# Safety is Our #1 Priority

- **BEFORE HIRE:** Exhaustive pre-hire vetting (FBI & BCI background checks, sex offender & abuse/neglect registry checks, past employment verification, reference checks)
- **PROCEDURES:** Every procedure (check-in/out, attendance, transitions) is focused on ensuring student safety
- **PARTNERSHIP:** We partner closely with District on school safety procedures (emergency plans, lock-down drills, etc.) and communicate proactively
- **PRACTICE:** Our Managers focus continuously on safety (live training, drills, quality checks)

## RIGHT CLUB

### Curriculum Calendar

#### 1 Community Connections

Nothing brings a group of people together like a collection of exciting team challenges! We'll build our Right Club community and meet new friends, as we test our minds and bodies, but most of all have FUN!

Durable Skills

#### 2 Motion Commotion

Like every great community, Right Club thrives because we care about each other and work towards common goals. Building a strong social foundation based on mutual respect creates a healthy environment that encourages exploration, creativity, and growth. When we connect with others, there's no telling what we can accomplish!

Physical Science

#### 3 Right Club Gives Back

Sometimes people in our community need help. But what can kids do? A lot! We'll find out just how much by creating our own service projects to make our school, town, and world a better place.

Durable Skills

#### 4 Brickmasters

Put on your hard hat. It's time to hit the construction site! We'll put our engineering expertise to the test to see how you "stock" up against friends. Get ready to build silly structures and ingenious inventions brick-by-brick.

Engineering

#### 5 DIY Doozies

Calling all makers and creators! This collection of challenging and fun activities will stretch your resourcefulness to the limit, while showing you some new tricks of the Do-It-Yourself trade. You'll be surprised what you are capable of creating with a little imagination and a can-do spirit!

Engineering

#### 6 Earth's Oddest Animals

The animal kingdom includes more than bunnies and kittens. It's time to show the bobbit worm and ninja lanternshark a little love, too! We'll take a look at some of these under appreciated creatures, their amazing abilities, and the curious things they do to survive.

Life Sciences

## A Year in the Life of a RAS Student:

- Critical Thinking
- Social-Emotional Learning
- Collaboration
- Problem-Solving
- Voice & Choice
- Kinesthetic
- ...and much more

Every day, we  
provide community,  
choice & FUN!
