day unless it is too cold or rainy. Please send your children to school with a coat and closed shoes during the winter months so that they are comfortable when they go outside. Children will only be permitted to play in the snow if they have waterproof clothing.

Inclusive Schools Week- This week, Greenville celebrated Inclusive Schools Week, honoring this year's national theme:

“Children First: Building a Stronger Tomorrow.” Classrooms engaged in discussions and activities centered on what inclusion looks and feels like in our school community. As part of our schoolwide project, each class designed a “quilt square” that reflected ideas of belonging, kindness, and appreciation for one another's strengths. These pieces will be assembled into our Greenville Inclusion Quilt. The quilt symbolizes our shared commitment to ensuring that every child feels seen, valued, and supported.

Thank you to the families who joined us for our Bar Models Parent Chat. Ms. Weldon explained how bar models help students visualize mathematical relationships, build deeper conceptual understanding, and make sense of multi-step problems. Families had the opportunity to see how bar models develop across the grade levels and how this tool supports the transition from concrete strategies to more abstract reasoning. We appreciate your partnership and hope the session provided helpful insight into your child's math learning. Click [here](#) to view her presentation.

Once again, beginning in the new calendar year, we will be transitioning away from our traditional weekly message. Our focus will be to share timely and pertinent information whenever necessary.

Mark Your Calendars

- December 24th – January 3rd - No School – Winter Break (School reopens January 5, 2026)
- January 19, 2026 - No School- Martin Luther King Jr. Day
- February 16th -February 20th - No School - Mid Winter Recess
